## BOY SHOT BY SWEETHEART CLEARS HER

San Jose Authorities Will Not Prosecute 14-Year-Old Girl After Youth Declares Shooting Accident

'Oh, Please Bring Him Back to Me,' She Weeps While Lad Fights for Life With Small Chance of Winning

SAN JOSE, April 21.—Absolving his 14-year-old sweetheart from blame, Harold 'alloway' is dying at the Red Cross hospital in San Jose and Irene Granstedt, the girl who shot him in an attempt to 'pluff' him, will not be prosecuted by the San Jose authorities, who are still holding her.

'It was purely an accident,' said the Santa Clara county district attorney in a dying statement. 'The gun went off when I tried to wrest it from her hand. She did not mean to shoot. Please don't blame her.'

Meanwhile the attending doctors said that person who had set in and there is small hope for the recovery of the youth, who at 17 years of age is at death's door resultant of a bullet that pierced his intestines in eleven places.

'OH, PLEASE BRING HIM BACK TO ME,' SHE CRIES.

In the detention room of the juvenile court in San Jose the girl who shot her sweetheart following a childish quarrel on Monday night refuses to be consoled. She spent a sleepless night punctuated by cries:

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

Last night the girl was visited by her parents, Mr. and Mrs. T. Granstedt of Mountain View, where the shooting took place. They had little to say in comment on their daughter's action.

'I gave her too much love,' said Mrs. Granstedt, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

'Oh, please, bring him back to me again,' she cried, and then she took the child into her arms in an attempt to stop the flow of tears.

## THREE MINUTE TALES

By Ad Schuster  
A BROTHER'S MONEY

MARTIN EARLY, in his room at the Meadville House, packed his most necessary belongings in a suitcase, lowered it out of a window on a rope, and descended to the lobby.

'Hello George,' he said to the night clerk, 'guess I'll go out for a little walk before turning in.' The room on the second floor, which had been his for years, never saw him again.

On a train headed west Martin had alternated between nervousness and abstraction. He was making his escape and planning his future.

'They aren't going to stir a big fuss for \$500,' he thought. 'Not after I've served them eight years. Conway will speak up for me and they'll do what he says.'

As the train moved farther from Meadville he became more depressed than when he had been a figure in the town he was leaving, treasurer of the lodge and mentioned for the state legislature.

It was going to be hard to start in all over again. He reviewed the years of his life, the hours when he had given up to fear and packed his suitcase.

'I was a fool to dig out. Conway had as much to do with the money as I did and he'd have to explain it. If only I could sue a coward!' He thought of the placid Conway, inane chairman of the lodge, of his plausible manner and the regard in which he was held.

'There isn't a person in Meadville who would think Lloyd Conway was a thief,' Early's mind was registering again the alternating impulses which had led him to the decision to flee rather than face a prosecution.

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

'I can't let him die. I can't. I loved him and he loved me. Oh please, bring him back to me again.'

## RUSSIA WILL PAY DEBT IF RECOGNIZED

Soviets to Assume Responsibility for War and Pre-War Credits, But Demand Loan, Resumed Relations

Parley Proposed for Mutual Concessions on Property Rights; Germans Agree to Ejection From Discussion

PARIS, April 21.—(By International News Service.)—The French general staff is making plans to occupy the Ruhr district alone if the British are unwilling to participate, according to the newspaper L'Ouvre, commenting upon the Russo-German treaty.

All of the newspapers continued to comment in a warlike tone. A report given considerable prominence had it that the French program is to have a Franco-British pact guaranteeing the Polish border.

GENOA, April 21.—(By the Associated Press.)—An English spokesman for the British delegation to recognize both Russia and war debts, including those of the Russian and Kerensky governments, and to discuss property rights of foreigners within her borders. In exchange for this she demands de jure recognition and a loan.

This is the official reply of the soviet delegation, presented to the allies late this afternoon. The political commissars of the Genoa conference, to whom this reply was presented, accepted it as a 'very hopeful basis for resumption of its discussions.'

A committee of experts has been appointed to consider the Russian note. The main conditions upon which Russia will comply with the terms laid down by allied experts are three:

1—De jure recognition of the soviet government by the allies.

2—Immediate financial assistance from the allies in the shape of a large loan.

3—Agreement as to 'writing down' the war debts with certain counter claims and postponing payments.

The Russian reply covered twenty typewritten pages and many of its arguments qualify considerably the general acceptance outlined in its first half page.

DEBT TERMS MUST STAND, REPLY INSISTS.

The reply stated very definitely Russia would recognize the Kerensky debts only upon the condition that the soviet government was afforded the official recognition granted its predecessors.

Unless Russia is officially accepted as a sovereign state it cannot be responsible for past debts, the note said.

One of the most important tentative concessions made by the soviet delegation was that concerning property rights in Russia. The Russian note suggested that this could be discussed by the political commission and a basis worked out for mutual concessions.

Germany's reply to the note of the allies and the little entire note also was delivered today.

The official German reply was evasive. It consented neither to annulment of the Russo-German commercial pact nor to complete withdrawal by the German delegation from the political commission, the most important subdivision of the conference.

However, it agrees to withdraw from further discussions regarding Russia.

GERMANS ENDEAVOR TO SAVE THEIR FACES.

The whole tone of the German reply was mild and conciliatory. It seemed that the German delegation 'should only participate in discussions of the political commission relative to Russia in case their collaboration is especially asked.'

This is considered equivalent to acceptance of the allied demand that the German delegation be contained in Lloyd George's note, but leaves the way open for Germany to take part in other discussions of the commission.

In other words, Germany does not consider she has been barred.

## Manchurian Troops Take Over Peking

PEKING, April 21.—(By the Associated Press.)—The troops of General Chang Tso-Lin, governor of Manchuria, today took possession of Peking and Tientsin, replacing the local police forces of those cities. A transfer of authority was devoid of incident.

PEKING, April 21.—(By International News Service.)—Railway communication between Peking and Shanghai has been cut and it is reliably reported here today that armed conflict between the rival war lords—Chang Tso-Lin and Wu Pei-fu—for control of North-China is under way.

## Cockroach Radio Tuned to Tumble Bug Broadcasting

HARRISBURG, Pa., April 21.—(By the Associated Press.)—The troublesome cockroach is a radio 'fan' and communicates by wireless with his brothers and sisters, Howard Zimmerman of Harrisburg, a sergeant-major in the Pennsylvania National Guard, believes; and he seeks to prove it through experiments, the results of which were made public today.

'I have found in my experimental work,' he asserted, 'that a cockroach has a wave length of between half and one inch and with a very low frequency.'

'The tumble bug and moth are also endowed with radio power, while beetles show only slight indications of wireless aptitude.'

In a bug-infested barracks in Harrisburg, under the direction of Captain Armstrong of the Fifth division, signal corps, with which Sergeant Zimmerman was serving shortly after the armistice, the discovery came in the natural order of events.

'We were having night radio school and were working on the shortest possible wave length,' the sergeant explained. 'The sets were three feet apart on a glass top table.'

'One night, everything was working perfectly when suddenly our tubes began to act queerly. By the flickering light of the candle we located a cockroach between the receiving and transmitting apparatus. We removed him and to our surprise the operation again became normal. This led us to further experiments which established our conclusions.'

## NATIVES TO HAVE GRAND DIRECTOR

New Position Created by the Grand Parlor to Carry a Salary of \$10,000 Year or More; Filled by Choice

Official to Be General Manager of N. S. G. W. Affairs; Cutler Winner in a Hot Contest for 3d Vice

The new office of grand director, carrying a salary upwards of \$10,000 a year, was created today at the closing session of the forty-fifth annual grand parlor, Native Sons of the Golden West. This step, which has been considered by heads of the organization for some time, materialized when a resolution, calling for such action was presented by the board of grand officers and adopted almost unanimously.

No candidate for the new position was named, and it was announced late today that he would probably be selected within a month. The grand director will be appointed by the grand officers. The duties of the grand director, it was pointed out, will be to look after the general welfare of the Native Sons. A definite program will be established later. The grand director will be in charge of membership increase and all public affairs and publicity for the order.

While no salary was mentioned in the resolution, this was specifically left up to the judgment of the grand officers who will select the grand director, and it was said that it would be at least \$10,000 annually.

William J. Hayes, Harry G. Williams of Oakland, a member of Oakland Parlor No. 50, and former grand first vice-president of the organization, was unanimously elected grand president today before the grand parlor adjourned.

William J. Hayes, another Oakland man, was unanimously elected grand first vice-president today before the grand parlor adjourned.

## Presidents---Past and Present

WILLIAM I. TRAEGER (left) of Los Angeles, who today joined the ranks of past grand presidents of the Native Sons of the Golden West, and HARRY WILLIAMS of Oakland (right), who succeeded him as grand president. Williams was elected today.

## BRITISH WIRELESS TAKEN BY REBELS

Irish Republicans Eject Operators; Terrific Battle Is Waged in Dublin.

DUBLIN, April 21.—Irish Republicans have captured the British wireless station at Buncbeg in Donegal. In the north of Ireland, according to a report from Londonderry today.

The British naval men operating the wireless station were reported to have been ejected.

SLIGO, Ireland, April 21.—(By the Associated Press.)—Armed men raided the offices of the Sligo Chamber of Commerce and smashed the type for this week's issue, apparently in order to prevent publication of the newspaper's report of Sunday's meeting, when Arthur Griffith, president of Dail Eireann, delivered an address in favor of the Free State treaty. The raiders tore up ten thousand partly printed copies of the paper but spared the machinery.

By DANIEL O'CONNELL  
International News Service Staff Correspondent.

DUBLIN, April 21.—With the dawn of another day the city of Dublin has passed through another night of terrific fighting between mutinous factions of the republican army and loyalists.

In sporadic street fighting the mutineers attacked Wellington barracks, headquarters of the loyal troops. They were repulsed by the free states after several hours of fighting.

FIVE WOUNDED IN NIGHT BATTLE.

Two republicans and three free states were wounded in attacks on Wellington barracks. The republicans used nearby houses as fortresses. In order to dislodge them the free states used hand grenades freely. There was considerable revolver firing in the streets throughout the night. The republicans presented the bayonets of a threatened outbreak in Mullingar, County Westmeath, was received here today. Free states attempted to wreck barracks held by republican troops. They attacked in a hand-to-hand struggle. The barracks withstood the attack, but the courthouse and other county buildings were taken over and barricaded.

STRIKE CALLED FOR MONDAY.

A new day was present in the muddled Irish situation as a result of the announcement of the labor party of a general strike for fifteen hours Monday in protest against military methods being used by both sides in the present struggle.

The situation now is a deadlock and the prospect is that the entry of the labor party may have some effect in breaking it. Loyal free state troops failed to put down military tactics used by mutineers. The mutineers in turn have been able to make little headway.

SNIPERS SHOOT FROM ROOFS.

BELFAST, April 21.—(By International News Service.)—Snipers perched on roof tops early today attacked detachments of police in the streets of East Belfast. There was lively fighting until an armored car arrived, attacked the houses and dislodged the snipers. One of the snipers was wounded.

LONDON, April 21.—(By International News Service.)—The Cork branch of the Bank of Ireland was raided and robbed early today, according to an Exchange Telegraph report received here.

## Far East Republic Signs Russian Pact

MOSCOW, April 21.—(By the Associated Press.)—A new economic treaty has been concluded between Soviet Russia and the Far Eastern Republic of Siberia, the Chita government, it was learned today. The treaty gives Russia preferred rights to all concessions in the Far Eastern republic and in general accords Russia a great degree of economic control in Far Eastern territory.

## Guatemala Has Heavy Earthquake

SAN SALVADOR, April 21.—Strong earth shocks were felt in Guatemala yesterday. No damage resulted.

## ONE IS DEAD, THREE DYING IN GAS BLAST

Scores of Others Are Badly Injured as 1700 Gallons of Gasoline Are Set Off by Static Electric Charge

Little Town of Downey Near Los Angeles Is Rocked by Explosions in Which Many Horribly Burned

LOS ANGELES, April 21.—One man is dead, three are reported dying and approximately twenty others are in homes and hospitals at Downey and Artesia as a result of three terrific explosions at an automobile gas-filling station at Downey today.

W. Henry died of his injuries a few hours after the explosion, and three others are reported near death.

Thirty telephone and telegraph lines were put out of commission.

LOS ANGELES, April 21.—Twenty-four persons were injured, several perhaps fatally, when 1700 gallons of gasoline exploded at an automobile filling station at Downey today.

Three explosions followed a fire caused when static electricity ignited gasoline being transferred from a big truck to the storage tanks of the filling station.

The fire burned 40 minutes and attracted a large crowd.

BURNING GASOLINE SPATTERS SPECTATORS.

Suddenly the gasoline in the filling station tanks exploded, throwing debris 200 feet in the air and scattering the spectators with burning gasoline. The tanks on the truck and trailer exploded almost simultaneously.

One school boy standing nearby had his clothes burned off and others were horribly burned.

The Veterans' hospital at Downey was soon overcrowded with injured and it was necessary to send several of the victims to a hospital in Artesia.

PARTIAL LIST OF EXPLOSION VICTIMS.

The injured:

W. L. FOLEY, probably fatally, taken to Artesia.

FRANK BOHEIM, school boy.

LESTER WITHERSPOON, son of Constable Witherpoon of Downey.

CLYDE WEIRBACK, rancher, fatally injured.

JOSEPH L. STANCE, rancher, fatally injured.

JOSEPH L. STANCE, rancher, fatally injured.

JOSEPH L. STANCE, rancher, fatally injured.

JOSEPH L. STANCE, rancher, fatally injured.

JOSEPH L. STANCE, rancher, fatally injured.

## BOY CLEARS GIRL WHO SHOT HIM IN FIGHT FOR PISTOL

Youth Who Has Only Slender Chance for Life Takes Blame for Deed.

(Continued from Page One)

tried not to let anybody see how it hurt.

"That night of the accident I went and borrowed Curtis Morgan's gun. I don't know what I thought I wanted it for, but I never meant to hurt Harold with it.

STARTS WITH GUN FOR BUSTER'S HOUSE.

"After I got the gun I started for Buster's house. Buster is a young friend of mine who lives a mile and a half in the country out of Mountain View.

"Maybe I thought I wanted the gun because it was handsome and that way, and I was afraid. I don't know. I don't know what I thought. Everything is all mixed up. I was so unhappy.

"Then I started back toward the parish house. There was a party there but I had not gone. The party wasn't over yet so I waited for a while. Then Harold came out and walked down the street toward me. I wanted to make up

## Rome Reds Urge Soviets to Snub King Emmanuel

GENOA, April 21.—(By the Associated Press).—King Victor Emmanuel of Italy will arrive in Genoa tomorrow to visit the conference. He will receive the authorities at the prefect's palace and give a luncheon aboard the dreadnaught Dante to which all the delegates have been invited.

It is not known whether the Russian delegates have accepted the invitation to the luncheon, which has created a delicate position for them. Italian communists are urging them to abstain from meeting the king, maintaining this would produce a bad impression among the Italian communist masses, which conceive communism as anti-monarchical.

and I didn't want to speak first. I didn't know what I wanted. I didn't know what I wanted.

BOY'S FRIENDLY OFFER WAS SPURNED BY GIRL.

"He saw me and said, 'What's the use of fighting anymore. Let's be friends.' I said, 'No, I'm not good enough to speak to at school and I'm not good enough to be friends.' Then he came closer. I had the gun in my hands. He dared me to shoot and it went off.

After the shooting the girl called friends to help her and then ran home. She did not tell her parents of the accident, and it was not until early the next morning that she was taken into custody by the San Jose authorities.

According to the physicians at the San Mateo hospital, it will require twenty-four hours for Gallway's light for life. If he holds out for that period he has a good chance for recovery.

## Phelan Urged to Run for Governor

BERKELEY, April 21.—The candidacy of former United States senator James D. Phelan for the governorship of California was boosted last night at a meeting of the Berkeley Democratic Club held last night at the Hotel Whitecotton with H. W. Bump, president.

The club unanimously went on record, urging the former senator to enter the race.

Officers for the coming year were elected as follows: President, E. A. Martin, first vice-president, Mrs. L. E. Klyce; second vice-president, Miss Anna Knox; secretary, James H. Sewell; treasurer, Joseph Park. J. O. Davis, former collector of the port in San Francisco, announced the present administration while Mrs. Charles L. Donohoe, national Democratic committee woman for California, told of the accomplishments of the Wilson administration.

Miss Hammond of the Wilson Club of the University gave a prize oration on the former president.

## Portuguese Airmen Reach Brazil on Ship

BUENOS AIRES, April 21.—The Portuguese flyers, whose attempt to cross the Atlantic in their Fairey hydro-airplane, was halted at St. Paul's Rocks, arrived at Fernando Noronha, 300 miles from Pernambuco, Brazil, today, aboard the cruiser Republica.

They said to be decorated for their flight attempt, which carried them farther across the Atlantic from Europe towards South America than any airmen previously have flown.

## Mecklenburg's Grand Duchess Seriously Ill

AMSTERDAM, April 21.—The grand duchess of Mecklenburg is seriously ill, according to news today.

## Rebel Attempt to Raid Gunboat Fails

KINGSTON, April 21 (By International News Service).—Mutineers today failed in an attempt to seize gunboats on board the gunboat Helga stationed in the harbor here.

## RUSS RECOGNIZE ALL DEBT; BERLIN ACCEPTS PENALTY

Soviets' Conditions Given to Allies; Teutons Agree to Expulsion.

(Continued from Page 1)

from the deliberations of the conference acceptor as they concern Russia. This is merely a saving of her face, however, as Russia is at present the chief and only concern of the principal commission of the conference.

The reply emphasized the fact that Germany was still interested in all questions before the conference not relating to treaties with Russia or to the Russo-German pact itself.

WANT RAPALLO TREATY EMBODIED IN AGREEMENT.

The Germans promise full cooperation at the Genoa conference and suggested that their treaty with Russia be embodied in the general allied-Russian agreement.

They suggest the Russo-German pact does not affect the relations or treaties of other states with Russia. A better feeling permeated Genoa today as a result of Lloyd George's optimism, the conciliatory German reply and evidence on the part of the Russians to make their reply acceptable.

## FRANCE AND NEUTRALS ARE STILL DISSATISFIED.

While the allies and nation members of the political commission consider the German reply, two outside issues arise.

1—France, dissatisfied with the German reply and the measure of punishment (banishment from political discussions regarding Russia) meted out by Lloyd George and accepted by the German delegation, still wants to annul the Russo-German pact.

2—The "neutrals"—those countries, headed by Sweden and Spain, which are not unfavorably inclined toward Germany, still insist the allies and the "little entente" had no right to bar Germany from the principal discussions of the political commission.

## ACTION ON TREATY DEFENDED BY TEUTONS.

GENOA, April 21.—(By the Associated Press).—The German reply to the allied ultimatum accepts the condition that the German delegates be barred from participating in the further discussions of the Russian question by the Genoa conference, the Russo-German treaty signed at Rapallo being allowed to stand.

The German note is longer than that from the allies, and begins by acknowledging "with painful surprise" the protest received, which is considered undeserved. The note then repeats what Dr. Rathenau, German foreign minister, has stated on several occasions—that negotiations for the conclusion of the Russo-German treaty had begun long ago, were known to have been in progress by all the European governments, and had lately been suspended out of deference to the conference.

## SECRET ACTION BY ALLIED CHIEFS FEARED.

But the "exclusion" of Germany from the negotiations held by the allies with the Russians at the Villa de Albertis gave to the German delegation the impression that the allies were trying to conclude arrangements with the Soviet government without German participation, perhaps to Germany's detriment.

At a certain moment, perhaps through misunderstanding, the German delegation received the impression that the allies were about to conclude an agreement with the Russians, therefore the Russo-German negotiations were resumed, and resulted in the signing of the treaty at Rapallo Easter Sunday.

The German delegation believes that this treaty does not violate the spirit of the conference, and indeed contributes to its supreme

## Genoa Delegates Now Watch Each Other Like Cats

GENOA, April 21.—(By the Associated Press).—The Genoa conference has reached a stage where several of the delegations appear highly distrustful of one another, and the delegates now are concentrated in the heart of the city where they can watch one another closely.

Prominent members of the small delegations which were scattered along the Mediterranean coast from here to Rapallo packed their bags overnight, abandoned their luxurious villas and settled in small rooms they could find along Genoa's main street leading to the conference hall.

Here it is possible to see everyone passing toward the English and French headquarters, as well as to the conference sessions, and to the audiences to newspapermen in the Casa Della Stampa University.

aim—pacification of the world and the reconstruction of Europe.

## MUTUAL RENUNCIATION OF WAR CLAIMS URGED.

GENOA, April 21.—(By International News Service).—In a lengthy memorandum, supplementing its answer to the allied demands, the Russian delegation late this afternoon declared that Russia "is prepared to agree to a mutual renunciation of all war damages."

"The Soviet, economic, executive and judicial reforms offer more than sufficient guarantees to foreign capital."

The memorandum recounted at length the interventions in Russia with resultant losses to Soviet Russia.

## Recognition by U. S. Regarded as Close

By GEORGE R. HOLMES, International News Service Staff Correspondent.

WASHINGTON, April 21.—Recognition of the Soviet government of Russia by the United States in one form or another, is nearer today than it has ever been.

This statement reflects the views not only of those who have consistently advocated such an American policy, but also of those who have been most pronounced in their opposition to the Moscow soviet and all its works.

While no responsible administration official would hazard publicly a prediction today of how soon such an event will take place, it was nevertheless admitted privately that the United States has been brought to the very verge of recognition by the swift moving chain of events in the past few weeks.

Two developments have collaborated to bring about this situation: 1—The Genoa conference is looked on as virtually certain to bring forth some form of recognition of Russia by the principal powers.

2—The report brought back to President Harding by ex-Governor James P. Goodrich, of Indiana, which gave the Moscow crowd a clearer bill of health than anything out of Russia in months.

## Death Reaps Great Harvest in Russia

PARIS, April 21 (By the Associated Press).—Russia's population is dying at such an appalling rate, declared reports received today by American relief agencies in Paris, that the doctors are unable to cope with the situation. In many cases, the reports said, physicians and nurses are succumbing to impoverishment and overwork and pedestrians are dying in the streets daily.

The situation is assuming grave proportions. The spring thaw is causing rivers and other water sources to become polluted with bacilli.

Moscow headquarters of the American relief administration today telegraphed an urgent request to the American Red Cross in Paris to ship immediately 4,000,000 doses of vaccine to combat cholera, typhoid and paratyphoid.

## ENCINAL WOODMEN DANCE.

ALAMEDA, April 21.—A dance will be given by Encinal Camp, Woodmen of the World, next Tuesday evening, at the Alameda Improvement club hall, Webster street, near Lincoln avenue. The committee in charge of the dance promises a number of novelties.

## WOMAN HIT BY AUTO DIES.

LONG BEACH, Cal., April 21.—Mrs. O. A. Johnson, age 43, of Loma Linda, Cal., a former resident of Long Beach, died at a local hospital last night as the result of injuries received when she was struck by an automobile yesterday afternoon.

## SPRING FEVER HARD ON CHILDREN'S CLOTHES

"Yes, Mrs. Coburn, I am completely discouraged. I simply can't keep my children in decent clothes. All this lovely spring weather is making both the children so peppy that they are rushing around wildly, wearing out their clothes that I thought would last them a long while yet."

"Well, mine are about the same way. All in high school now and doesn't seem to be growing much any more, but she is such a tomboy. She plays tennis by the hour and seems to tear out her sleeves and get her skirts snagged. Then she went on a picnic out to Diamond Canyon with a lot of girls last week and nearly ruined a dress that I thought would do her a long time. I had to get her several new things just this week."

"That's all very well. But we hadn't planned on spending any more money on the children's clothes right now and it is going to cost a good deal to get them both new outfits. James is worse than his sister at going right through his clothes."

"Go to Cherry's and get the children some clothes on credit. They have very good quality clothes for both misses and boys and you can make convenient arrangements for payment down and monthly payments. The store for misses and women is at 515 12th street; the store for boys and men at 523 13th street."

## CHRIS BUCKLEY, BLIND EX-BOSS OF POLITICS, DIES

Former Democratic Czar Had Ward System Unrivaled in History.

SAN FRANCISCO, April 21.—Chris Buckley, erstwhile czar of things political in this city, is dead, and in his passing has gone one of the most picturesque figures in the political history of the city.

Buckley died early this morning at his home, 2220 Clay street, following a brief illness. He was 77 years of age and volumes have been written of his machinations in the early days of San Francisco, when he gained the name of the "blind boss."

Funeral services will be held on Monday morning. The cortege will leave the Buckley residence at 9 o'clock and proceed to St. Dominic's church, where a solemn requiem high mass will be celebrated. Interment will be at Holy Cross cemetery.

The politician whose word was law 40 years ago lost his place in the political history of the city on the election of James Phelan to the office of mayor. This election sounded the official deathknell of the "boss."

WARD SYSTEM UNRIVALED. Prior to that time he had built up a ward system said by historians to be unrivaled in the political history of any municipality in the country. He had direct charge over every appointment, from the smallest to the greatest, and ruled with an iron hand.

Buckley lost his sight when he was 27 years of age, following an attack of nervous prostration. The optic nerve died during his two years' illness, and although he spent nearly two years in Europe he could not regain his sight.

It was after he lost his vision that Buckley entered on his political career, which continued for 20 years. In 1893, after an unsuccessful attempt was made by his friends to re-establish him, and following this, he spent several years

abroad, and on his return settled himself in retirement.

For the past 20 years he has resided, for a time each year, in the town of Livermore, at his country home, where he has figured prominently in charity. It is said in Livermore that no one was ever refused a helping hand by the aged boss.

WIFE AND SON AT BEDSIDE. At the bedside of the political boss during his illness were his only relatives, Mrs. Anna Maria Buckley, the widow, and his son, Christopher A. Buckley Jr., an attorney of San Francisco.

Buckley's career is a story of an indomitable will arrayed against an unkindly fate. He was born in County Clare, Ireland, in 1845, and came to San Francisco with his father, John Buckley, as a youth. The elder Buckley became a mining engineer in California, and also mastered building construction. He later was called to New York to lay the foundation of St. Patrick's Cathedral. His son started out as a bookkeeper. He became interested in politics, joining the Democratic party.

HELD SWAY 18 YEARS. For 18 years Buckley held sway, until, in 1890, the Republican party swept the State. It seemed that the "blind boss" had passed, and he

went to Europe, remaining several years. Yet, when he returned here in 1893, his cohorts once more rallied about him, and again the Democratic party gained the State and city.

After that he said, "I've finished my work," and retired.

A politician of the old school, he fought relentlessly, if futilely, against such innovations as the direct primary. For years he was proprietor of the Snug Cafe, a famous hang-out dating back to Bonanza days, where his first job had been as a helper, in 1862.

TAXES DUE. ALAMEDA, April 21.—Taxes became delinquent Monday night at 6 o'clock, according to announcement of City Clerk William Varcoe. After that date the city tax collector and assessor will have charge of the situation and the penalizing of delinquents.

**\$1,460,871 FOR ROADS.**  
SAN BERNARDINO, April 21.—Advice that Secretary Wallace of the department of agriculture has formally approved the apportionment of federal money on California forest reserve roads has been received here from Congressman Swing. Total of \$1,460,871 is provided. The new Bear Valley cutoff, in the San Bernardino mountains, is included for \$168,000 and the State of California will provide an additional \$102,000.

## YOUTHS CONFESS FOUR ROBBERIES IN BERKELEY, S.F.

Thomas G. Ashton, 20, Was in Trouble Before, Say Police.

BERKELEY, April 21.—Confessing to one Berkeley robbery and three in San Francisco, Thomas G. Ashton, 20, and Leland Brown, who gives his age as 18, are being held by the Berkeley police today for investigation in connection with other robberies about the bay. Both youths are magazine solicitors and recently came to Berkeley from Seattle. Ashton, a customer with them, was Ashton's 17-year-old wife, a bride of three months, and a young woman who is declared to have been posing as Brown's wife. Both of the young women released three months ago after confession of the youths. Ashton and Brown have confessed to robbing the home of W. C. Noteware, 2132 Eton avenue, Berkeley, on April 2. Here they secured more than \$1000 in jewelry and silverware. Three additional robberies in San Francisco have been admitted by them.

Ashton is declared by the police to have a long record. He is said to be a deserter from the navy and to have been in trouble in Berkeley before.

Mrs. Jane Ashton, his bride, declares that she married him in Tacoma three months ago after he had threatened to commit suicide unless she became his wife. She said that she had known Ashton for several years and that she and her parents formerly made their home with the Ashton family in Seattle. Mrs. Ashton denied all knowledge of her husband's crimes but said that on one occasion when he gave her a pair of silk stockings that he admitted stealing, she made his promise to reform his ways.

## Alamedans Launch Republican Club

ALAMEDA, April 21.—The United Republican club of the city of Alameda has come into existence. Ernest Probst, councilman, is president; J. Sherman McDowell, publisher, is vice-president; E. J. Neiss, president of the East End Non-Partisan club, is second vice-president; Peter Hollings, president of the Alameda Improvement club, is third vice-president; Alfred Morganstern, internal revenue officer, is secretary, and Al Latham, councilman, is treasurer.

All Republicans in Alameda are urged to join the organization, and an effort will be made to enroll at least 2000 G. O. P. voters. No dues are asked for membership. The furtherance of the ideals of Republicanism is given as the aim of the organization.

**REBEKAH LODGE.**  
SAN LEANDRO, April 21.—Rose Rebekah Lodge of San Leandro met last night at I. O. O. F. hall. Members signified their intention of attending the District Deputy reception, held at Melrose, tonight. Following a discussion of business on hand, refreshments were served.

## Prize Beauty of University Gives Up Bridal Idea

Miss Nadine Barbe to Seek Silver Sheet Career, Her Friends Say.

BERKELEY, April 21.—There's no place for Cupid in the life of a prize beauty, so Miss Nadine Barbe, voted the prettiest girl at the University of California, has decided. Following in the wake of the news that Miss Barbe had been selected winner in the campus beauty contest, but modestly refused to accept the honor comes the further disclosure that for the time being, at least, the petite French maid will pursue the path of single-blessedness.

Down in Los Angeles is Patrick De Lacy Mulhall, erstwhile fiance of Miss Barbe, the news of whose winning of the attractive college student caused a round of festivities to be given in the latter's honor a number of months ago.

It was during the holiday season that Miss Barbe left for Los Angeles to be married. But she returned minus the narrow band which spells wedding bells. No explanations were offered and it was presumed in college circles that the wedding had been temporarily postponed.

It is insisted by Miss Barbe's friends that instead of matrimony she has decided for a career and her work at the university is declared to be but the stepping stone to an appearance on the silver screen, an ambition which she is said to have cherished for some time.

Miss Barbe refuses to discuss her broken troth.

**WINS POPULARITY.**  
Since coming to Berkeley two years ago Miss Barbe has won unusual popularity. Of petite stature, with a mass of fluffy golden brown hair and blue eyes Miss Barbe has been prominent in dramatics and the campus, especially in the Alliance Française, an organization of French students. She is a member of the Pi Beta Phi Sorority.

Mulhall, the near-bridegroom, formerly came from England, and is a graduate of the state university. He is in business in the South.

## DOG 'TAG DAYS' POPULAR UNTIL SUPPLY RAN OUT

For some unforeseen reason the city of Oakland is now enjoying a special spring sale of dog tags, with the demand exceeding the supply. Dr. C. M. Wing, ex-officio commander of the dog pound, asserts that a one-year supply of dog license tags has been sold in a month, with cash customer clamoring for more.

Dr. Wing believes that the sudden flurry of excitement among dog owners may be caused by the improved technique of the city's dog-catchers. In the old days of the S. P. C. A. handling of the pound, the dog catchers were vigilant and fairly fast, but it is now asserted that the new civil service dog-catchers of the city pound are so clever at grabbing canines that they can practically "clean out" an entire block in a few minutes.

## ROAD IS IMPROVED.

JACKSON, April 21.—Splendid improvements are being made to the Plymouth-Oleta road, covering a distance of 14 miles. The surface has been smoothed, graded, culverts put in and covered with broken rock. It has also been widened in sections. This road continues to Silver Lake, which is annually visited by hundreds of motorists, as it passes through a most in first-class condition again motorists are recommended to travel picturesque region. Now that it is over it.

Rings were worn by seasons in early Rome—light, open rings in summer and heavier ones in winter.

## Diamond Rings

set in dainty, filigree basket mountings are today the most popular rings for all seasons—always beautiful and always in good taste. And exquisite rings, the most perfect diamonds the market affords, set in stunning modern mountings, are to be had at this store for as low as \$100 with the added advantage of paying under our plan to permit

## NATIVES TO HAVE GRAND DIRECTOR LEADERS DECIDE

Cutler Wins the Third Vice-Presidency in Lively Contest With Thompson.

(Continued from Page One)

Los Angeles, who guided the organization during 1921-22, joins the ranks of past grand presidents, becoming the junior in place of James

**ORGANIST IS  
AGAIN APPOINTED.**

Henry G. W. Dinkelspiel of San Francisco was reappointed grand organist, and Frank C. Regan of Oakland was reappointed historiographer.

The convention hall in Aalms Temple was crowded this morning when William L. Traeger called the meeting to order for the last time. Every one of the delegates who have been in the city since Sunday attending the grand

parlor session, was in the auditorium.

After the election and installation of officers

Fletcher A. Cutler, officers was completed. Traeger turned the gavel and the presidential chair over to Harry Williams, who took charge of the meeting and will close the 1922 grand

The new officers were installed at ceremonies which were conducted late today immediately after the election was completed. This ceremony will officially close the business sessions of the convention.

Tonight at the Shrine auditorium there will be a high jinks and class initiation.

Only grand parlor delegates will be admitted to the high jinks, according to Arthur Flint of Berkeley, chairman of the high jinks committee.

More than 50 candidates were initiated into the order at ceremonies held last night. Tonight's class will add a total of 190 new members.

Before the election was begun today the grand parlor unanimously adopted a resolution presented

John E. McDowell yesterday by Williams, urging the preservation of the redwoods.

"There are certain groves throughout the State, according to the resolution, 'in which thousands of famous old redwoods, the oldest things in California, are in danger of destruction.'

The resolution urged all delegates to take an active interest in the support of the preservation of the redwoods campaign, 'so that California's famous scenic wonders will not be lost to the world.'

A resolution was adopted by the grand parlor changing the date of the annual session from the 3d Monday in April to the third Monday in May. The change was made because summer excursion rates are obtainable in May but not in April.

Before adjourning today the grand parlor passed another resolution, to hold the Native Sons' Admission Day celebration in September, this year, at San Jose. The resolution came as a result of demands made during the past two years, because of the discontinuance of the affair.

**NO FIREWORKS.**  
Fireworks, which were expected because of the so-called political criticism of Governor Stephens on the Japanese question, by Charles M. Hunt, managing editor of the Grizzly Bear, the organ of the organization, did not materialize, and it was determined that the Native Sons had no control over the publication. There was no reprimand for Hunt, as had been predicted at the opening of the convention.

It was reported that many of the delegates resented this criticism of the State officials by the official organ as inimical to the welfare of the order, and were anxious to prevent any future editorials that would be on the political.

**ORDER BY ORDER.**  
The Grizzly Bear is not owned by the Native Sons, and for that reason, delegates explained, no reprimand could be administered Clarence M. Hunt for the editorials charging Governor Stephens and Attorney General Webb with failure properly to enforce the alien land law.

Resolutions were introduced providing for the appointment of a committee to devise ways and means of purchasing the publication from the private owners. The resolution provides that this committee report at the next Grand Parlor, to be held in Santa Barbara in April of next year.

The Grand Parlor presented a victory cup to Castro Parlor, No. 232, as the winner of the Native Sons' bowling tournament. The presentation speech was made by Grand President William J. Traeger. The cup was accepted for Castro Parlor by Grand Outside Sentinel John S. Ramsey.

**Museum to Exhibit  
Wildflower Photos**

An exhibit of wild flower photographs will be shown at the Oakland Public Museum tomorrow and Sunday. There are 100 photographs in the collection, which is the property of A. J. Soares. The pictures are hand colored.

## ALAMEDA RETAIL MERCHANTS FORM NEW ASSOCIATION

Plans Made Also for Credit Bureau for C. of C. Members.

ALAMEDA, April 21.—Fifty merchants from all parts of Alameda met last night and organized a retail merchants' division of the chamber of commerce. The organization was supervised by Carl Strom, president of the chamber. At his suggestion, and after listening to S. D. Siermantine of the Co-operative Credit Association of Oakland, the merchants planned to organize a co-operative credit bureau in the chamber. The services of this bureau will be free to all members of the chamber of commerce.

The meeting last night was the first step in the new activity of the chamber of commerce to increase membership and service. In addition to Strom and Siermantine, the other speakers were Warren L. Stanford, advertising expert of San Francisco; Paul L. Evans, head of the commercial department of the Alameda High school, and D. A. Eberley, chairman of the campaign committee.

The next meeting will be of the professional men of the city. This will be held in Mead's Tuesday evening. They will also organize

a division in the chamber for the exchange of ideas similar to that of the merchants. The meeting of the manufacturers will be held probably next Thursday evening. A long list of one-minute speakers were signed up for the week of

intensive drive which will follow the old get-together banquet of the chamber in Neptune Beach pavilion May 4.

## CANNERIES JOIN FORCES TO FIGHT MEAT PACKERS

Thirteen Associations of the State Growers and Canneries in Contest.

SAN FRANCISCO, April 21.—  
California fruit canners today en-  
tered the fight to keep the "big  
five" Chicago packers out of the  
fruit canning business.

Thirteen canners, growers and  
packers' associations have united  
against the motion made this week  
in the supreme court in the Dis-  
trict of Columbia for modification  
of the consent decree whereby the  
Chicago packers are enjoined from  
continuing in the fruit canning  
business, according to a statement  
issued today by Preston McKinney,  
vice-president of the Canners' League of California.

McKinney declared the opposi-  
tion to "the return of the meat  
packers into the California fruit  
canning business is based on the  
firm belief that their purpose is to  
monopolize the industry here."

The action to modify the decree  
was brought by the California  
Cooperative Canneries of San  
Jose.

McKinney charged that the  
California Cooperative Canneries  
is a concern which pays less  
than 5 per cent of the fruit of  
the State and which is under mor-  
tgage to Armour & Company of  
Chicago to the amount of  
\$200,000.

The Canners' League of Cali-  
fornia, Dried Fruit Association of  
California, California Prune and  
Apriocot Growers' Association,  
California Fruit Distributors,  
California Peach and Fig Associa-  
tion, Superior California Citrus  
Exchange and several commercial  
bodies and smaller farmers' organi-  
zations are among those opposing  
the packers.

The date for "Bake Your Own  
Bread" week will be fixed at a  
meeting of the State Housewives' League in Oakland on Monday.  
The plan originated in the Alameda  
Housewives' League as a result of  
the increased cost of breadstuffs.  
It is planned that recipes will be  
secured from the University of  
California and distributed to house-  
wives willing to join the kitchen  
forces.

The Alameda Housewives' League  
adopted a resolution yesterday con-  
demning the lowered minimum  
wage for women in California or-  
dered by the state industrial wel-  
fare commission.

Governor William D. Stephens  
will be petitioned by the organiza-  
tion to appoint a woman on the  
prison and hospital boards of the  
state.

**Million for Stanford**  
**Discussed at Dinner**  
A canvass is being made among  
resident alumni by those who are  
working to raise Alameda county's  
quota of the first million for  
Stanford. Daily meetings of team  
captains and members of their  
teams are being held at the Hotel  
Oakland.

The campaign is to be carried  
on among Stanford alumni in all  
parts of the country.  
At a get-together dinner and  
rally held at the Hotel Oakland  
190 Stanford men and women  
board a discussion of the reasons  
for and necessity of raising the  
fund.

Herman Rittigstein, chairman  
for Alameda county, presided at  
the dinner.

Among the speakers at the din-  
ner were A. E. Roth, Trustee T. C.  
Gregory, Charles K. Field and  
Dan Evans, president of the stu-  
dent body.

Included in the list of team  
captains are Miss Ruth Brooks,  
Dr. Charles A. Dukes, Dr. Sam R.  
Downing, Girard Richardson, C.  
S. Hodapp, Carlisle Crosby, Wil-  
liam Knowles, Harold Weber and  
Harry Price.

## ANTI-BLUE LAW LEAGUE ISSUES DEFY TO BLUES

ST. LOUIS, Mo., April 21.—  
The Anti-Blue Law League of  
America has challenged several  
reform organizations to debate  
the subject "That Sunday Blue  
Laws are American in Principle  
and Christian in Character," at  
the convention here, June 23, 24  
and 25, of the Anti-Blue Law  
League, which is to argue the  
negative side of the question.

Letters inviting representa-  
tives of the Lord's Day Alliance,  
the International Reform Bur-  
eau, and the Southern Metho-  
dist Sabbath Alliance to attend  
the convention have been sent by  
P. C. Dalley, national executive  
secretary of the league.

"The time has come," the let-  
ter adds, "to squarely define the  
issue for the citizens of the  
United States. We will have emi-  
nent clergymen, authors, scien-  
tists, inventors, artists and states-  
men argue the negative side of  
the question. These persons are  
all members of the league."

There are very few automobiles  
in Hongkong.

## Famished Chinese Eat Powdered Stone

WOOSTER, Ohio, April 21.—  
That the slow process of starvation  
is being hastened by illness caused  
by persons eating powdered stone  
in famine-stricken sections of China  
is the information contained in a  
letter received by C. R. Compton,  
Wooster College registrar, from  
Miss Grace Walborn, a mission  
field worker, whose headquarters  
are Shanghai, China.

"Famine conditions in our dis-  
trict are very severe," wrote Miss  
Walborn, who graduated from  
Wooster College last year. At pres-  
ent the extreme cold is, perhaps,  
thinning the numbers who would  
be open to plague if hot summer  
comes before conditions can be bet-  
tered."

**"LISLE" BANK BROKE.**  
SPRINGFIELD, Ill., April 21.—  
The "Lisle Bank" is broke.  
Cause: Robbery and negligence  
of the guardian of the "safe."  
"Judge, he just cut my stocking  
and took \$16 right out while I  
was asleep," Louise Thomas  
charged, pointing an accusing  
finger at W. L. Griffin. The prison-  
er was jailed, charged with grand  
larceny.

## Musical Pupils To Give Recital

A vocal and instrumental pupils'  
recital will be presented this eve-  
ning at the Plymouth Center, under  
the direction of Gerard Tallander.  
The program of the evening will

**DEADLY WHEELBARROWS.**  
MANCHESTER, Eng., April 21.—A wheelbarrow piloted by Henry Cearing was torn from his hands when struck by a motorcar. It struck a woman twenty feet away, killing her instantly.

## BURGLAR NABBED ADMITS LOOTING THIRTEEN HOMES

Over-Confidence of Thief  
Leads to Capture  
by Police.

SAN FRANCISCO, April 21.—So sure was Byron Hall that he had successfully concealed his loot that he made the fatal blunder of giving the police his correct name and address when questioned by an officer early today.

Later when a burglary was discovered his house was surrounded and he was taken into custody, confessing to 13 crimes in the Panhandle and Park Presidio district. Special Officer A. Groferer noticed a man acting suspiciously at Masonic and Fulton streets at midnight. He followed him to the car barn at Fulton street and Central avenue, where he questioned him. The man said his name was Hall, that he lived at 34 Sycamore avenue and had formerly been employed by the Market Street Railway company as a conductor. He explained that he had been visiting friends in the neighborhood.

The officer took his name and address and let him go. A short time later the Park Police station was notified that a burglar had entered the building at 607 Masonic avenue by shattering the glass panel.

Officer Groferer recalled that this was where he had first seen Hall. Together with Patrolman Clarence Byrne and aided by a posse of officers from the Mission station, Groferer went to the Sycamore avenue house, where Hall was arrested.

He was taken to the detective bureau, where after a two-hour questioning he admitted a series of burglaries and gave the police information that led to the recovery of \$200 worth of jewelry and valuables at his home. Detectives Gregson, Bolin and Rooney had been looking for him for weeks. He was charged on two accusations of burglary.

## Social Settlement Will Meet Monday

Oakland Social Settlement, a pioneer philanthropy of the city, which is carrying on an interesting program at Fifth and Linden streets, announces the annual meeting and election of officers on Monday afternoon next. Reports of the past year will be presented by retiring directors. Mrs. W. H. Chickering is president of the settlement.

Jag B. Nash, director of the recreation department of Oakland, will be the principal speaker of the afternoon. Two short children's plays will be presented.

## Music Recital by Students Planned

Under the direction of Gerard Tailor, a public recital will be given this evening at Plymouth Center, 3791 Piedmont avenue. The participants are Dorothy Mesquita, Celia Gilford, Rena Patrick, Malvina Olson, Elsie Abel, Mrs. Viola Farcy, Louise Paulsen, Mrs. Marion Helen Martin, Fern Vincent and Helen McHenry. The concert includes piano, violin and vocal selections, and is under the auspices of Plymouth conservatory.

## Arbuckle Films Banned by Clubs

SAN DIEGO, April 21.—The San Diego County Federation of Women's Clubs is today on record against Arbuckle films. The action was taken at the county convention. The San Diego club, largest women's organization in the county, and the Women's Civic Center, took similar action.

Rasputin, notorious monk who ruled the Russian court, betrayer of scores of women, was not killed with the bullet of a Russian prince's gun, but stabbed to death. Details of his death have at last come to light. They are told in next Sunday's TRIBUNE Magazine.

SAME STYLE IN BROWN ELK CALFSKIN, specially priced at \$4.85

—Downstairs Store, Capwells.

## Maid Admits Part In Robbing of Home

LOS ANGELES, April 21.—Miss Aletha Lee, 23, house maid for Mrs. Bessie Nowlin, has confessed, according to the police, that she was implicated with Walter W. Jordan in the robbery of the Nowlin home of jewelry valued at \$10,000 last Monday. Mrs. Nowlin and the maid were bound and gagged by a man who came to the Nowlin home. Jordan, the police say, admitted he was the robber.

## Rotarians Welcome Four New Members

The newest members of the Oakland Rotary Club, were formally presented to the club at yesterday's luncheon-meeting of that organization, held in the south room of the Hotel Oakland. The following men recently received into membership in the club were introduced: Howard Baxter, William Gilman, James Ginn and Francis Hunter.

Various officers and other delegates to the Native Sons convention were also introduced.

## Many Special Trains To Bring Realtors

SAN FRANCISCO, April 21.—Half a dozen special trains will be used to transport the real estate men of the country to the national convention in this city, to be held from May 31 to June 3, according to Tom Ingersoll, executive secretary, who has arrived here to prepare for the convocation. He has made plans to entertain the delegates with a number of scenic trips after the convention. The tours will include the Big Trees, Yosemite and other places of interest.

## U. S. CONVICT ENDS LIFE. LEAVENWORTH, Kans., April 21.—John Abeles, serving a 25-year sentence from Houston, Texas, for holding up a mail train, committed suicide today by jumping from the wall at the cell house.

Wanda Hawley, unlike most of the picture stars, had a career mapped out and established before she entered films. She was a singer of some note. She tells her life story for readers of The TRIBUNE in Sunday's Magazine.

## Legion Will Keep Mother Day, May 14

INDIANAPOLIS, Ind., April 21.—Mother's day, which falls this year on Sunday, May 14, will be observed nationally as well as locally by every one of the 3500 units of the American Legion Auxiliary. Assistance will be given the women's organization by the 11,000 posts of the American Legion. Announcement of the plans for observance were made here today by Miss Pauline Ournick, secretary of the auxiliary.

## PARK SHOE CO.'S \$5 WEEK

A great many people think it's impossible to get respectable shoes at \$5.00 per pair, so this week we are stressing our \$5.00 shoes, though we have many styles at less and others of better quality.

# SAN LEANDRO

## 'ROUND TABLE' LUNCHEON TO BE DAILY FEATURE

SAN LEANDRO, April 21.—A five-day trial of the newly established "Round Table," a daily gathering of business men of this city at the Estudillo House, for an informal luncheon and general discussion of civic matters, has been pronounced so successful that the indefinite continuation of the affair is assured. Attending members of the local Chamber of Commerce, together with men of adjoining cities employed in San Leandro, have expressed their approval of the mid-day gatherings, and have indicated their desire to be enrolled as regular patrons. The daily luncheons are an outgrowth of the monthly affair of the sort held here. Invitation is extended by the chamber to any desiring to attend.

## TRACK IS FIXED IN PREPARATION FOR BIG MEET

SAN LEANDRO, April 21.—In preparation of a school boys' track meet to be held in early May, Thrasher Park Playground of this city is receiving its final repairing and grading under the supervision of Marshal J. F. Peralta. With the aid of a steam roller, loaned for the occasion, together with a team of horses, the entire track to be used in the foot races of the youthful athletes was pressed and leveled. The baseball field is receiving its share of attention and repairing also.

## Merchants Pledge Support to Ball Club

SAN LEANDRO, April 21.—San Leandro merchants and business men, acting as a body, although independent of the Chamber of Commerce, have undertaken the support of the local baseball club, known at the present time as the C. L. Best Tractors. The present name will remain for the time, it is said, but with the materialization of plans and a definite course of procedure formed, the name will be changed, in accordance with the wishes of the new supporters.

The question of changing the team from the ownership of one person to a locally supported organization met with the approval of practically all local merchants. Fame gained by the team under the name of the Best Tractors will be continued, it is believed, thereby gaining invaluable advertisement for the city as a whole.

Local Merchants contribute a monthly sum towards its upkeep. New uniforms are being arranged for. William Wagner is the present manager, and will continue in that capacity.

## ATTENDS MEETING. SAN LEANDRO, April 21.—Farley Granger, secretary of the Chamber of Commerce, attended the monthly gathering of the Bay District Conference of Commercial Secretaries, Vallejo, today.

## I.O.O.F. Lodge Plans Mortgage Burning

SAN LEANDRO, April 21.—With the former heavy mortgage hanging over the property of the Odd Fellows' lodge of this city dwindled down until it is little more than an insignificant promissory note that will be entirely paid, it is believed, in May, members are preparing elaborate services attendant on the final payment. A feature of the ceremony will be the public burning of the mortgage, following which a banquet and dance will be held by members and friends. The I. O. O. F. hall will be the selected site.

## Sold Drugs Without License, Is Charge

SAN LEANDRO, April 21.—A warrant was sworn to before Judge W. J. Gannon of this city by David Fletcher, agent of the State Pharmacy board, charging Joseph Ramos with selling drugs and medicines in a highway without a license yesterday.

## CARD CLUB MEETS.

SAN LEANDRO, April 21.—The 500 Club of San Leandro met yesterday afternoon at the home of Mrs. E. P. Ritter, Stockton avenue. The semi-monthly meeting of members were agreed to be discontinued during the summer months, owing to the various other civic activities, and the large number of persons who leave this city for summer resorts. Luncheon was served, following which members played cards.

## SUCCESSFUL PARTY.

SAN LEANDRO, April 21.—The whist party given by El Cerezo Parlor, No. 207, N. D. G. W., at St. Joseph's hall last night has been pronounced as entirely successful by the committee in charge of the affair. A large crowd attended.

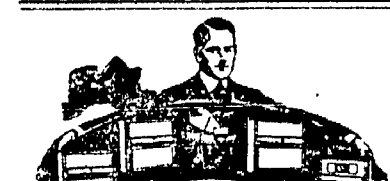

## LODGE MEETING.

SAN LEANDRO, April 21.—U. P. E. C. lodge of this city met last night at U. P. E. C. hall. Regular business was discussed. U. A. O. D. lodge met at Masonic hall.

is the low price of importance on white canvas shoes in low or high styles. Some have the French and some the Cuban heels. Soles are hand-turned, welt and sewed and soft and flexible.

There is a good range of women's sizes—and some very good-looking styles considering the low price. So come, and take early advantage.

## WICKED REPORTER.

EDINBURGH, April 21.—A newspaper reporter who refused to "get religion" at the Inverlochy "revel was beaten and kicked by converted sinners."

## HIGH-HEELED TRAGEDY.

DONCASTER, Eng., April 21.—

Mrs. Emily Purslove's high heel caught as she was leaving a taxi-cab, her neck was broken by the fall.

At one proposed dam site on the Colorado river it is estimated that 750,000 horsepower is available.

## CANDY FOR CAT.

NEW YORK, April 21.—A cat kept in a candy factory here has learned to like candy, but will eat only one flavor, so a special box is put aside for her every week.

## CAT RINGS DOORBELL.

PATERSON, N. J., April 21.—

An Angora cat owned by Mrs. Fred Fielding climbed up the door frame and rang the bell when left out in the cold too long.

About \$6,000,000,000 was invested in the United States by Europeans before the war.

## TONGMAN FOUND DEAD.

THE DALLES, Ore., April 21.—Chang Hong, 60, a member of the Hip Sing tong, was found dead near his place of business here last night. He had been twice shot from behind. A revolver lay near him. A negro, Slim Turner, was arrested as he was running from the scene and held on an open charge.

## BURGERS AT BUSY CORNER.

CHICAGO, April 21.—Residents of Chicago call the intersection of State and Madison streets the "busiest corner in the world." But no one saw the robbers who broke a jewelry store window on that corner early this morning with a padded brick and escaped with watches and rings valued at \$2000.

## Hair cutting

for bobbed heads — for wee ones — for big ones — in an expert manner. Barber shop, second floor.

OAKLAND'S LARGEST  
DEPARTMENT STORE

## A most wonderful sale of Plate glass mirrors

with handsomely decorated polychrome frames

**\$5.95 and \$14.95**

NOTE—The outside measurements of these:

Indeed a most unusual sale in more ways than one. Not only is their glass a heavy plate—not only are their frames exquisitely decorated in blue and gold tints, brown and gold tints, but the frames themselves are a beautiful antique gilt, lavishly designed—and then the prices themselves are really unusual. We cannot predict when a sale of like proportions will occur. We have attempted to illustrate the variety of styles, but we cannot show here their real beauty. You can see the window display and judge from that what the department contains.

On Sale Third Floor—Saturday

## Porch frocks—

**\$3.95 \$5.95 \$8.95**

proclaim the arrival of summer

Those clever little gingham frocks that people sometimes call house frocks but which, when you see, are far too pretty and good looking to honor a kitchen by wearing. And these are the very same type. My, but you'll be enthused and especially at the prices.

Others of beautiful organdies, raitines, dotted Swiss, and of! voiles will just take your heart by storm—and at their low prices—**\$11.75 to \$22.50.**

(Kahn's second floor)

## Sweaters-- Slip-ons

are fascinating with new skirts

Everywhere you go, wherever fashionable women congregate, every fashion magazine carries a tale of the mighty importance of a good looking sweater—and especially of woolen with the long soft shashes, at

**\$1.95 \$2.95 \$4.95**

(Kahn's second floor)

## Offerings for men folk and boys, too

### Union suits, 69c

Well made for boys, in sizes 26 to 34; are crossbar nain-sook.

### Negligee shirts, \$1.95

A man's shirt made not only for comfort, but for style. Attached collars that button down; are plain white or tan; sizes 14 to 17.

### Middy suits, \$1.95

Priced so low because they are an odd lot; sizes 2 to 6 years.

### Union suits, 95c

Athletic type of striped Madras, cut large and roomy—men's sizes, 34 to 46, under-priced.

### Knitted ties, 85c

still claim their share of the popularity, especially when they're gray or lightly colored like these in lace effects.

### Lisle socks, 3 for \$1

These have the double heel and toe and sole; in black, cordovan, gray and white; men's sizes 9 1/2 to 12—special.

(Kahn's first floor)

## The apparel sections

on the second floor Saturday come out full force with special offerings

### 200 silk frocks---

on sale

Why, just lovely, lovely frocks—in the most charming variety possible—are included at this pricing. Styles for the piquant young miss, for the youthful matron. Beautiful Springtime colorings; everyday frocks and dress-up frocks—all greatly underpriced for Saturday.

**\$24**

### 150 silk frocks---

on sale

Another gladsome array of beautifully styled frocks—frocks that were quite higher priced but which have been reduced for immediate selling. A splendid chance for saving many dollars. Come.

**\$14**

### Polo cloth coats---

on sale

Just as dashing and stylish as can be; just as finely finished as you would expect a more expensive coat; no linings, but oh, the style. You'll just be enchanted. And remember, they have been greatly reduced for Saturday.

**\$14**

### Jumper dresses---

on sale

Tweeds and Jerseys—so girlishly styled, so delightfully made in every way, with the pockets, and belts; and cut V in the neck. Truly a wonderful chance for a Summer costume.

**\$4.95**

(Kahn's second floor.)

## Lingerie blouses hand-made

**\$1.95**

Lovely soft batistes, exquisitely fashioned, with drawn work on collars and cuffs and on fronts; with fine pin tuckings; with other marks of high quality—at this very, very low price. Come, see the variety.

found on the 2nd floor..

**\$5.85**

**\$7.85**

## White kid strap pumps

Women will appreciate the Summer freshness of these with their one-strap, their baby Louis heels, and their higher soles. And the price surely is low.

Growing girls' and children's

white shoes

Here are Nubuck oxfords, and one-strap pumps, sizes 2 1/2 to 7, \$4.85—11 1/2 to 2, \$3.85. (Kahn's second floor)

## GARBAGE DUMP IN ESTUARY FOUGHT

The suggestion of C. E. Hickok, Alameda city manager, for a possible inter-city garbage dump on the western portion of Government Island was turned down today by Commissioner Edwards in a letter in which he opposes any garbage dumping in the estuary and suggests that the city officials join with Oakland in a plan for dumping garbage into the bay proper.

Edwards' letter says in part: "I am unalterably opposed to the dumping of garbage or refuse of any kind anywhere on or near the estuary. In fact it is in my earnest desire to determine that even the sewers that do now and have for years emptied into the estuary, be removed entirely by an intercepting sewer running westerly parallel to the estuary, which will carry and empty all sewage into San Francisco bay at the extreme west end of Seventh street beyond Albers Bros. plant. This will not only purify the waters of the es-

## Aged Woman Will Be Buried Tomorrow

ALAMEDA, April 21.—The funeral of Mrs. Amanda M. Harris, 81-years-old Alamedan, who died yesterday, will be held tomorrow morning. Interment will be in San Jose.

Mrs. Harris had been a resident of Alameda for the past twenty-five years. She is survived by four daughters, Mrs. Mary McQuiklin, Mrs. Flora Gowanlock, Mrs. Virginia Johnston and Mrs. Sophia Harris, and three sons, Frank, Calvin and Earl Harris.

Mrs. Harris was a native of Virginia. Death occurred at the family home, 1500 Lincoln avenue.

## TWO ACCUSED OF BAY BURGLARIES

BERKELEY, April 21.—Thomas G. Aston, twenty-year-old solicitor, residing at 2432 Aberton street, was arrested by Inspector J. A. Greening last night and turned over to the San Francisco police. Three charges of burglary have been filed against Aston, according to the police.

Also arrested with Aston was Leonard Brown of Seattle, who is being held on similar charges.

According to Chief August Vollmer, Aston and Brown confessed to a burglary at the home of W. C. Noteware at 3132 Eton street, April 2, when \$1000 in jewelry was taken. Aston was sent to San Francisco today to answer charges of four burglaries and Brown is being held here.

About 15,000 examiners of hair-nets are employed at Chefoo, China.

## Court Refuses Writ On Justice's Error

SALINAS, April 21.—Legal perfection is not at all times to be expected of country justices of the peace and technical errors or omissions made by them when acting in the capacity of a committing magistrate should not be permitted to invalidate proceedings of the inferior courts otherwise legally taken.

To such effect was the ruling made by Judge J. A. Bardin on a writ of habeas corpus he issued last week and vacated yesterday in the case of Gus Harris, Harris, former proprietor of the Chualar hotel, failed to pay \$250 due on his \$500 fine in the stated length of time. The writ of habeas corpus was asked on the ground that Justice Brockman, of Gonzales, convicted Harris, in the commitment to imprisonment failed to have the alternative of a cash settlement, and that it was therefore void. Judge Bardin granted the writ Saturday but at the hearing yesterday ordered it vacated.

Along with the vacating order Judge Bardin instructed the justice to supply the omission in his docket and at the same time allowed Harris temporary liberty to raise necessary money for the balance of his fine.

## INQUIRY ORDERED IN DOPE TRIAL OF OAKLAND BARBER

Chief Drew Seeks to Learn Why Man Was Tried Under State Act.

Chief of Police James T. Drew today ordered an investigation to determine whether the charge of violating the state poison act against Joseph Ramos, a barber, went through the regular legal course after he was arrested by federal agents.

The investigation was ordered following the trial yesterday of Ramos before Federal Judge William C. Van Fleet on a charge of violating the Harrison narcotic act. During the trial it was brought out that he was charged with violating the state poison act instead of being booked for violating the Harrison narcotic act. He pleaded guilty to violating the poison act and was fined \$100 by Police Judge Mortimer Smith.

When the federal officers came for their prisoner, they learned that he had been tried on the state charge. According to the investigation made by Police Inspector Robert Tracy, the records show that Ramos was arrested on January 7 by United States Agents H. S. Keys and S. E. Halstead. They told Desk Sergeant Jack Thornbury to book him for violating the state poison act.

The records show that in due time he appeared before Judge Smith. Ramos was arrested for the second time by United States Marshal Frank Ralph on January 9 on a charge of violating the Harrison act. The same day he was taken to San Francisco.

It was during his trial that he complained to the court that he was being tried twice for the same offense.

## POLITICS DENIED IN DROPPING OF U. C. PROFESSORS

Barrows Says Reasons Were Academic and Personal in Character.

BERKELEY, April 21.—Denying that W. W. Lyman Jr. and J. G. Anderson, instructors in the English department, were dropped from the University of California faculty for alleged political reasons, President David P. Barrows today declared that action was taken purely for academic and personal reasons.

That the connection of the two faculty members with a movement to free "conscientious objectors" during the war had nothing to do with their dismissal was Dr. Barrows' statement. In commenting on the failure of the university to re-employ the two men for the coming year, Dr. Barrows said, in part:

"Both gentlemen for some years have had a purely tentative status in the university as associates. Neither has yet completed the usual academic studies preparatory to a fixed university position. Both, I understand, have been looking toward such completion and preparation. They have not been re-engaged for purely academic reasons, partly because of considerations of instruction in the English department, and partly because of considerations personal to themselves. The university makes no complaint of the attitude of either. There is no understanding of any kind between the University of California and the Better America Federation.

Anderson and Lyman are declared to have charged that political reasons were responsible for

## 'TAMEST' PELICAN OF YEAR HATCHED BY EDITORS AT U

Action of College Authorities Over Last Month's Poem Held Responsible.

BERKELEY, April 21.—The nineteenth anniversary of the founding of "Pelican" campus comic monthly was celebrated today with the issue of an anniversary number, the "tamest" of the year.

That the calling of the editors of the humorous paper before college authorities as a result of a poem directed at members of the Prytanean Honor Society, co-ed organization, last month is responsible for the "mild" issue is generally rumored on the campus. The poem which caused all the excitement bore the title "Stool Pigeons" and was directed at students who reported men guests at the Prytanean Fete for alleged drinking.

One thing taken by the Pelican in this month's issue is the only answer given to the co-eds. Here it is:

One student to another: "How was the costuming at the Prytanean?"

"Oh, nothing much."

The usual flings at co-eds and prohibition mark the issue, which is the farthest from the one edited by Robert Ingram, made famous some months ago by his issuing of a "cave man" set of rules for winning women.

Here are some of them:

First co-ed—Jack has the sharpest eyes I ever saw.

Second co-ed—Yes, I noticed the cut on your knee.

Co-ed 1—Does she attend church regularly?

Co-ed 2—Yes, every Easter.

Prof.—And what kind of trousers did Adam wear?

Stude.—Musta been breeches of promise.

Prof.—Why do you persist in calling me a snake?

She—Because I like to see you squirm.

He—Say, if you don't change flavors I'll get painters' colic.

She—(Giggling her nose)—You're too fast today, that's why it will be a fast-day.

Well Hardy, do you drink the same as ever?

Not the same, but just as much.

First co-ed—(Looking at her wrist)—You burned to death with her own eyes.

Unfair one—Some lamps, I'll say.

Cleo—Cedric's line is a bit rare tonight, don't you think?

Leo—Principally because he is half-broiled.

## ALAMEDA DOG ROUNDUP

ALAMEDA, April 21.—The annual roundup of unlicensed dogs in Alameda will be started by Poundmaster Grant Hicks today, according to an announcement of Chief of Police William Walmuth. All dogs kept in Alameda whether loose or in yards are required to have licenses. An additional 10 per cent will be added to the license fee in the case of delinquents.

## MOVIE FIRE PUT OUT

BERKELEY, April 21.—So quietly did the Berkeley fire department work last night in extinguishing a chimney fire at the Strand Theatre, College and Ashby avenues, that guests at the motion picture house did not know there was a blaze. The fire occurred at 8:10 o'clock and was extinguished without loss.

## Come to America's Summer Playground

—Seattle Invites You

THE STAGE IS ALL SET for summer of unalloyed delight, adventure and comfort in the Pacific Northwest—summer playground of the Nation. Here you can play—in the pine-clad and silver-fanned mountains by shimmering, secluded lakes, alongside rushing streams, or close to the majestic inland seas.

YOU CAN GOLF, motor, climb, hike, hunt, fish, swim, canoe, yacht, picnic and camp out. There's no end to opportunities for outdoor fun.

SEATTLE—the world's most healthy city—invites you to play in the Charmed Land this summer. Come by motor, ship or train. Special summer rates. Come to our Tourist Bureau, 702 Third Avenue—but do come, as we come to you winters. You'll be delighted.

MAXIMUM temperature Seattle, 1921—80 degrees.

Send for booklet—"The Charmed Land."

Seattle Chamber of Commerce  
916 Arctic Bldg., Seattle, Wash.  
"The Wayfarer," stupendous musical biblical pageant, Seattle, July 24-29.

## WOMAN PILOTS AIRPLANE 400 MILES TO SHOP

CHICAGO, April 21.—Mrs. C. E. Tuttle, wife of a Red Oak, Iowa, business man, came to Chicago yesterday by airplane to do her shopping. She arrived with her shopping list and an overnight bag after piloting her plane over the 400 mile route from Red Oak to this city in four hours and 55 minutes. A mechanic, E. D. Wagner, accompanied Mrs. Tuttle.

## Railway Now Joins Germany and Russia

HELSINGFORS, Finland, April 21.—It is reported from Moscow that direct railway, postal and telegraphic communication has been opened between Germany and Russia by way of Dvinsk.

Is Princess Mary happy? Some say she is and others say she may not be. Why didn't the Prince of Wales attend her wedding, ask Londoners. Anyway, there's something about the situation in Sunday's TRIBUNE.

## PROBATION LAW RULED VOID IN CASE OF FELONY

Measure Unconstitutional if Term Fixed by Statutes, Judge Declares.

LOS ANGELES, April 21.—The California probation law, where it applies to felony cases, is unconstitutional, because of the indeterminate sentence law, it was ruled in the Superior Court here yesterday by Judge Pat R. Parker of Mono county, sitting in Los Angeles temporarily.

Judge Parker's ruling was made in the case of a man who pleaded guilty to second degree burglary and for whom the public defender had asked permission to file an application for probation.

The court forthwith denied the application and sentenced the prisoner to from one to five years in San Quentin penitentiary.

Judge Parker, first in a verbal declaration and later in a written statement, declared no California judge has the legal right to grant probation, pardon or parole to an individual where the punishment for a crime is fixed by the statutes.

He held that pardoning powers of the California courts were nullified by the indeterminate sentence law.

Attorneys declared that if Judge Parker's ruling stands its effect will be widespread, as there are thousands of persons now on probation in California after pleading guilty or being convicted of felonies.

## SAND, EMERALD GREEN COLORS, PICKED FOR HATS

NEW YORK, April 21.—Sand color and bright emerald green will be the prevailing shades in women's mid-summer and fall millinery.

These two colors have just been selected by the Metropolitan Displayers' Club as the ones to be featured in retail stores throughout the country and shown in display windows here at the summer millinery opening, May 2. A group of twelve colors suggested by the Textile Color Association of America.

## Parent-Teacher Meet Held at Sacramento

SACRAMENTO, Cal., April 21.—Approximately 150 members of the third district of the congress of Mothers and Parent-Teacher Associations, representing cities all over the valley, met here for an all-day conference yesterday.

Mrs. J. Higgins of Worcester, Mass., national president of the organization, was the principal speaker, emphasizing the need of teaching peace and good will in the public schools. Reports were made on various activities by committee chairmen.

## BOY, 13, KILLS MOTHER, SHOTS FATHER, SELF

REDFIELD, S. D., April 21.—Mrs. J. E. Scormerhorn, living on a farm six miles east of here, was shot and killed last night when a small calibre rifle in the hands of her son, Elmer, 13, is believed to have accidentally discharged. Fearing he would be punished, according to Coroner Coleman, Elmer shot his father in the jaw and then inflicted a wound in his own forehead, which physicians say may prove fatal.

## COTTON STUDY AT SHAFTER BEGUN

Recognizing the importance of the San Joaquin valley as a cotton growing district of great possibilities, the United States Department of Agriculture has just established an experimental station at Shafter, near Bakersfield, where experiments will be conducted with Pima or American-Egyptian cotton and with the Acacia and Durango varieties. Work to this effect was brought to Oakland today by H. H. Willis, cotton specialist of the United States Department of Agriculture, who is at the Hotel Oakland.

Willis said: "These varieties are at present being grown in the San Joaquin, and the conditions of soil and climate are excellent. Of course the acreage is still limited, but it has now been proved what can be achieved in the San Joaquin as a cotton land."

"Our experiments have shown that the Pima variety of cotton which was developed from Egyptian seeds grown in America is the equal in all respects to imported cotton. I am at present making a special study of the textile qualities of special varieties of cottons."

"For the next year the San Joaquin valley will grow the same acreage of cotton as during the preceding year. The same situation will exist in the Salt River valley of Arizona, where 33,000 bales of Pima cotton have been produced on the lands irrigated by the Roosevelt dam project."

## HUSBAND 'GOLF MANIAC,' AVERS WOMAN'S SUIT

DETROIT, Mich., April 21.—Howard B. Lee, prominent in business here and once holder of the Michigan state amateur golf championship, is a "golf maniac," his wife, Mrs. Helen Bourne Joy Lee charged in a suit for divorce here. Mrs. Lee is the daughter of Henry B. Joy, Detroit capitalist.

Mrs. Lee declared her husband neglected her and their three children, to play golf.

Lee filed an answer denying the charges and claiming his participation in the game was a "business asset" owing to the acquaintances he was able to make among other business men on the links.

### Leaves Cadets in Oriental Dances

The Egyptian ballroom of the Knights of Columbus building, Grove and Thirteenth streets, will be the scene of the annual Oriental dance of the Cadets of Company E, Leagues of the Cross Cadets this evening.

Selected music comprising mostly Oriental pieces and decorations characteristic of Oriental splendor will feature the evening's entertainment. The chairman of the different committees are: J. J. Power, H. Barrington, E. E. Madden, R. K. Vinok, Thos. Prindeville and William Ardeny. A long list of patronesses prominent in Eastbay social circles is aiding the cadets in making the dance one of the post-Lenten season's leading functions.

### Pastor to Tell European Impressions

Dr. Charles L. Kloss, pastor of the Plymouth Congregational church, will be the principal speaker at the Forum and Fellowship meeting at the American Institute of the Sons and Daughters of Washington, this evening. Dr. Kloss is to speak on "European Impressions." Miss Calla Macque will render a number of vocal selections while Eugene Tchernogovsk, Russian pianist, will give a special program of his own compositions and those of famous Russian composers.

Tea will be served by Mrs. Fortuna Steele, chairman of the social committee, and dancing will be in charge of Miss Agnes J. Briers.

## Activities of WOMEN

### McKee-Harvey Wedding at Palace Tonight

Two hundred invitations were extended for the wedding of Miss Hortense McKee, niece of Mr. and Mrs. William Johnston McCoy of San Leandro, and Edwin Whittlesey Harvey, the ceremony to take place at the Palace Hotel this evening. A wedding supper and reception will follow the ceremony.

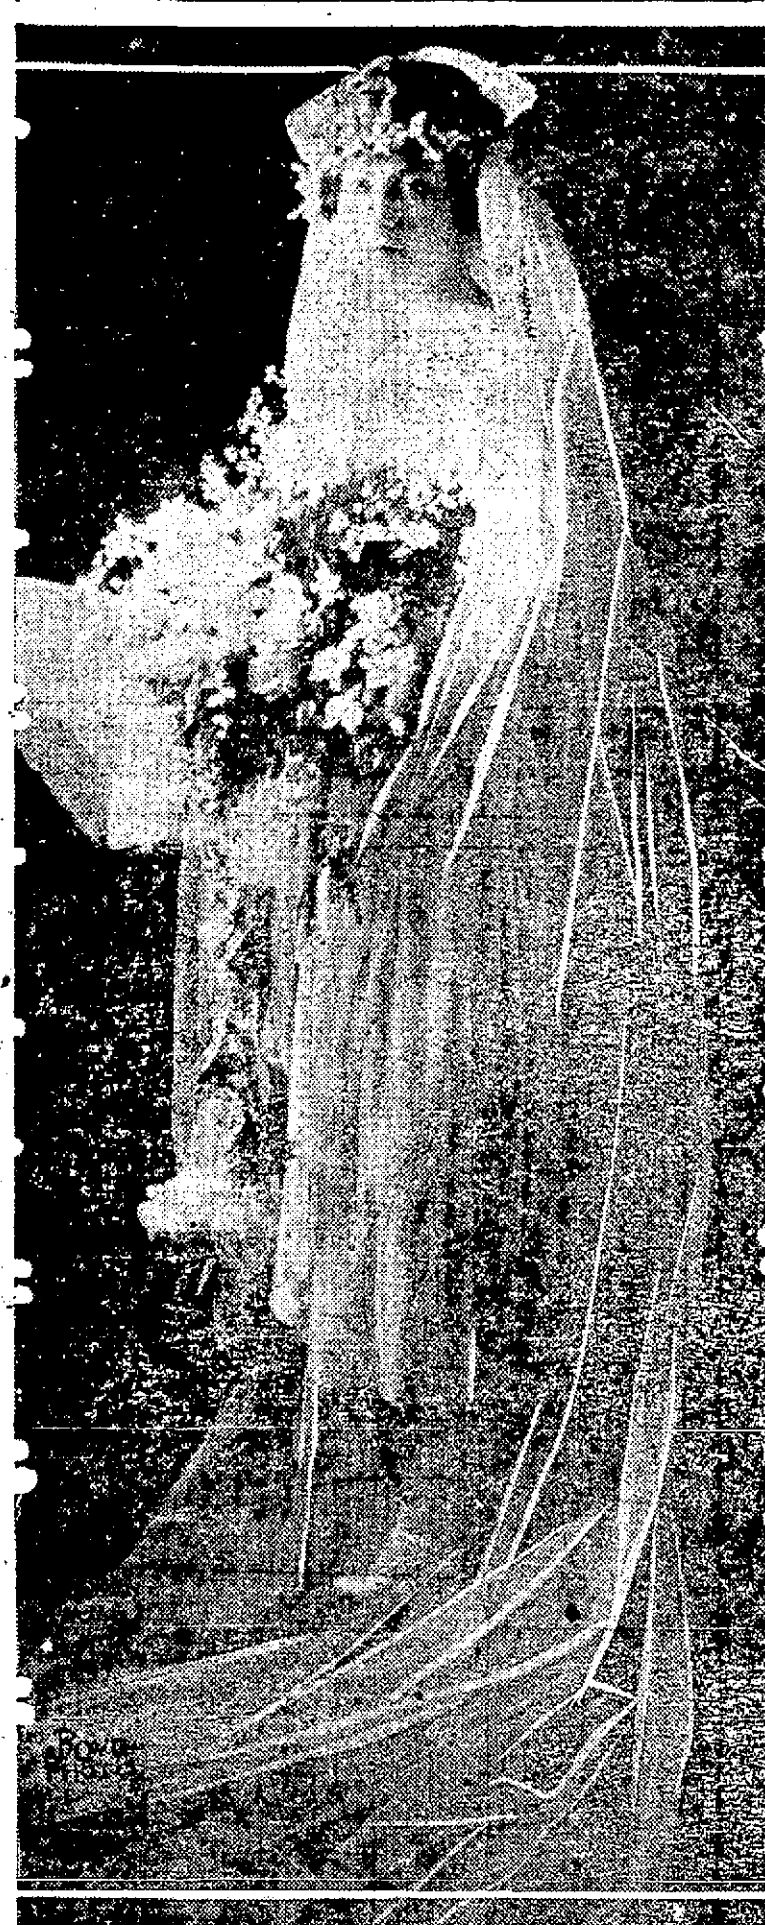

Miss McKee is a daughter of the late William Hall McKee and Mrs. Marybelle McKee of Stockton. She has made her home with her uncle and aunt in San Leandro for some time.

Harvey is a son of Mr. and Mrs. Leonard Harvey of Seattle, and was graduated from the University of Washington.

Mrs. Godfrey Retallick of Fresno is to be matron of honor. The bridesmaids are to be the Misses Lorraine Down, Newell Bull, Louise Corvett and Margot Dean. Virginia Weston and Roselle Retallick will be flower maidens.

The last of the Berkeley Assemblies for the winter will take place this evening in the Twentieth Century Club, in Berkeley. Preceding the dance there will be a number of dinners. Miss Ella Barrows will entertain friends at the home of her parents, President and Mrs. David Prescott Barrows, on the campus. Miss Elizabeth Kruse is always hostess to a coterie of her college friends, while congenial groups are made up by the score

MRS. HAROLD JEAN HAYRE, who was Miss Doris Rodolph. She was one of the most beautiful brides of the spring, her wedding at the Charles Rodolph home Wednesday evening being a brilliant social affair. (Boye Photo)

#### CHURCH WEDDING IN BERKELEY

St. John's Presbyterian church, in Berkeley, was the setting for the marriage of Miss Gladys Claire Shelley, daughter of Mr. and Mrs. C. N. Shelley of Todd street, Berkeley, and Drummond Baikie, Rev. Francis W. Russell officiated before a large company of guests. Half a hundred relatives and friends were entertained at the bride's home later on. The appointments of the wedding were in keeping with Easter tide.

Tulips and sweet peas in pink were used in the color scheme of the home. Miss Shelley wore a wedding gown of white beaded georgette, the tulip veil held in place at the coiffure with a wreath of orange blossoms. Little of the valley formed the shower bouquet. Miss Mildred Root was bridesmaid and wore a gown of green georgette. Little Dorothy Jansen, a cousin of the bride, was flower maiden and wore a frock of pink georgette.

Max Bartholomew was best man. The ushers were Tracy Harron, Roy Bartholomew and Stewart Whittlesey.

Mrs. Unice Schaner was hostess at a beautifully appointed luncheon yesterday at which she announced the betrothal of her daughter, Miss Margaret Ruth Schaner, and James Wallace of Berkeley.

Places were set for a dozen intimate friends of the bride-elect.

Wallace is a son of Mrs. E. C. Young, prominent club woman in the college city. He served overseas during the war.

Mr. and Mrs. Welcome E. Fites will go east in June. Mrs. Fites will visit relatives in Indiana for several weeks. Much of her time will be passed at South Bend and Indianapolis.

Mrs. Jack Martin left for Los Angeles today to join Mrs. Clifford Durant and Mrs. Ethel Wilhelm in the southern metropolis.

Over two hundred cards today announced the betrothal of Miss Carolyn Louise Oliver and Ralph Robertson Patrick to many friends. The couple are well known in the bay region. Miss Oliver is the daughter of Mr. and Mrs. A. R. Oliver of Piedmont. She is a member of the class of '22 at Mills College and a musician of unusual ability. Patrick is a son of Mr. and Mrs. A. R. Patrick of this city and a member of the class of '21 of the College of Agriculture at Davis and prominent in fraternity circles. The wedding will take place during the coming month.

Cards were received today for a tea which Mrs. August Leo Fournier of 1116 Twelfth avenue, San

## Build lasting comfort into your home

THE comfort and convenience of your home ten years from now may easily depend upon the choice which you make today of the contractor who makes the electrical installation.

There is not a single element in your building plans which is more important—not even the plumbing.

Cut-rate electrical contracting is never economical in the long run; when a bid is too low there must be inferior materials and poor workmanship to make up for it.

Choose a qualified, responsible contractor, one who employs good workmanship and standard materials such as those which the Pacific States Electric Company, with a world market to choose from, has inspected and certified as standard and identified with the "check" seal reproduced below.

These standard materials and appliances can be obtained from electrical contractors and dealers who are qualified as to their responsibility and technical competence.

You will enjoy our new booklet "The Electrical How for Homeholders" which lists some of these standard materials and appliances and describes their use in the progress of a typical day in an electrified home. It may be obtained free from any contractor or dealer displaying this seal.

Look for this Seal.

## MARY AS NAME IS IN DISFAVOR WITH BRITISH FAMILIES

Sarah and Alice Also Have No Vogue At Present, Search Discloses.

LONDON, April 21.—Mary, one of the prettiest names typically English, and hallowed by many beautiful associations, is now falling rapidly out of public favor in England. Since Byron's day it has fallen under a cloud and lovers of old-world names and places are distressed.

The unpopularity of the name has only been evidenced lately, when one of the organizers of the English Marys tried to collect together all those named Mary, Marie, Maria, Marion or Marianne and subscribe a wedding present to Princess Mary. They searched the registry offices and to their chagrin they made the discovery that, although the name is the favorite with the Royal family, it is not by any means so with the rest of the inhabitants of the British Isles.

Names like woman's hats, have their vogue; they move in circles following the fashion of the moment.

There have been too few heroines of late for their Christian names to be passed on to the girls of the succeeding generation. Grace Darling, the lifeboat heroine, left an army corps of Graces behind her, while Florence Nightingale popularized the name Florence for many generations.

Knowadays, however, there has been no indication that the old English names of Mary, Sarah, Alice and Anne have any vogue. But Mary, never Mary, of course, suffers from being so often coupled with Jane, the double name typifying the domestic servant of the Bloomsbury district. Most servant girls are dubbed Mary, and if that is not their baptismal name they will be doomed to answer to it.

## SEX WAR NEAR IN BRITAIN, IS WRITER'S CLAIM

LONDON, April 21.—A feminine war against the male sex is well under way in Great Britain, according to Elliott O'Donnell, English author and investigator.

O'Donnell, who is the author of more than thirty books on psychic matters and who has established a reputation as an investigator of birth but in reality an American product for his family settled in Baltimore more than a century ago, and he spent the early days of his youth on a ranch in Oregon.

This English investigator informed the International News Service that he is in possession of absolute evidence that "ultra-feminists" are laying plans for a sex war in England, and he has no doubt that their organization extends to the United States.

"Secret meetings from which men are rigidly banned, are being held repeatedly, and the doctrine of male hatred is subtly but vigorously propounded."

"The chief aims and objects of the movement are in the field of politics and economics."

O'Donnell declared that the "ultra-feminists" are of three types, as follows:

1. The type that apes the masculine.  
2. The anemic, fretful type of woman.  
3. The patently abnormal woman.

U. S. ENGINEER DROWNED.  
BOISE, Idaho, April 21.—Ralph E. Thompson, engineer in charge of the construction of the Black Canyon dam for the United States Reclamation Service, was drowned in the Payette river yesterday when, with a workman, he attempted to cross the river in a skiff, which was overturned in an eddy of the rushing current.

SNOW FALLS IN NEW YORK.  
SYRACUSE, N. Y., April 21.—A snowfall in Central New York, starting early yesterday, had piled up eight inches at nightfall. No serious delays were reported by traffic officials.

Strand Foy, a Norwegian whaler, invented the harpoon grenade used in whaling.

## BERLIN ENVOY OF U. S. AT HIS POST

BERLIN, April 21.—(By The Associated Press.)—The American ambassador to Germany, Alanson B. Houghton, who arrived here today, called at the foreign office this afternoon and presented a copy of his credentials to Dr. Haniel von Haimhausen, the under secretary, who is acting chief during Rathenau's absence. The ambassador will be formally received by President Ebert Saturday.

Total of 1,200,000 horsepower is now produced from waterfalls of Norway.

## Second N. Y. Woman Is Slain by Fiends

NEW YORK, April 21.—Police today were without a tangible clue in the second fiendish murder of a woman to occur in New York within two weeks.

Mrs. Elizabeth Brodovitzky was found slain and her body mauled almost beyond recognition last night in the coal bin of an apartment.

Nellie Carey was slain a few days ago by a "Jack the Ripper," and her nude body cast into a tenement hallway.

"Lost Treasures of the Missions" sounds like the product of a fictionist's mind, yet it isn't. Francis C. H. has discovered something about mission treasures never yet published, explaining why there are so many ruins among the California adobe churches. In Sunday's TRIBUNE.

## STARS OF FILM IN NEW COMBINE

LOS ANGELES, April 21.—Negotiations for the formation of a new motion picture releasing company, which, it is said, will insure an open market to independent producers, have been brought to a close here. It was announced tonight with the departure for New York of Dennis F. O'Brien, attorney for Mary Pickford and Douglas Fairbanks.

Details of the new organization's activities have not been worked out, but Mr. O'Brien stated it would not enter the production

field and would handle independent productions exclusively.

The organizers will be Mary Pickford, Charlie Chaplin, Douglas Fairbanks and D. W. Griffith.

"FARMER-PAINTER" DIES.  
LOS ANGELES, April 21.—Alfred Montgomery, known as the "Farmer-Painter," died at a hospital here Wednesday after an illness of a month. He was 65 years old and is survived by a widow and daughter. Montgomery was best known for his paintings of farm life. His "Down on the Farm" was hung at the Paris exposition in 1900.

California at one time supplied all of America and much of Europe with leather. In the days of the missions the hide-trade was gigantic. Something about this great industry is told in "Back-trailing On the Old Frontiers" in next Sunday's TRIBUNE Magazine.

## OLIVE GROWERS TO FORM ASSOCIATION

LOS ANGELES, April 21.—Initial steps for the formation of a state-wide association of olive growers were taken here yesterday at a meeting of representative men engaged in that industry from all sections of California. It was proposed to form an organization similar to that of the California Raisin Growers' Association.

Forty thousand acres are planted to olives in California and at least 75 per cent of the acreage must be signed up before the proposed association would be on a working basis.

**SHOOT HER BRIDEGROOM.**  
COPENHAGEN, April 21.—"Look out!" laughingly cried Mrs. John Hanson, a bride of two days, pointing a revolver at her husband. She didn't know it was loaded. John is dead.

**FRENCH CENSORS ACTIVE.**  
PARIS, April 21.—"The war is over; there is no censor." Such is the official version. Nevertheless, correspondents find that certain dispatches are mysteriously "lost" or delayed in transmission.

## SOVIETS DEMAND RIGHT TO LIMIT RUSSIAN TRADE

Liberty in Industry Neither Possible or Desirable, Krassin States.

GENOA, April 21.—(By the Associated Press.)—Speaking before the commission on the economics of the economic conference yesterday, Leonid Krassin, soviet trade expert, objected to the idea of restoring liberty of trade in Russia, saying it was neither possible nor desirable. He claimed the right for Russia to restrict both imports and exports in any way she thought fit. Krassin declared Russia had not abandoned the idea of complete socialization of the means of production and exchange, and said Russia was drawing as near as she could to a state of socialism. The Russians claimed complete monopoly of internal trade, which he declared must move through central organizations of the soviet government. He told the commission that Russia could not give up control of foreign trade unless she could first regulate internal trade. Even if the economic structures of the defendant countries allowed such procedure, he declared any interference with the soviet government in foreign trade could be feasible only on the following conditions:

1. Economic restoration of all countries.
2. Re-establishment throughout the world of economic equilibrium.
3. Stabilization of exchanges in all countries.

Under these conditions were attained, he emphasized, a proclamation of the principle of liberty in commerce was undesirable, as it would aggravate the conditions in countries whose economy was disorganized, making them a prey of the richer countries. Therefore, it was indispensable to maintain a system of limitation of exports and imports, especially in Russia. Krassin asked that raw materials be systematically divided among the different countries.

PREMIER HJALMER BRANTING of Sweden, who at the Genoa conference expressed his hope that the disarmament idea would be stimulated by the conference, even though it is not in the agenda. Copyright, 1922, by Underwood & Underwood.

Building Opened to 1923 Women at U.

BERKELEY, April 21.—Third year students at the university were admitted to Senior Women's hall last night, and the women of the graduating class turned over the building to next year's seniors. The men and women of the senior class each possess a building on the college grounds in which they meet every Thursday night to discuss matters of student government.

## OPTIMISTS HEAR WATER, POWER ACT EXPLAINED

Mayor Bartlett Tells Details of Proposed Measure at Club Luncheon.

Addressing the luncheon of the Optimists' Club at the Hotel Oakland today, Louis Bartlett, mayor of Berkeley and president of the League of California Municipalities, explained various provisions of California's Water and Power Act. "The fundamental processes of the act would make impossible the carrying out of an unsound or impracticable project," said Mayor Bartlett. "The language of the bill requiring members of the finance committee to pass on the details of a project, makes it clear that the merits of the project must be an essential part of the committee's considerations. This committee is composed of the Governor, the state treasurer, the controller, the chairman of the Board of Control and the chairman of the Water and Power Board. It is impossible to believe that any proposed betrayal of the people could run the gauntlet of these five officials. The charge that the people would have to pay by taxation the principal and interest of bonds under this act is a power company fiction. The act provides for a gradual issuance of state credit, item by item, on the basis of assured returns from water and power in sight."

Mayor Bartlett discussed in detail the experience of Los Angeles and Ontario, Canada, in public development, maintaining that these two systems had demonstrated that water and power assets would pay for their own development.

**BLUE-EYED PRINCE.**  
MADRID, April 21.—The 14-year-old Prince of the Asturias, heir to the throne of his father, King Alfonso, is soon to enter a military academy. He is popularly known as the "Blue-Eyed Prince."

**PEER ARRESTED.**  
LONDON, April 21.—Lord Brooke went to the assistance of a drunken marine and was attacked by a crowd for spoiling their fun. Then he was arrested for disturbing the peace. He was freed when the court heard the facts.

**WIFE AIDS BLIND LAWYER.**  
LONDON, April 21.—Robert W. Bowen, who was blinded in the Battle of Ypres, has taken high honors at Cambridge and been called to the bar. His wife read to him the textbooks he had to master.

## We Defy Any Dentist To Match This Set of Teeth at \$15

### EVERSTICK SUCTION PLATE

With Genuine Trubyte Teeth \$15 Satisfaction Guaranteed

Since we started to advertise our Everstick Suction Plate with genuine Trubyte Teeth, at the remarkably low price of \$15, a host of would-be imitators has sprung up.

Some of them are advertising low-grade sets of teeth—worth about \$7—which they call True-Bite, WHI-Bite, No-Bite or some other kind of "Bite," at prices ranging from \$9.75 to \$14.99. Not one of these dentists is offering genuine Trubyte Teeth at the prices mentioned, but is merely trying to palm off an inferior product on the strength of the widespread interest our advertising has created in real Trubyte Teeth.

Understand that Trubyte Teeth are the most expensive teeth made—the kind that high-priced dentists use on plates costing from \$50 to \$100. The Everstick Suction Plate is the very best vulcanite plate known. You can't get a superior set of teeth at any price. Before we could think of making this set of teeth at \$15, we had to contract for immense quantities of Trubyte

Teeth and other high-grade materials in order to cut our production costs to the lowest notch. We defy any dentist to produce a set of teeth, of equal quality, at the price we ask.

The Everstick Suction Plate is a wonderful improvement over old-style plates. It fits perfectly and never becomes loose or wobbly. The suction holds it firmly in place, even under the most severe conditions. It will give you more real comfort and service than any plate you can get, regardless of price.

Trubyte Teeth must not be classed with the cheap sets of teeth generally offered at this price. They look like real teeth in every respect, and have the greatest possible strength and durability. The gold-clad pins on which they are mounted cannot corrode and break like the cheap pins used on inferior teeth.

We guarantee the Everstick Suction Plate to fit perfectly and give complete satisfaction. Call and inspect samples of our work before you order a plate of any kind.

Examination Free. Hours—9 a. m. to 6 p. m.

## REVIVAL OF U. C. DUCKING LOOMS

BERKELEY, April 21.—Threatening to revive the traditional "ducking" in the mining pond at the university, the students of the present freshman class today declared that they would be well prepared to "instruct" the next class in college tradition.

Evidence was called by the class president for the selection of officers for the next college year, and the men nominated were unanimous in their declarations that, in spite of the campus rule against hazing, the pond would be used for the punishment of wayward freshmen. The "Chem. Pond," which was used by the second year men of the past, was drained several years ago, and since that time the years ago, and since that time the pond has been used for the punishment of wayward freshmen. The "Chem. Pond," which was used by the second year men of the past, was drained several years ago, and since that time the pond has been used for the punishment of wayward freshmen.

## Jury Frees Man of Auto Death Charge

SAN JOSE, April 21.—Nine women jury members today returned a verdict completely exonerating A. A. Azevedo, local rancher, from all blame in connection with the death of Thomas A. Weeden, also of this city, who was killed when struck by an automobile driven by Azevedo on the State highway north of Santa Clara on January 17.

The verdict came after four days of trial of the \$25,000 damage suit brought by Mrs. Mary Weeden, widow of the deceased auto victim, and her children. The jury was out but two hours.

The verdict introduced at the trial showed that Weeden was standing by his car near the middle of the highway on the night of the fatality and that he did not have his lights burning at the time.

The jury's verdict called upon the plaintiffs to pay for costs of suit for the defendant.

Not so many years ago the grizzlies were killing and mauling scores of Indians about San Francisco bay every year. At a later date an occasional grizzly killed a white man. Ross H. Ryder tells about the "Hull Mountain Tragedy" in Sunday's TRIBUNE.

## —it's the Internal Thermostat plus the construction—

that makes the Ruud the standard for hot water heaters

The advantage of an INTERNAL THERMOSTAT in an Automatic Hot Water Heater lies in the fact that you have two positive controls at all times. It serves a two-fold purpose—economy and safety. It controls the quantity of gas flow, allowing only enough to heat the quantity of water flowing through the coil. It also controls the flow of gas to the heater if the water pressure control of the gas happens to stop working at any time.

## The Ruud Heater

Is always equipped with an Internal Thermostat—regardless of size. It is the most important part of the heater, provided it is properly located. Remember this: The Ruud Thermostat is placed in the heat center of the heater. It responds instantly to every change in temperature. A Ruud will supply you with a cup of a tubful at a moment's notice—think of the convenience and pleasure of having all the Hot Water you may need.

**POLLARD'S HOME SPECIALTIES**

OAKLAND TRIBUNE CLASSIFIED BRINGS RESULTS

## HANGED BY FEET, RANCHER DIES

SANTA ROSA, April 21.—Hanged by the feet until dead.

The finding late yesterday of the body of F. W. Beneker, aged 34, a rancher, after a search of five days and brought to light one of the most fantastic and weird fatalities in the history of the Sonoma hill country, where sudden death often comes in strange and gruesome ways.

Head downward, hanged by the feet from a tree in a lonely ravine in the Casadero hills, Beneker's body was found by G. W. Miller, a neighboring rancher, who last Saturday loosed Beneker a team and wagon, and who alarmed at the continued absence of his aged friend began a search through the hill roads for him.

The faithful team of horses, starved and near death from thirst, led to the discovery of the tragedy, as they had refused to leave the place where Beneker met his death. Medical science will be called upon to determine the nature and cause of the death of a man hanged by the feet. It is said that the death of Beneker is one of the rare instances of this form of death.

Whether or not the man died of starvation, fear, or congestion of the brain caused by the rush of blood to the head, has not been determined. It is believed that Beneker was pushed from his wagon when the wagon struck a rut in the road. Plunging over the edge of the ravine his feet entangled in a crotch of a tree and held him, head dangling, until death ended his torture.

A jury summoned by Coroner Frank M. Phillips returned a verdict of accidental death, not specifying the exact cause.

The couple will make their home at 1410 Bissell avenue.

**Richmond Couple United at Altar**

RICHMOND, April 21.—Miss Anna Axelson and Charles B. Brichman were united in marriage at the home of the bride's parents, Mr. and Mrs. E. R. Axelson, 143 Eleventh street, yesterday afternoon. Dr. Thomas A. Boyer officiated.

The bride is a graduate of the Richmond Union high school. Brichman is storekeeper for the marine department of the Standard Oil company, where he has been employed for the past sixteen years.

The couple will make their home at 1410 Bissell avenue.

**High School Track Team Wins in S. F.**

RICHMOND, April 21.—Richmond high's track team again yesterday defeated both Tamalpais and Mission high school teams at San Francisco. The score stood, Richmond 60, Tamalpais 40, Mission 33.

A big gathering of Richmond rooters attended the contests which were held in the stadium at Golden Gate park.

**Ground Broken for Factory Structure**

RICHMOND, April 21.—Ground was broken this morning at Nevin and Second for the new factory of the Decora Manufacturing company. The floor area of the completed structure will be 40 by 90 feet, the building to be of sheet metal with brick and plastered front. Charles Renwick of the Decora company is to supervise construction.

**Program of Songs And Dances Given**

RICHMOND, April 21.—Miss Eleanor Hart, one of Richmond's talented dancers, put on an elaborate program of dances and musical numbers at Lincoln auditorium last night.

Miss Fern Beckman, accompanied by Emil Esola, rendered several classical numbers on the violin as an intermission.

Miss Hart made a decided hit in her rendition of "Sailor's Hornpipe."

## RICHMOND

### FACTORY SITE IS BEING 'BUILT' WITH DREDGER

RICHMOND, April 21.—Procurement of the new factory site at South Richmond is fast filling up with mud lifted from the inner harbor and spread over the company's land by the big dredger which recently arrived from Seattle.

It is expected that the inner harbor work will be finished in the next two weeks, after which the dredger will be moved to its principal work, dredging out the main channel of the outer harbor leading to the municipal wharf.

**SWITCH ENGINE KNOCKS STREET CAR 15 FEET**

RICHMOND, April 21.—About 5:30 yesterday afternoon Key Route car No. 273 while crossing the Santa Fe tracks at Garfield avenue was struck by a switch engine and shunted fifteen feet off the rails. The car did not turn over and the passengers escaped injury.

Haines and T. DeLong, conductor and motorman, declared that the foreman of the switch engine had given them the signal to go ahead and pass over the crossing but when the car was in the middle of the crossing, they said, the engine backed into the car with such force as to push it almost into the gutter.

Both railway companies are investigating the accident.

**Leader of Swedish Women Succumbs**

RICHMOND, April 21.—Miss Lillian Carlson, a prominent member of the Swedish Ladies' Society of Oakland, died at her home in Stege yesterday after a brief illness.

Deceased was a native of California and 29 years of age. She is the daughter of Mr. and Mrs. S. A. Carlson of Stege, where her father is superintendent of the Stauffer Chemical works.

Her mother and a sister, besides the parents survive her, Carl T. and Oscar, and Mrs. Ethel Dawe.

**Santa Fe Man and Richmond Girl Wed**

RICHMOND, April 20.—Miss Helen Grace Otis of Oakland was married to Charles Macintosh of Clovis, New Mexico, last night at the home of the groom's parents, Mr. and Mrs. J. T. Macintosh, 327 Ninth street. Rev. R. L. Webb of El Cerrito performed the ceremony.

Lillian Macintosh was maid of honor and Emmett Hitchcock acted as best man.

The couple left on their honeymoon to be spent in New Mexico, where they will make their home. The groom is employed by the Santa Fe.

**NEW BUILDING PLANNED.**

RICHMOND, April 21.—Fred Florin, owner of the Florin apartments at Fifth and Macdonald, will erect another office building adjacent to the new office structure now under way for M. A. Hays near Twenty-third and Macdonald. The new building will be of brick and one story. K. J. Henning is contractor.

**MRS. ALVAH H. McCREARY,**

of Philadelphia, who says nothing she could say for Tanlac would be half good enough after the way this remarkable medicine has brought back her health.

### RODEO CHURCH PLANS SUMMER CAMP OUTINGS

RICHMOND, April 21.—The younger members of Rodeo Community church are laying plans for the summer camp to be maintained on the slope of Mt. Tamalpais.

Two separate camps will be maintained, one for the boys' B-Square club and the other for the girls' club.

Older members of the congregation are taking an interest in ways and means for consummating the summer camp plan.

**RICHMOND FIRM CITY ATTORNEYS IN EL CERRITO**

RICHMOND, April 21.—City trustees of El Cerrito last night named Pierce & Carlson city attorneys, after a ballot in which Trustee Gray cast his vote for L. M. Opsahl of El Cerrito, Trustee Carlson, Connolly, McDermott and Lee voted for the Richmond attorneys.

A. H. McKinnon was reappointed city tax collector. All other officers of the former administration were retained.

The following committees were named: Condon, streets; Gray, health and safety; McDermott, lights and water; Connolly, fire and police protection; McDermott and Condon, finance.

**Three Break Parking Law; Are Dismissed**

RICHMOND, April 21.—Three parking ordinance violators appeared in police court yesterday and were dismissed without being fined.

Mrs. F. J. Rowney, 1534 Fairview street, Berkeley, got off with a caution to watch her parking place whenever visiting in Richmond.

She declared that the parking mark on Macdonald avenue near Eleventh street was indistinct, especially at night.

A. J. O'Loan, driver for Marshall Steel company, living at 2051 Barrett avenue, was let off for parking on Fifth street in a "no parking" strip.

**Santa Fe Man and Richmond Girl Wed**

RICHMOND, April 20.—Miss Helen Grace Otis of Oakland was married to Charles Macintosh of Clovis, New Mexico, last night at the home of the groom's parents, Mr. and Mrs. J. T. Macintosh, 327 Ninth street. Rev. R. L. Webb of El Cerrito performed the ceremony.

Lillian Macintosh was maid of honor and Emmett Hitchcock acted as best man.

The couple left on their honeymoon to be spent in New Mexico, where they will make their home. The groom is employed by the Santa Fe.

**NEW BUILDING PLANNED.**

RICHMOND, April 21.—Fred Florin, owner of the Florin apartments at Fifth and Macdonald, will erect another office building adjacent to the new office structure now under way for M. A. Hays near Twenty-third and Macdonald. The new building will be of brick and one story. K. J. Henning is contractor.

**MRS. ALVAH H. McCREARY,**

of Philadelphia, who says nothing she could say for Tanlac would be half good enough after the way this remarkable medicine has brought back her health.

**SKIN BREAKS OUT AND ITCHES APPLY SULPHUR**

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery sores, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Advertisement.

**No Old Women Nowadays.**

Modern dress, hair dressers, facial experts and cosmetics all combine to keep women of all ages young and attractive in appearance. Not until the telltale wrinkles become so deep, the figure stoops, or some ailment or weakness develops to drag a woman down does she really look her age.

Every woman owes it to herself and her family to keep herself young in appearance, and happy. When headaches, backaches or "the blues" develop or when a woman reaches the trying age from forty-five to fifty, Lydia E. Pinkham's Vegetable Compound may be depended upon to keep her in health as it has so many other women whose letters we are continually publishing in this paper.—Advertisement.

**Cuticura Talcum Is So Refreshing.**

A few grains of this exquisitely scented powder dusted on the skin soothes and cools, and overcomes heavy perspiration. It is an ideal face, skin, baby and dusting powder and takes the place of other perfumes for the skin.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. 517, Malden, Mass." Send 10-cent stamp for Cuticura Soap, Cuticura Talcum, Cuticura Cream, Cuticura Lotion, Cuticura Ointment and the Talcum. Cuticura Soap shaves without mug.

## LAWYERS TO BENEFIT WOMEN, TOPIC AT BALTIMORE MEET

Delegates Discuss Legislation in Interest of Workers and to End Vice.

BALTIMORE, Md., April 21.—Round-table discussions were continued at today's meetings of the Pan-American conference of women begun here yesterday under the auspices of the National League of Women Voters. "Women in Industry" being the topic at the first session.

Miss Mary Anderson, chief of the women's bureau, United States department of labor, presided. This question was considered in four sessions as follows:

1. Appointment of qualified women in all public agencies, commissions or tribunals, national, state and local, dealing with the interests of women.

2. The limitation of the hours of work for wage-earning women in industrial undertakings to not more than eight hours in any one day, or 44 hours in any one week, and one day's rest in seven.

3. The prohibition of night work for women in industrial occupations.

4. The prohibition of the employment of women six weeks before and after childbirth.

At the conference on prevention of traffic in women, accomplishments and results of conferences in Geneva in June, 1921, and at Rome in November of the same year, were presented briefly.

**Shake Into Your Shoes Allen's Foot-Ease**

The Powder for the Feet

This Antiseptic, Healing powder takes the friction from the shoe, freshens the feet and gives new vigor.

Makes tight or new shoes feel easy

At night when your feet are tired, sore and swollen from walking or dancing, sprinkle ALLEN'S FOOT-EASE in the shoe-bath and enjoy the bliss of feet without an ache.

Over 1,500,000 lbs. of Powder for the Feet were used by our Army and Navy during the war.

In a Pinch, use ALLEN'S FOOT-EASE

**"Brace up!"**

Every American Needs Nerves of Steel Muscles of Granite and Blood of Iron

A surplus of vigor and strength is required in these strenuous times to maintain your position at the "front." When you allow your mental or physical strength to fall and remain below par you are courted certain defeat in Life's pursuit.

The course of human existence demands every ounce of vitality you can muster. The great cry of need is and has always been, for ruddy, robust, blood-bruised men.

It takes strong, healthy brain and brawn to scale the steep inclines of human conflict and still possess the necessary reserve force to go over the top.

The puny, emaciated, run-down, nervous, overwrought, lack the "punch," the fire, the spirit and the "pep" to accomplish the things worth while; to attain to the heights of sublime endeavor. Cast off, then, the

burdensome handicap of a subnormal condition. "LYKO" is making men strong and swift—vigorous and virile—putting them in the pink of condition—keeping them fit to fight the battles of Life.

This wonderful tonic will bring to you the physical vim and the mental keenness of perfect health—the capacity to do and to dare! It will give to you that supreme confidence, that undaunted courage and that winning power that health alone imparts.

Buy a bottle of "LYKO" today! Then keep it on hand at all times in the future. Take it whenever you lack appetite, have indigestion, feel exhausted, worn-out, nervous, "upset" or debilitated from any cause, whether from a general run-down condition or a specific illness. It has wonderful health restoring powers because of its prompt aid to Nature to replace worn out muscle, bone and nerve tissue—the ideal tonic and strength builder.

**New York Doctors Tell Women Just How To Round Out Face and Have A Shapely Figure**

Very Remarkable Series of Tests Prove Amazing Value of MASTIN'S Vitamin Tablets to Increase Weight and Energy, Clear Skin and Act as a General Health-Building Tonic.

Thin and run-down women everywhere who have vainly tried to put on firm flesh and build up a pretty, well-rounded face, should read below of the truly surprising results produced by MASTIN'S Vitamin Tablets in series of tests made by several prominent New York Hospital Physicians recently.

Twenty-two weak, thin, nervous men and women were selected at random from the workers of the metropolis and their progress closely watched from day to day by this Committee of Doctors. In no one case did any one making the test lose a single day from work or change their regular mode of living.

Two of MASTIN'S Vitamin Tablets after each meal. At the conclusion of the fifth week the weight measurements and general physical condition of these cases were checked—what the Committee of Doctors found out proved a wonderful surprise to themselves—a great loss of weight and makes perfectly clear what you may expect MASTIN'S to do for you.

To quote one of these physicians: "out of twenty-two cases under observation many of them put on as much as 15 pounds." Not only did they gain weight, but all three vitamin tablets contained not only the purest form of concentrated yeast vitamins but all three vitamins—scientifically combined with specially prepared organic iron for your blood, the real salts of lime and other vitalizing brain, bone and tissue-building elements of Nature, MASTIN'S provide just what your body must have to produce real "stay" VITAMON. You can get MASTIN'S at all good druggists.

## TRIBUNE ARTICLES ON RADIO PRINTED IN BOOKLET FORM

Last Installment Is Given  
Today of Edward M.  
Sargent Series.

Today's installment of Edward M. Sargent's article explaining radio in a simple way ends the series which he prepared for The TRIBUNE. There has been a great demand for these articles in booklet form, and they may be obtained at the Western Radio Electric Company's store at the corner of Twelfth and Franklin streets, of which Sargent is manager.

Today's and the last installment, tells of the licensing of broadcasting stations and how they are operated so that no two stations are broadcasting at the same time.

By EDWARD M. SARGENT.

Different classes of radio stations are assigned different wave-lengths, viz: music broadcasting stations are assigned a wave length of 360 meters; ships are assigned 600 meters; time signals are assigned usually on 2000 meters; transatlantic and transpacific stations use long wave-lengths, 10,000 to 15,000 meters.

**GIVEN CALL LETTERS.**

Every transmitting station, when it is licensed, is assigned a set of call letters by its government. For example, the letters KGO are assigned to the broadcasting station of the Western Radio Electric Company. Assignment of call letters is done under international agreement and a record kept of all licensed stations. This record is a book, somewhat like a telephone directory, called a "Radio Call Book." When a station "signs" its call letters, as it is required to do each time it transmits, the location of the station can be found by looking in this call book. If one station desires to send to another, it looks up that station's call letters, calls them several times, signs its own letters and then "listens in" for the answer.

**LITTLE INTERFERENCE.**

Although several stations are assigned to the same wave-length, there is not the interference resulting that might be expected. In the first place, there are certain limits beyond which it is not expected that communication will be necessary. The nearby stations are the ones from which reception is usually necessary or desirable. These naturally are louder than the distant ones and hence no interference results from the distant transmitter. Again, it is almost impossible, particularly with radio phones, to tune any two transmitters to exactly the same wave-length and the characteristics of radio phones are such that the receiver must be very carefully adjusted to pick them up. Any variation in wave-length would necessitate a new adjustment, so that interference is not commonly experienced. Interference among local stations is eliminated by pre-arranged schedules.

## Will Play for Tribune Broadcast

Ernie Milliken's U. C. Toddle Syncopators, who will furnish the music that will be put on the air tonight by The TRIBUNE's radio broadcasting station on the Hotel Oakland. Ernie Milliken is seated at the piano. Bottom photo is that of ROBERT CARLSON, basso profundo, now appearing at the new Franklin Theater, who will sing on the radio waves.

SEAMAN PALES TO DEATH.  
SAN FRANCISCO, April 21.—Juan Angoco, a seaman on the steamer Wolverine Star, lying in Pier 46, while working on deck, stumbled through an open hatch today and fell 50 feet to his death.

## Tribune Broadcast Tonight Will Give Feature Numbers

The TRIBUNE has arranged a treat for Eastbay radio fans in connection with The TRIBUNE broadcasting service from the Hotel Oakland tonight. Ernie Milliken and his U. C. Toddle Syncopators from the New Franklin theater will play several of the latest jazz selections, including "How Many Times," and "After the Rain." In addition to Milliken's orchestra, The TRIBUNE will present Robert Carlson, basso profundo, also a New Franklin theater feature. Carlson will sing

## ANSWERS TO QUESTIONS

Radio Editor TRIBUNE: (1) Will you kindly describe the loose coupler you are giving away?  
2. Could I get a 45-volt "B" battery instead of the 22-volt battery you are giving away?  
3. I was looking at your audio panel set displayed in the window of the Western Radio Electric Company and I would like to find out if the switch on the right is a "B" battery control or a grid.

4. What is the "A" battery of The TRIBUNE's set and of what amperage hours?  
5. About how often would I have to get the "A" battery charged.

5384 College avenue.

1. The loose coupler of The TRIBUNE is for 350 to 500 meters with slider and primary and tuned crystal detector.

2. Yes. With five three-monthly subscriptions to The TRIBUNE.

3. "B" battery control.

4. Six volt, 50 ampere hours.

5. That would depend on how much you used it. If steadily used it would probably have to be recharged every two weeks.

Radio Editor TRIBUNE: (1) Will the receiving be affected if two aerials are close together, 30 feet or less? How far apart should they be?

2. What antenna should I receive with the following hook-up: Four-wire aerial 50 feet long, double slider tuning coil with 250 turns of No. 20 wire, a fixed condenser and crystal detector?

3. Can I tune finder with a large tuning coil?

4. How long will The TRIBUNE sets be on sale to club members?

5. What is the enrollment of the club at the present time?

6. Who is the radio editor of The TRIBUNE?

1. A tuning coil may be constructed by winding 250 turns of number 20 enameled on a cardboard tube three inches in diameter. Suitable end blocks should support the coil. A brass rod supports a slider should be placed between the end blocks and arranged in such a manner that the slider will move back and forth over the wires of the coil. The enameled should be scraped off where the slider runs. Fasten a binding to the rod and attach another to one end of the coil. Leave the other end of the coil free.

2. Yes, amateurs are prohibited by law from transmitting on the broadcasting wave.

3. No.

4. Yes, indefinitely.

5. 2700.

6. Seth T. Bailey.

Radio Editor TRIBUNE: (1) In case of a lightning storm, would a water pipe ground be safe if it touched the antenna?

2. How far should I be able to receive with a home-made loose coupler, small 1000 ohm Murdock photo, a galvanometer, a ground fixed condenser? My antenna is 75 feet long, 40 feet high at one end and 15 feet at the other.

3. Is it better to have one end of the antenna higher than the other?

4. Would a Remier rheostat increase my receiving power?

5. Some times when I am receiving music from Rockridge it is suddenly shut off and I must ground my aerial before I can receive again.

6. I get Rockridge louder than some other stations. Does he use more power?

"RAY DE OPA"

1. Yes.

2. Music possibly twenty miles, telegraph signals 100 miles at night.

3. It makes very little difference for receiving only.

4. A Remier rheostat could not be used with your crystal set.

5. There must be a bad connection in your set somewhere which is closed by throwing the ground switch. Better go over your connections.

6. You do not state your location. If you are living in the vicinity of Rockridge it is natural that he would come in louder than the rest. Yes, he is using more power than any of the others.

two high-class numbers, and those who are acquainted with his powerful voice will surely listen in for The TRIBUNE broadcast tonight. These feature numbers will be broadcasted between 7:30 and 8 p. m. and will be picked up by the high-powered radio set installed in the New Franklin theater for the benefit of the patrons of that popular show house.

The TRIBUNE news broadcast will be sent out at the usual time, between 7:15 and 7:30 o'clock.

## Will Is Produced Following Citation

Following court action of two days ago for the purpose of forcing him to deliver the will of the late Mrs. Mae M. Fetter for probate, A. E. Cooley, an attorney of San Francisco formally filed the will today.

Mrs. Fetter, widow of Ernest Fetter, automobile man, died on April 10, leaving an estate valued at more than \$10,000. According to the terms of her will, her sister, Mrs. Katherine Baicigalupi of Alameda receives her automobile and the balance is left in trust for her son until he is 25.

According to Judge Mortimer Smith, representing Mrs. Baicigalupi, Cooley, who was Mrs. Fetter's attorney, refused to give up the will today. Judge Smith had issued a citation in the superior court ordering Cooley to show cause why he should not deliver the document.

The attorney-general's demurrer recited that Frohlinger's suit, in which he attacked the constitutionality of the legislative act, did not state facts sufficient for a cause of action. This was overruled today by Judge Harris, who gave the attorney-general ten days in which to answer the suit.

Frohlinger is seeking to enjoin the committee and the state treasurer from carrying out the provisions of a legislative act appropriating \$10,000 for the restoration of Mission San Diego.

## RECORD NUMBER TO GET MESSAGE BY RADIO TONIGHT

Secretary Wallace Will Talk  
on Arbor Day at 6 P. M.,  
Coast Time.

WASHINGTON, April 21.—Secretary Wallace of the department of agriculture will attempt tonight, on Arbor Day eve, what is described as "the most widespread radio distribution of a single message" ever to be made. The message will be transmitted at 9 o'clock, Eastern standard time, from the government station at Arlington, Va., San Diego, and San Francisco, Calif., the Great Lakes navy station, and all army and postoffice department stations, and also by the radio league and radio broadcasting stations.

Radio experts state that, because of the constantly increasing number of radio sets in operation, the voice of the secretary will reach more people "than any human voice since time began." One year ago there were perhaps 60,000 radio receiving sets in this country. Today there are over 500,000 and the present monthly increase is estimated at 100,000.

## Broadcasting Schedule

The radio broadcasting schedule for this evening, beginning at 5:30 o'clock, is as follows:

5:30 to 6:30—Sacramento Bee, news and concert.

5:30 to 6:45—The Examiner, news and concert.

6:45 to 7—Rockridge, news.

7 to 7:15—Fairmont Hotel, financial and weather reports.

7:15 to 7:30—The TRIBUNE, Western Radio Electric, Hotel Oakland station, complete news summary of the day, foreign and sports.

7:30 to 8—The TRIBUNE, program as follows:

Ernie Milliken and his U. C. Toddle Syncopators, from the New Franklin theater, who will play: "How Many Times," "A Dream," "After the Rain," and "Dimples."

Robert Carlson, basso profundo, will sing "Just a Little Rain-bow," and "A Perfect Day."

The special concert to be broadcast by the Rockridge station will follow immediately after the TRIBUNE, and will consist of numbers by Miss Marie Milliet, accompanied by Eleanor Morris.

Speech by W. M. Jenkins, chairman Christian Endeavor Society and president of the World's Union of Christian Endeavor Societies. Also, conducted by the Treble Clef of the University of California.

## Fifteen Minutes of Radio Daily

By Edward M. Davis

### THE THERMIONIC TUBE.

Part 1—The Filament.

(Copyright, 1922, by Edward M. Davis.)

The underlying principle of operation of the thermionic tube rests entirely on the theory and action of electrons. The electron is today believed to be the basis of all matter, as well as the element of which all matter is composed, and is merely a small, infinitely small, electric charge. The source of electrons in the thermionic valve is the filament.

The filament of the thermionic tube is of tungsten, or of a tungsten base coated with the oxide of a suitable metal. The filament is the same essentially as that found in any ordinary incandescent lamp and acts no differently. In the thermionic tube the filament is lighted usually from a storage battery, the current being regulated by means of a resistor or rheostat. In the larger tubes of greater power the filament may be lighted by alternating current suitably regulated. When the filament of a thermionic tube is brought to incandescence, negatively charged

electrons are given off by the filament. This discovery was first made by Thomas A. Edison at a time when the electron was little known and likewise when no substantial theory could be given to explain the findings of Mr. Edison.

In order that the mere statement that electrons are given off by a filament when heated to incandescence may not sound uncanny, two commonly observed analogies will be given. When water is heated over a flame or other source of heat, the molecules of the water are set in motion and the velocity of their motion increases as the heat increases. The molecules are rushing about, collide with one another as well as with the walls of the container. These driven to the surface try to break through, and when their velocity is such that they can, they break through the surface and are evidenced by what is called steam. In a like manner when a metal is heated to incandescence, the molecules are set in motion, colliding with one another and trying to break through the surface, and when their velocity has reached a point, due to intense heat, sufficient to break through themselves from the metal, they break through and are evidenced by sparks and "rockets" bursting out from the metal. These two analogies will picture to the mind how a filament, heated to incandescence in a vacuum and throwing off negatively charged electrons can be used as an electron generator.

The function of a filament in a thermionic tube is to furnish a flow of electrons. Any source of electron flow could be used, but to the present time the filament has been the simplest and most practical.

## OAKLAND WILL BE REPRESENTED AT RAISIN DAY FETE

City Council Agrees to Send Delegates to the Annual Fresno Carnival.

For the first time, the city council agreed to send delegates to the Raisin Day festival at Fresno April 27-29, and appropriated \$100 toward defraying expenses. Oakland has been invited to participate for many years but has ignored it till now. The members of the council and the city attorney will go and will meet the Oakland "boost" delegation from the Chamber of Commerce at Fresno.

The council today also created a single family residence district for Steiner Terrace, whose residents recently complained that commercial establishments were about to invade their district.

Mayor Davis, who is ill at Byron Hot Springs, was granted a 30-day leave of absence.

The salaries of the superintendent of the garage and the head machinist were raised, as is due for length of service.

Protests by persons in the Perry building against the radio magnavox on the roof of the Arcadia dance pavilion, which broadcasts music into the streets, were referred to the city attorney for action. He said he would muffle the machine during the day.

A communication was received from Oakland Post No. 5, American Legion, commanding the city officials for the jurisdiction care exercised in the observance of flag etiquette, pertaining to the raising and lowering of the flag daily at the city hall.

"We regret," the Legion says, "that the flag is not more regularly displayed in the city, and that a number of those who do display it are often careless in the observance of the rules of flag etiquette."

## State Printer May Run for Treasurer

SACRAMENTO, April 21.—State Printer James Crenin is being urged to enter the race for state treasurer, according to announcements here today. Crenin's friends are seeking to get his agreement to put his name on the ballot for the August primary election. Crenin would have the backing of the governor's office if he decided to run, it is believed.

Crenin would make no statement on the matter today.

## Contract Let for Palo Alto Hospital

WASHINGTON, April 21.—Award of the contract for the United States Veterans' hospital at Palo Alto, California, at a cost of \$861,963, to Mahoney Brothers of San Francisco, was announced today by Assistant Secretary of the Treasury Clifford.

## CITY WITHDRAWS SUIT.

On the ground that the sleep of residents of the neighborhood of Twenty-fourth and Broadway is no longer being disturbed by the operation of the Union Ice company's plant, the city today withdrew the suit in which it asked a permanent court injunction against the company.

## HEAD COLDS

## LEGAL NOTICE

WEST OAKLAND HOME.

Children admitted to West Oakland Home:

Elise Olsen, an abandoned child, aged 15 years and 10 months; Gladys De Costa, 12 years, 6 months; Elizabeth Burns, whole orphan, age 14 years and 7 months; Edward Douglas, half orphan, age 12 years and 10 months; Robert Douglas, half orphan, age 11 years and 7 months; Virginia Page, half orphan, age 9 years and 9 months; Robert Page, half orphan, age 14 years and 3 months.

MRS. W. M. MANN, President.

## NOTICE OF DISSOLUTION OF CO-PARTNERSHIP.

Notice is hereby given that the co-partnership heretofore and now existing between Vincent and Sydney E. Lewis, doing business under and by the firm name and style of VINCENT & LEWIS CO., in the business of manufacturing cold lead in the State of California, with its principal place of business in the City of Oakland, County of Alameda, and the right, title and interest in and to the said business to the said A. Vincent, who will continue to carry on and conduct the business.

Notice is also given that the said A. Vincent will collect all debts now owing and become due and payable to said co-partnership and will pay all debts, now outstanding against the same and will carry out and complete all obligations of said co-partnership heretofore made and entered into.

Dated this 14th day of April, 1932.

VINCENT.

SYDNEY E. LEWIS.

Also known as SYDNEY E. LEWIS.

## DUPLEX ALCAZAR

Seven Savings with the 3-fuel stove.

1. The Duplex Alcazar burns gas or coal or wood. It burns them singly or together and changes from fuel to fuel in an instant.

2. It saves the fuel because the perfect heat control allows spillover and insures cooking for economy.

3. It cuts fuel bills by enabling you to burn the fuel that is most suitable at the time.

4. It saves space because the Duplex Alcazar with its three fuel capacity takes up no more room than one old-style stove.

5. It saves money by keeping the kitchen comfortable the year 'round. In summer you can burn gas and keep cool in winter when you want warmth, use the coal or wood part of the Duplex.

6. It saves time by making cooking quick and easy.

7. It saves space because the two stoves are in one.

There are just a few of the many reasons why it will pay you to have the Duplex Alcazar. Let us show it to you.

## Santa Clara Celebration Ready, to Last Detail

SANTA CLARA, April 21.—Arrangements have been completed for all events of the Mission Santa Clara Centenary celebration, which is expected to attract 150,000 visitors to Santa Clara Valley during the first week in May. Dr. George L. Sullivan, chairman of the general committee, announced recently that every effort will be made to provide for the convenience and accommodation of the thousands of visitors in the way of reasonable hotel rates, fair restaurant prices and general first-class arrangements in business establishments throughout the country during Centenary Week.

Representatives and engineers of the California State Automobile Association are working on special parking and traffic facilities to prevent congestion on the highways both day and night. The Southern Pacific Company has announced a special reduced rate of one and one-half fare for the round-trip between any point in the state and Santa Clara. The various automobile passenger lines plying on Peninsula roads will provide special service during the week, and have also indicated that attractive round-trip rates will be charged for numerous special parties chartering buses for individual trips.

Martin V. Merlo's "Mission Play of Santa Clara" will be staged at the night performances during the week.

Protests by persons in the Perry building against the radio magnavox on the roof of the Arcadia dance pavilion, which broadcasts music into the streets, were referred to the city attorney for action. He said he would muffle the machine during the day.

A communication was received from Oakland Post No. 5, American Legion, commanding the city officials for the jurisdiction care exercised in the observance of flag etiquette, pertaining to the raising and lowering of the flag daily at the city hall.

## DEFENSE CLOSES BATTLE TO SAVE MRS. D'AGOSTINI

Rebuttal Starts in Alameda Murder Case: Fifteen to Be Called.

Following cross-examination of Mrs. Jesuita D'Agostini, regarding her account of the alleged attack made upon her by Arnold Postel just before she shot him last August, Attorney Henry L. Skinner and Monroe Friedman today closed the case for the defense of the young woman, who is on trial on a murder charge.

Rebuttal testimony was introduced late today by District Attorney Decoto and Deputy Earl Warren. It was introduced by Decoto today that the fifteen Alameda citizens including several public officials, who testified in defense of Postel's character during Mrs. D'Agostini's first trial, would be placed on the witness stand.

Mrs. D'Agostini today repeated her previous account of the interview with Postel in the lower hallway of his home on Park street, which she drew in her made improper advances to her, and seized her when she attempted to run away from him. Fearing that she could not escape from him, she said she drew her revolver and fired five times to attract the attention of passersby. Three of the five shots entered Postel's body, killing him almost instantly. Mrs. D'Agostini declared she had no recollection of his death until two days later.

One hundred and fifty-eight educated American citizens who were recently immigrants will be given diplomas of graduation from the Oakland Evening Americanization school tonight by the education officials assisted by members of the American Legion and other patriotic organizations.

More than two dozen nationalities are represented by the graduates, who have achieved scholastic honors through evening study.

"Tonight's graduation ceremony," says Superintendent of Schools Fred M. Hunter, "is a testimonial to the Americanization work done by our schools. It shows that the schools are doing their part toward assimilating the foreigners who come to our shores, even when they are adult foreigners. These men and women are good citizens. They cannot be otherwise. They have paid for their education in a hard way. They have regular hours of work, and it is too hard work to be forgotten easily. We are proud of them."

The graduates have already taken out naturalization papers.

## JAPAN'S SIBERIA FORCE TO STAND

TOKYO, April 21.—(By the Associated Press.)—Minister of War Yamashita today told a delegation of the Kensei-Kai, or opposition party, that reduction of the Japanese forces in Siberia was impossible until an agreement had been reached with a responsible Russian government for the maintenance of order.

The war minister also said it was generally believed that Japan would be called upon to act in case Japanese residents and interests in the Far East were menaced or in case the troops of other Chinese factions now threatening warlike activities should enter the quasi-neutral zones of Peking and Tientsin.

He said that the Japanese military authorities considered that under the existing circumstances it was impossible to reduce the Japanese army by more than 60,000.

## Prescott School to Give Second Play

The second of a series of cosmopolitan productions at the Prescott school in carrying out its Americanization work to be given at the school auditorium tomorrow evening. The production is to be an "Italian-American Night," and a varied program will be presented in which Italian residents and students of the evening school participated.

It is the chairman of the evening.

## Three Arrested in Prohibition Raids

The "dry squad" last night raided the soft drink parlor at 511 Brush street and arrested James Wilson and John Allen. Policemen E. A. Yanke and Manuel Souza, who are charged with running a bootlegging establishment at 1500 Fifth street, said a small quantity of liquor was seized in both raids.

## An Exceptional List of VICTOR RECORDS

These delightful records will add greatly to your enjoyment and to the value of your phonograph.

THE SUNSHINE OF YOUR SMILE

John McCormack 64622 \$1.25

After listening to this exquisite record, the hearer must come to the conclusion that no one can sing an Irish song like John McCormack. It is sung with sweetness and appreciation of the tender sentiment expressed in the verses.

CHANSON INDOUE.....Fritz Kreisler 64890 \$1.25

Strange and mysterious and half-sad, like something heard in a dream, is the melody arranged for a violin from Chanson Indoue, which Kreisler so remarkably masters.

INDIAN LAMENT.....Fritz Kreisler 74387 \$1.75

Kreisler has arranged Dvorak's "Cannonetta" and rechristened it "Indian Lament." This plaintive minor melody, with the sadness of a vanishing race, finds an ideal interpreter in Fritz Kreisler.

LUCIA—SEXTETTE.....95212 \$3.50

Galli-Curi-Carusi-deLucia etc. It is a superb blending of vocal tone color—an artistic achievement which will bring a thrill of satisfaction to music lovers the world over.

## FOR THE DANCE

WAXNA—FOX TROT.....Club Royal Orch. 18864 \$.75

## MAYOR FIRES L. A. POLICE CHIEF BY THREE-LINE NOTE

Col. J. W. Everington, Removed for 'Insubordination,' Says Goodbye.

LOS ANGELES, April 21.—(By International News Service.)—Colonel James W. Everington was summarily removed as chief of police by Mayor George E. Cryer today for "insubordination and disrespect to superior officers."

The mayor dismissed Everington without the customary action of calling for his resignation. He simply addressed a three-line note to the chief, telling him that he was removed from office, effective immediately. Everington received notification of his dismissal with a smile.

"Goodbye," he said, as he arranged his desk at the chief's office, took his hat and prepared to leave. Captain R. Lee Heath was placed in charge as acting chief pending the appointment of a new head of the department by the mayor. The appointment of a new chief was expected to be announced before night, as Mayor Cryer was said to have decided upon a selection.

## Joint Bank Account Tapped, Woman Says

Charging Hayward Morean with having drawn money from a joint account without first securing her consent, Mrs. Carolina Worthington today filed suit with County Clerk George Gross for an injunction to restrain Morean from drawing any more money. Donald McLeure, attorney for Mrs. Worthington, said he will demand an accounting from Morean.

Mrs. Worthington's complaint states that on March 5, 1932, Morean, an old friend of her husband, placed \$1000 on deposit with the Oakland Bank of Savings as a joint account which would require both their signatures on a check. Instead the money was placed as a joint account with the signature of either of them. This, she says, she was not aware of until April 14, when she charges Morean drew a check for \$150 which came to her attention.

## Bark Collides With Iseberg During Trip

MONTEVIDEO, Uruguay, April 21.—After an adventurous voyage, during which she collided with an enormous iceberg, and was then impounded by the customs of an Argentine port, the British steamship Junia, which arrived here in tow of the tugboat, was released today.

The bark left Portique, Chile, December 26, for Portuguese Lajes, after which she was impounded by the customs of an Argentine port, the British steamship Junia, which arrived here in tow of the tugboat, was released today.

The second pilot of the vessel died of disease, but the rest of the crew of 16 arrived in good health.

## U. S. School Looted By Balkan Bandits

PODGORITZA, Montenegro, April 21 (By the Associated Press).—Serbian and Montenegrin irregulars attacked the American international school at Danilovgrad, near here, yesterday afternoon, looting the school and its property. The teachers and 150 students were thrown into a panic.

When convinced that 10,000 francs comprised all the funds the school possessed, the bandits seized the money and fled to the mountains.

## THE REASON

Remarks come to us daily of our unusual store service! Most people cannot understand why Skaggs has all clean cut, efficient, fast store salesmen to serve them.

Here is the reason: We never hire a man just to work. Ours is a cooperative plan. Every man, no matter if he has been on the job a week or a month knows that there is a big future here for him, if he himself can make good. Each man's progress is limited only to the extent of his capabilities.

We are all working for a fast growing, bigger business for the future, through striving to have every patron of today know that they can depend on us for accuracy, honesty, upright dealing, and courteous, gentlemanly treatment.

Visit one of our stores and markets before noon Saturday. We know that you will appreciate the many savings you can make, besides the dependability that goes with each transaction.

## Singing Dog of Campus Is Dead; Students Mourn

BERKELEY, April 21.—"Caruso," California's singing dog, is dead. No longer will he entertain visitors at the "Beanyery" with his melodious voice, and so the campus mourns.

Caruso was discovered several months ago by students of the university, and his musical gift was first noticed when the dog sang for the men gathered at senior bench each noon while the Campanile chimed played. The collegians tried Caruso's voice with a piano accompaniment and were so pleased with the result that they purchased him a collar and license and made a home for him at the "Beanyery."

Yesterday Caruso strayed from the campus, and while crossing the tracks of the electric train on Ellsworth street he was killed. Because someone stole Caruso's collar, the students suspected foul play, but subsequent investigation proved that he came to his death by accident.

The collegians declare that Caruso was the only singing dog known to science, and they regard his loss as a serious matter. He will be buried with due ceremony, and the memory of his evening entertainments will linger in campus tradition.

## TWO SOUGHT ON BLUE SKY CHARGE

Warrants were issued today for the arrest of Hall H. Haldewey and W. S. Haldewey Jr., of the Haldewey Motor Company, charging violation of the California Blue Sky Law. Efforts to locate the two men are being made by the police.

The warrants were issued on complaint of George D. Taylor, of San Anselmo, who purchased stock in the company and later learned that the sale was made in violation of the corporate securities act.

According to the police the Haldewey Motor Company was incorporated under the laws of Nevada, and its officers and directors operated as stock brokers in this city without proper license.

## Alameda Man Held On Battery Charge

ALAMEDA, April 21.—(By the Associated Press.)—A man was held on a charge of battery today at Bay Farm Island, was arrested last night by Policemen Andrew Peterson and Detective Bert Con

## SANTA CRUZ TO DECORATE FOR BIG CONVENTIONS

Permanent Decorations for  
Four Lodge Meetings Are  
Urged by Committee.

SANTA CRUZ, April 21.—The citizens' committee of twenty met again last night at the chamber of commerce rooms and reported progress on the plans for the Knights of Columbus convention, May 20 to 22.

Representatives of the Odd Fellows, Eagles, Foresters and Knights of Columbus were present to discuss the plans for the decorations of the city during the conventions of these organizations, starting with the Odd Fellows early in May and ending with the Eagles early in June. The committee is urging that permanent decorations be made for the four lodge meetings.

Major Kratzstein was heartily in accord with the proposals of the joint committee, and said that he considered it a big step in the right direction. He said that there was much to be gained in decorating for each convention separately. This plan will prove more economical and will permit the merchants to put forward much better displays.

Other matters of a routine nature were discussed by the committee and adjournment was taken until next Tuesday night.

## ADOPTED GIRL SUES ESTATE

SAN RAFAEL, April 21.—A suit contesting the will of the late Mrs. Marion Wood, wife of the late E. K. Wood, millionaire lumberman, was filed in the Marin county Superior Court today by Mrs. Amy Wood Wilson, adopted daughter of E. K. Wood.

The bulk of the estate, valued at more than a million dollars and consisting in part of 50,000 shares in the E. K. Wood Lumber Company, was left to Walter T. Wood and Frederick J. Wood, sons of the deceased. Mrs. Wilson received the sum of \$100,000.

Under an agreement made at the time of her adoption in Michigan in 1875 between her father, George Houser, and the Woods, the complaint recites that upon the death of her father, Mrs. Wilson was to share equally with the other Wood children in the estate.

Mrs. Wood died February 4 of this year. The estate has already been admitted to probate and the terms of the will have been set.

Mrs. Wilson sets forth, she has been excluded from participation in the Wood estate, to which she says she is a rightful heir.

The suit yesterday was filed by Attorney Joseph S. Scott, on behalf of Mrs. Wilson, who is in Los Angeles.

## Oil Hunters Seek Lease on City Land

SANTA CRUZ, April 21.—Ferdinand W. Sullivan, interested in oil development at the DeLaveaga park, presented a petition to the city commissioners yesterday as follows:

"We, the undersigned citizens and taxpayers of the city of Santa Cruz, hereby petition your honorable body to cause to be executed to the undersigned a lease of the mineral and oil rights on De Laveaga heights for a period of months, it being understood that if this petition is granted a lease shall be executed providing for one-eighth royalty being paid to the city of Santa Cruz, containing the usual covenants and conditions of what is known as the 35 Texas form of oil lease."

The petition contained the following signatures:

F. W. Sullivan, Henry Miller, J. E. Campbell, Henry Miller, H. P. Netherford, F. R. Howe, J. W. Dickinson, Alger Fast.

The matter went over for further consideration.

## L. A. Man Killed in Chualar Auto Wreck

SALINAS, April 21.—An auto accident on the highway a little south of Chualar resulted fatally for Elly B. Filger, resident of 640 North Kenmore street, Los Angeles, who died at the Santa Gertrudis hospital yesterday.

Charles H. Ward of the Hotel Adina, San Francisco, was bringing Filger to his home. As a truck was seen approaching them Filger seized the wheel from Ward and Ward was unable to push him off with one hand and steer with the other.

As a result of the impact Filger was pinned under the machine and suffered a crushed skull and internal injuries from which he died.

## Harding Signs Bill To Aid War Wounded

WASHINGTON, April 21.—(By International News Service.)—President Harding today signed the President bill appropriating \$17,000,000 to provide additional hospital facilities for disabled veterans of the world war.

The bill was introduced by the House and passed by a vote of 317 to 10. It was reported by the House committee on the veterans' bureau.

## HAYWARD

HAYWARD, April 21.—Ten thousand dollars already has been subscribed for the construction of the proposed Eden Township Farm Products Show building, it was announced today.

The list is growing hourly. With one fifth the \$20,000 needed secured in one day's work, the project is practically assured.

A volunteer committee of twenty met yesterday morning to plan the campaign for funds and issued a proclamation outlining the campaign. Civic organizations will be given 5 per cent. of all money raised for the building, and a prize of \$100 will be given to the organization securing the largest amount.

All memberships sold, whether \$15 five-year or \$109 life memberships will carry with them a chance on a touring car to be given away.

Interest in Hayward has never been so aroused over a local project, according to townpeople. Everywhere sentiment is being expressed for the building while no protests have been made.

The Boy Scouts, Campfire Girls, American Legion and the Women's Auxiliary of the legion have already started their campaign. The Campfire Girls hold first honors in subscriptions secured with a record of \$2,000.

## DRAMATIC CLUB WILL GIVE PLAY FOR GUILD FUND

Frank Jones, Director, Rehearses Thespians for "Civil Service."

CENTREVILLE, April 21.—Frank Jones, director of the New Dramatic club, today announced that final rehearsals were under way for the production, "Civil Service," which will be given in Parish hall, Centerville, for the benefit of the St. James Guild Saturday night.

With an enviable reputation established by their previous performances, the Newark Dramatic club members are endeavoring to score the most impressive success in the history of amateur theatricals in Washington, township when they appear Saturday night.

In the cast, composed of township residents, are several persons whose histrionic ability is well known and appreciated here. Those who will appear in the cast are: Frank Jones, Frank Veit, L. W. Bates, Leslie Burdick, Fred Muller, Eldon Beardsall, A. Launstein, Mrs. F. Muller, Miss L. S. Jones, Long and Miss L. Hudson.

Proceeds from the performance will be placed in the guild building fund. The St. James Guild and the St. James Men's club are planning to erect a modern clubhouse and guild hall this fall in order to answer the needs of the church and the community.

Several entertainments have been given in behalf of the guild fund and according to Rev. Ernest H. Price, vicar of the church, the sum necessary before building operations may begin is rapidly nearing the required amount.

WATER, POWER  
ACT OPPOSED  
AT CLUB MEET

SAN FRANCISCO, April 21.—Opposition to California's proposed water and power act was expressed in speeches made at a meeting of the Downtown Association held yesterday at the St. Francis hotel.

John A. Britton of the Pacific Gas and Electric company said he regretted the initiative measure to be placed on the November ballot. "The greatest menace which ever faced the people of California," City Engineer O'Shaughnessy and A. Emory Wilson, general manager of the San Joaquin Light and Power company of Fresno, also spoke.

The authorities are confident that he will be taken into custody within a short time as the trail of checks is leading the officers close on his trail.

Anderson was well known in Martinez, where he spent several weeks promoting the sale of stock for the California Gas company, a concern which was presumed to be planning to establish a factory in Martinez.

This is the first of the Washington treaties and agreements to be taken up for ratification by Japan. The Tap treaty will be the next taken up by the privy council.

## GAS SERVICE FOR NILES IS TOPIC AT BIG MEETING

Chamber of Commerce Calls Open Meeting for Expert's Hearing.

NILES, April 21.—Committees of the Niles Chamber of Commerce are arranging details today for the mass meeting to be held the night of April 27, when L. E. Newbert, district manager for the Pacific Gas and Electric company, will deliver an illustrated lecture on "Evolution and Development of Power."

At the meeting the public will be told of the requirements which will have to be met before Niles can be given gas service, the question of obtaining this utility being one of the vital problems before the Chamber of Commerce at this time.

Irvington and Newark are endeavoring to obtain gas service and it is possible that all the communities of Washington township will unite to overcome this cost. It will be necessary, it is estimated, for at least one-third of the homes in the Washington township communities to install the gas service.

FRIDAY, APRIL 21, 1922.

## A CONTINUING POLICY.

One effort at least has been lost by the "little navy" clique in Congress to reduce the American navy to a third-rate position. The House on Wednesday, by a vote of 221 to 148, amended the navy appropriations bill to provide for 86,000 enlisted men, instead of the 67,000 proposed in the bill as reported out of committee. Then after the adoption of this amendment, the bill was passed by a vote of 279 to 78.

By this action the membership of the House turned away from its own leaders in this fight—Chairman Mondell of the appropriations committee and Chairman Kelly of the naval appropriations subcommittee—and supported President Harding, who had urged that the navy's enlisted strength be not less than 86,000 men. The majority of the House believed the President when he said it was for the present urgent to maintain the 5-5-3 ratio policy established by the naval limitations treaty, and that the maintenance of this policy called for 19,000 more men than the little navy advocates proposed.

This increased personnel calls for a larger appropriation by \$18,000,000 than provided in the original bill. The total amount now carried in the House bill for the naval establishment is \$251,260,000, compared to about \$350,000,000 actually being spent this fiscal year. This reduction of \$100,000,000 is considerable. It reflects a substantial benefit of the international agreement for the limitation of armaments, a benefit which will continue to be felt from year to year through the absence of demands for appropriations for new capital ships.

But it should be thoroughly comprehended by the whole country that the naval agreement of the Washington conference imposes an obligation of continuing policy at the same time that it brings relief from the burden of unlimited competition in navy building. That policy is susceptible of very definite enunciation. The naval treaty fixed the ratio of naval strength among the principal naval powers as 5 for the United States, 3 for Great Britain, 3 for Japan and 1.75 for France and Italy. It prescribes the number and types of capital ships which may be maintained by each nation, and the proportionate strength in secondary and auxiliary craft.

For the United States and Great Britain the allowance is eighteen capital ships. This empowers the United States to maintain a navy of a slightly greater effective strength than now in commission.

It must then be the policy of the American government to maintain a naval force of approximately the present strength of the navy, for an indefinite period, until the conditions of the existing naval treaty are modified. We cannot have a navy comparable in effectiveness to the other powers unless we have an adequate personnel adequately trained in the manning of the ships.

Secretary of the Navy Denby and President Harding interpret the obligations under the naval treaty to call for the maintenance of the large ships permitted under the treaty in condition to meet any emergency that may develop. And the naval experts hold that 86,000 men is the minimum with which reasonable naval efficiency is possible.

It is timely, therefore, to contemplate an enlisted personnel of about 86,000 men as a necessary cost of the American navy for the next several years. Proper regard for the national safety does not permit tolerance of a policy which would consign the American navy to a rating of effectiveness inferior to any other power.

Especially is it essential that the naval strength in Pacific waters, or capable of quickly being sent to these waters, should not fall below the naval strength any other power maintains in the Pacific.

If a sailor of the "old school" were to talk on the subject he would probably say, "take one coast with another and they are pretty much the same. There are bad spots and soft spots on all of them." But business does not

see with the sailor's eyes. It knows more about coasts. And business has realized during the last two years that the Pacific Coast is a bit different from the Atlantic coast. It did not show the effects of national causes and effects of the war period in anything like the measure shown on the Atlantic coast. This must be largely due to the fact that the Pacific Coast has achieved a fairly full measure of economic independence. Conditions which develop in the East do not necessarily cast their shadow on this coast. The aspiration should be to solidify and strengthen this economic independence of the Pacific Coast.

## MISSOURI'S OPPORTUNITY.

One of the most interesting senatorial contests in the country this fall will be that in Missouri, where Senator James A. Reed is a candidate to succeed himself. There is a certainty of strong opposition to his nomination within his own party, the Democratic, and if he is nominated the Republicans will enter the final campaign with every confidence of victory.

It is a curious and cynical twist to this political fight of Senator Reed to save himself from the repudiation long due at the hands of the Missouri electorate that he has attempted to spread the propaganda that his candidacy is approved by former President Wilson. Senator Reed has been one of the most uncompromising opponents of Mr. Wilson and in the League of Nations fight in the Senate, as well as his open subservience to propaganda interests opposed to the former President, he plainly forfeited all claim to the confidence and support of Mr. Wilson.

The former President says as much. In a letter published in a St. Louis newspaper he denounced Senator Reed as unworthy of the confidence of Missouri Democrats.

Senator Reed belongs to that very small group of Senate members who specialize in obstruction, who are opposed to every project of government not their very own. It is this group, and Senator Reed has been the most obnoxious member of it, which has greatly injured the reputation of Congress for good sense and dignity and which has time and again rendered the whole government impotent to transact urgent business of the nation.

The prospects are exceedingly bright that the people of Missouri will not send Mr. Reed back to the Senate. Whether they displace him with a Republican or another Democrat is for the people of Missouri to decide; we are too far away to offer advice on that phase of the question, however strongly one may believe in the superior fitness of one candidate over another. But Senator Reed has become a national affliction and there is no reason why other States should not rejoice that the opportunity to get rid of him is at hand.

## FIRE LOSSES GROW.

From the New York Herald it is learned that the 249 fire insurance companies which report to the New York State Insurance Department paid \$452,669,000 to their policy holders in 1921. These companies do about ninety percent of the total fire insurance business of the United States. Thus the total of fire losses, covered by insurance, in 1921 was, in round numbers, about \$500,000,000. This does not include uninsured losses.

The total insured fire loss in 1920 was \$391,000,000. So in 1921 there was an increase of over \$100,000,000, unprecedented in any year in the history of the country.

The Herald goes on to observe that including the 10 percent of losses not embraced in the reports, and other fire losses not covered by insurance at all, the destruction of property by fire last year was not less than \$600,000,000. "Capitalized at 6 percent, this sum would pay the interest on more than ten billion dollars, a figure equal to the aggregate assessed valuation of all the property in New York City."

The figures are indeed appalling. They offer meager encouragement to the educational efforts to reduce fire losses which have been put forward in a somewhat comprehensive manner during the last two or three years. But we should not despair. Surely man's ingenuity will find a way to reduce the tremendous losses from fire. It is too great a waste. It is so gigantic as to appeal to the energy of man with that peculiar force that guarantees at least some measure of success.

If the fire loss of 1921 could be saved for ten years the profit would be six billion dollars. That would very nearly if not quite solve the whole financial problem of a bonus to the war veterans.

Mr. Henry Ford now denies any responsibility for the report that he had returned to the United States government approximately \$29,000,000 in excessive profits on war contracts. He says he never heard anything about the matter until he saw it in the newspapers. That may be true, but Mr. Ford's energetic publicity agents in Detroit, Dearborn and elsewhere were quite voluble on the subject before some curious congressmen went hunting for the truth. And it is an old trick when cornered to say that newspapers did not print the truth.

# DAILY ALMANAC

Friday, April 21.

April is practicing a few graceful bows. . . . Soon she will welcome the May Queen. . . . Charles Van Dyke was born in 1856. . . . Art reviewer, not beard inventor. . . . Alexander Anderson, the father of wood engraving in America, was born in 1775. . . . Funny what some folks will be fathers of. . . . George P. Gordon, man who invented the Yankee and Franklin presses, was born in 1810. . . . Henry W. Shaw was born in 1818. . . . He was known as Josh Billings. . . . John Muir born, 1838. . . . John of the mountains. . . . Charles Follen Adams, author of "Liddle Jacob Strauss," was born in 1842. . . . War was declared against Spain in 1898.

We are always ill at ease in the presence of the high-brow, but never more so than the other evening when we donned our most correct raiment and invaded their precincts at Wheeler hall. There was one of Sam Hume's home-grown plays on the board, an artistic thing with genuinely big moments, and for all of the weight of neighboring brows we were well content.

Then came the thing to spoil our brief delight. A woman, possibly an English teacher, started telling a friend, and everyone within six seats, wherein the play was borrowed, stolen and decayed. One scene, she averred, was lifted from Snitzler, another was pilfered from Pinero. It was all swiped. We began to feel badly about it, as if we were inspecting a stock of stolen goods, when a little woman at her right put in a word for the author.

"Don't you think the title, 'Wild Birds,' is good?"

"Oh, my dear," said the superior one, "he borrowed that from 'The Pigeon.'"

Later, when there was an effective campfire scene, it was all we could do to prevent Captain Doogan, who sat next to us, from turning to the woman with a suggestion that the whole thing was taken from the Boy Scouts' Manual.

On the same subject of the dramatic art on the Berkeley campus, has anyone noticed how this prize-winning Greek theater play was received? The college literary magazine, "The Occident," put forward a review, done by the hand and the pen of an English instructor. In the article was no word of appreciation of the good things in the play, but sentence after sentence picking puny flaws. It was a work of irritation and pique, and is no more to be taken as the university's expression toward a meriting encouragement than are the campaigner's bells to be mistaken for a Steindorff symphony.

**The High-Brow Club.**  
Hereafter all members who refer to a waistcoat as a vest will be deprived of parking space in the club's bay window.

The club reports the dismissal of R. E. Dud, a young member, who became insulting the other evening and called out. "Of course, you have read that little thing of Owen Whernherjeste's?" When everyone nodded he remarked, "And of course you know there is no such man." He is impossible.

**The Name Club.**  
Oskaloosa, Ia., has a Mr. Honey who is engaged to Miss Comb Sweet.

If the woman who lets the fairies run her farm moves to the city she will let the Imp clubs run her government.

**Take Notice.**  
(From Indiana Paper.)  
Vernon Vaynager has moved his law office from where he was to where he is now.

**The Nature Club.**  
Having moved from our canyon of content into the hilarity of the Berkeley hills, we have fallen heir to a new set of nature's requirements. No longer need we be shepherd to a flock of bluejays, feeder of the abandoned cats, and fellow trailer with the arbutus. At our new home we have inherited an English holly plant and, naturally our aims are now botanical. It is our purpose to train that holly in the way it should go. Each morning we shall apply an astringent to the inner side of the branches. In time they will curve out and by Christmas we confidently expect a full crop of wreaths.

A lot of folks who are going back to the soil these days are only going as far as the back yard to dig bait.

Maybe those fellows were let out of the bureau of engraving for having their own designs on the currency.

And who shall be king of the next Lake Merritt pageant? Mayor Duck of San Leandro!

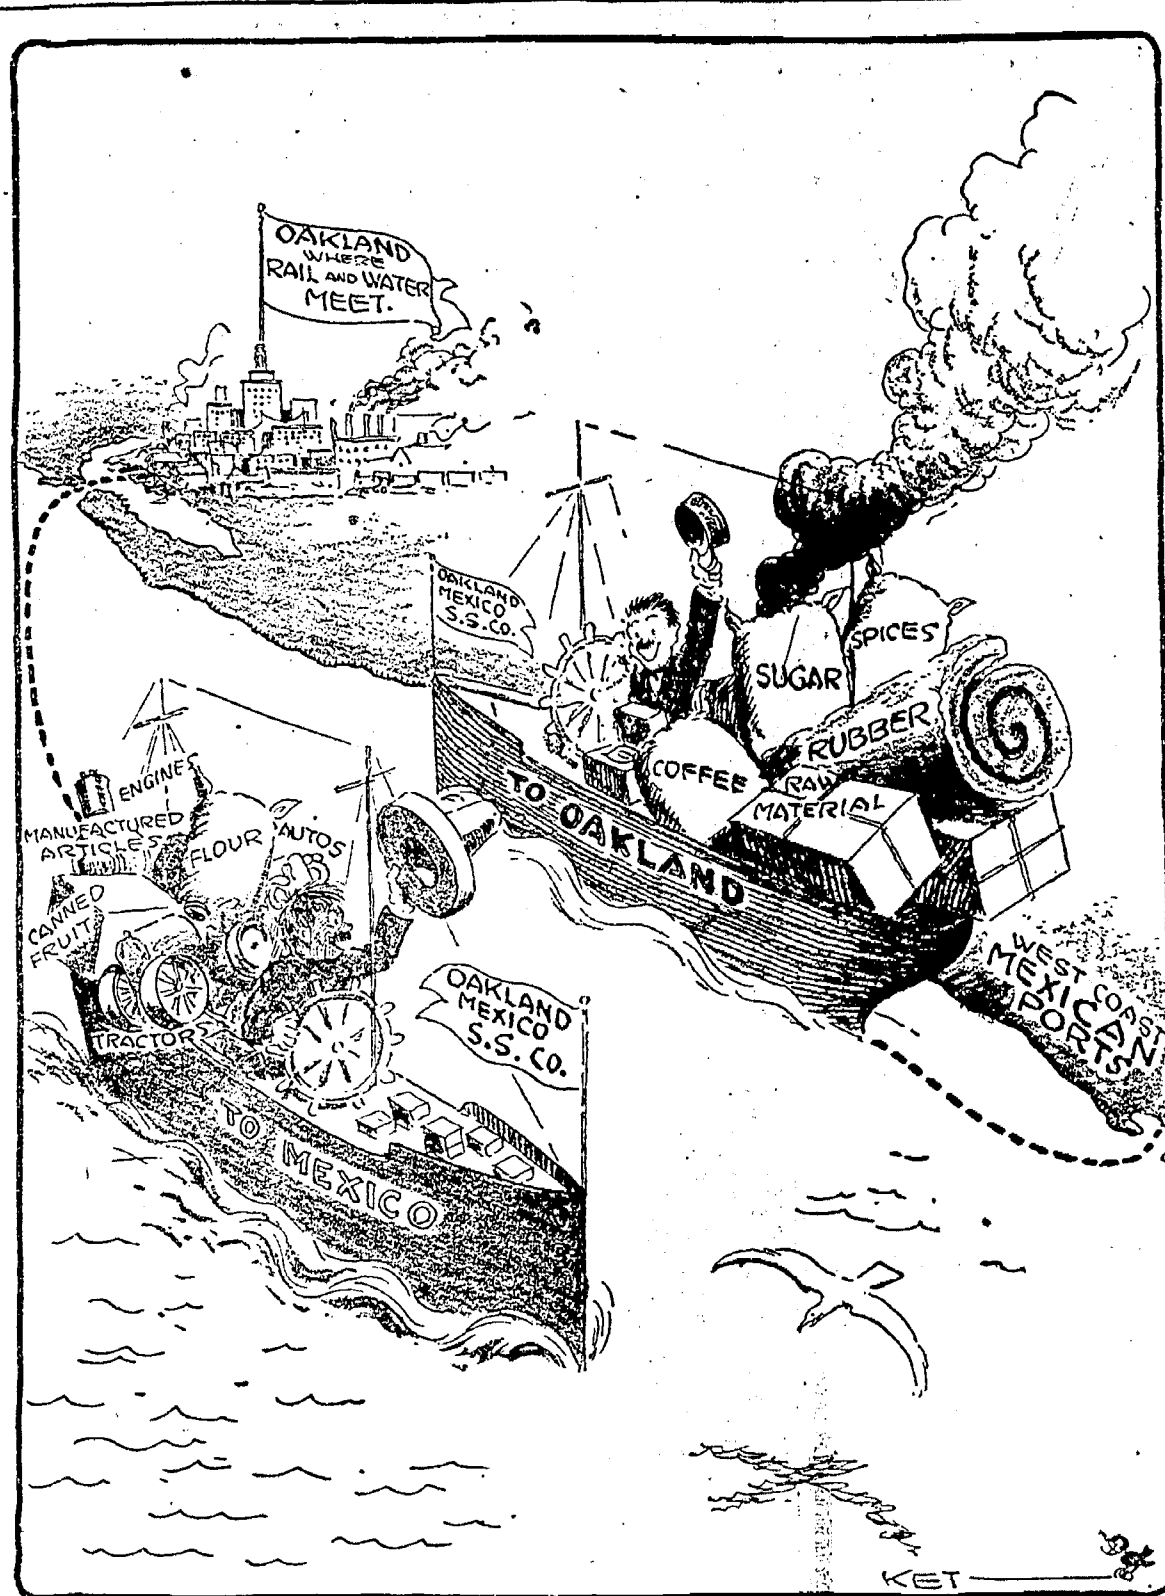

The Genoa conference will talk ways and beg means.

Jim Jeffries has decided he will not be an evangelist. There is a man who appears to grow smarter every day.

An exchange asks: "Can a man be a Christian on \$1 a week?" Sure he can, but he will not stand in well with the fellow who passes the platter.

—AD. SCHUSTER.

# OAKLAND OPENS SHIPPING RELATIONS WITH MEXICO.

## NOTES and COMMENT

New York Herald on Liberty bonds: "Liberty bonds and Victory notes are so generally reaching or passing par now that it is the issue that still lags that attracts attention. But Liberties having several years to run and paying 4 1/2 per cent a year are due to go and stay well beyond par in short order. It will not be long before the government will be able to make its short term loans at 3 per cent or better. And when government borrowing goes on a 3 per cent basis a Liberty four and a quarter of from 10 to 20 years of life will appeal to shrewd, conservative investors at many points higher than par."

**Kansas City Star** on what a man leaves: "A headline and a news account give the information that Marjorie Waterson left an estate valued at about \$250,000. Of course, everybody knows that Marjorie left a great deal more than that sum; that his real fortune, which the people as a whole enjoyed, would run into many millions; that his kindly manner, his ready wit, his piercing thrusts against evil or injustice wherever occasion seemed to demand, were an invaluable heritage. Marjorie Henry was a man to whom the remark might well be applied, 'It would be an insult to ask how much money he had.'"

**The Oregonian** discourses on roses and eyebrows: "Rose culturists will inform you that heavy pruning is done to strengthen the bush, and that hardy varieties do not need such a strong cutting back. Exhibition roses are usually the result of careful work with the shears. Almost the same is true of eyebrows, with the exception that styles do change. The exhibition eyebrow of a few months since was only obtained as the result of careful pruning. This narrow crescent was acquired by constant vigilance on the part of the wearer, minute inspection daily and frequent resort to razor and tweezers to keep the head in trim. The exhibition eyebrow of this season is more than that sum; that his real fortune, which the people as a whole enjoyed, would run into many millions; that his kindly manner, his ready wit, his piercing thrusts against evil or injustice wherever occasion seemed to demand, were an invaluable heritage. Marjorie Henry was a man to whom the remark might well be applied, 'It would be an insult to ask how much money he had.'"

**The Medford Sun** announces the preliminary bubbling of the pot: "The political pot in Jack county has started to boil, and politicians are busy packing water on both shoulders and balancing a pail on their heads. The 11 o'clock canards this year promise to be thicker than ever. Jim Keene has challenged the Oregon system to a knock down and drag out fracas."

**Kansas City Star** again on California juries: "The recent criticism directed toward the juries in California that always disagree was meant to be constructive, but it turned out otherwise. The Arbutus jury heard the criticism all right, but agreed to do worse."

## SPIRIT OF STATE PRESS

With whiskers coming back and girls bobbing their hair, there continues to be an eternal fitness of things. Red Bluff News.

Mrs. Alice G. Whitbeck, county librarian, has turned over to the Martinez Chamber of Commerce a letter from Roland Rice, secretary of the Wildflower Conservation League, in which he requests that the state exhibit which will be held next week in San Francisco.—Martinez Gazette.

Some people in Watsonville are anxiously looking for the road to prosperity, and particularly for convenience that will take them along that road—without any effort on their part.—Watsonville Post-Journalian.

The Wright Act may be properly designated as an anti-bootlegging act. That is what it definitely amounts to. There is no question of prohibition involved in it. There is no question of light wines and beer. Those are matters for congressional consideration. Those who believe in law enforcement will support the Wright Act in No.

member. Those who do not will vote for defiance of the law.—Bakersfield Californian.

California should become the champion tree-planting state of the Union. Plant trees in denuded forest lands. Plant trees along the highways. Ornament private grounds with trees. There is no object in Nature more graceful, stately, beautiful and imposing than a tree.—Grass Valley Union.

The Ku Klux that marched into church and gave the preacher fifty dollars should have been sitting in the front pew with their families. Such behavior is likely to encourage some very bad preaching.—Red Bluff News.

The Standard Oil of California cleaned up nearly 34 millions net last year, according to its report, from which you can figure the amount of joy per mille per gallon.

Partisans of Friend Richardson say that in his auto campaign for the gubernatorial nomination he is now going ahead full speed with the brakes tied back.—Woodland Democrat.

## WHAT IS DOING TONIGHT

"Harlequinade" presented, Mills College.  
"Pelleas and Melisande" presented, Wheeler hall, U. C.  
W. A. Craigie lectures, Wheeler hall, U. C.  
Portuguese Night, Prescott school.

Card party benefit St. Joseph's Home, Auditorium.  
Oakland Post No. 5, American Legion, holds meeting, Auditorium.  
Golden Chain Chapter, Order Eastern Star, gives whist party, Scottish Rite Cathedral.  
Art Exhibition, Architecture building, U. C., 8 to 10 p. m.  
American Legion, Hayward, holds housewarming.  
Benevolent Clansmen hold initiation.

Daughters of America hold meeting, Elks hall, Castro.  
V. O. W., Fruitvale, gives dance, United Commercial Travelers' Council, No. 394, gives whist party, Pacific building.  
Bayside Parlor, Native Daughters, gives banquet and social, Odd Fellows' hall.  
Company E, League of the Cross Cadets, gives dance, K. of C. hall.  
Federation of Mothers' club gives benefit entertainment, Oakland Technical High school auditorium.  
Durant Mothers' club gives dance, Durant school auditorium.  
Dr. David Starr Jordan lectures, "Clarence" presented, Berkeley High school.  
Roosevelt Unit, United Veterans, holds smoker, Odd Fellows' hall.  
American Yeomen hold card party, Odd Fellows' hall.  
Danish Society holds initiation.  
Dr. David Starr Jordan lectures, Cora L. Williams school, Berkeley.  
Fulton-La La Lucille.

American—The Green Temptation.

Century—Orphans of the Storm State—Will Rogers.  
T. D.—Turn to the Right.  
Franklin—Vally Reid.  
Broadway—Scrap Iron.  
Lake Merritt—Boating.

## EVENTS FOR TOMORROW

"Pelleas and Melisande," Wheeler hall, U. C., evening.  
Little Theater production, U. C., evening.  
Concert and dance, Auditorium, evening.  
Alameda Review, Women's Benefit Association, gives dance, Encinal hall, evening.  
Blossom fete, Sullivan ranch, Hayward.  
Great War Veterans Band gives concert and dance, St. George's hall, evening.  
Art Exhibition, Architecture building, U. C., 2 to 6 p. m.  
K. of C. dining contest, Leona Heights, afternoon.  
Debate, Berkeley High school, evening.  
Fraternal Aid Union holds meeting, evening.  
Gift and Penneyer Employees give dance, Ebell hall, evening.  
Povl Bjornskjold gives concert, Danial hall, Hayward, evening.  
Native Daughters hold banquet and reception, Pacific building, evening.  
TRIBUNE theater party for Boy Scouts, T. & D. 10 a. m.  
Kahn Association holds meeting, St. George hall, evening.  
Rena Cross Shop, Berkeley, gives tea, 3 to 6 p. m.  
Danish Society grand ball, Aahmes Temple, evening.  
Italian Night, Prescott school, evening.  
Hobart Center gives entertainment and dance, Native Sons' hall, Berkeley, evening.  
Reception by Native Daughters to Dr. Victory Derriek, Corinthian hall, evening.

## The Reason.

First Taxi Driver—There ain't as many people killed now as there used to be, it seems to me.  
Second Taxi Driver—No; nearly everybody owns a car and there ain't enough people to go around.—Wayside Tales.

# About YOUR HEALTH

Why You Should Start Now to Avoid Hay-Fever Menace

By ROYAL S. COPELAND, M. D.,  
Commissioner of Health,  
New York City.

Pretty soon it will be hay-fever time. If you want to lighten your regular attack you must begin treatment within a few weeks. It is amazing how punctual are the appointments of this strange disease. Some persons can name the exact date—August 22, at 1 p. m., perhaps. Probably the mind has a little to do with the time of onset, but, when it once appears, hay-fever is a very real and painful thing.

The severity of the attack to some extent depends on the nature of the season. It is probable that a dry and dusty summer will aggravate the trouble, but it is equally true that "all signs fall in dry weather." I mean by this that it is almost impossible to predict with any degree of accuracy exactly what may be expected of any given year.

In some respects hay-fever resembles asthma and hives. Without apparent cause and almost without warning, the attack comes along, and the victim is thrown into the tortures of the disease. Asthma and hives may be due to some kind of food poisoning.

The popular idea is that hay-fever is excited by the pollen of certain plants. It may be that these pollens have much to do with the ailment, but there must be other factors or all of us would suffer, because all of us are exposed equally.

In the first place, there must be the peculiar sensitiveness of the system. There must exist what doctors call an "idiosyncrasy."

Then there must be irritable points in the nose, so tender that the exciting substance may find lodgment and ready reaction.

We cannot avoid the idiosyncrasy and the sensitiveness to the exciting irritant, whatever that may be. It is possible, in some cases, to give such treatment to the nose that the nasal tissues are less tender and irritable.

If local treatment is to be undertaken it should begin several weeks before the acute attack is expected. If it is postponed till just before the usual date of onset, the attack itself will be precipitated. During the attack itself local treatment, except of a palliative nature, will prove aggravating.

If the attack is dated for the middle of August, the nasal treatment should begin about the first of June. Any well-equipped nose specialist is competent to undertake the nasal treatment.

You must not expect too much the first year. A disease so firmly established in its periodicity is not easily overcome. But well-directed treatment should increase your comfort the first year and show great effects the following year.

The only good thing I can think of about hay-fever is that it gives you an honest reason for going to some delightful health resort every year!

## A SOLDIER'S IDEA.

To the Editor of The Tribune:  
In reference to the Soldiers' Aid or Bonus, I am an ex-service man and am in as much need of help as they get, but I don't see very many starving. In place of giving money for a bonus, why not take home-land and put it in 40 acres, or even 80 acres, and give the deeds to the "vets," so they can have a little warm spot in the United States to call their own. They fought for the U. S.—why not give them a little bit of what they gave for you.

The railroads would all go to through the lands was claimed, and the "vets" would all go to these claims and would always have a home—something to fight for all the more. It would settle and improve you, me, the "vets" and the United States, and not harm or break a single pocket-book in the United States. Have them unsalable for five years, or after they are put into homestead shape. It would be up to the U. S. to first put the railroad through. Then there would be more work for all, more roads to build, more farms to build and farm, more crops made and sold, and a greater United States of America.  
I don't believe there is a "vet" in the U. S. who is foolish enough to ask for money in such a little amount as we would get if he could get just a little farm of his own; to have his own cows, chickens and an independent home of his own.

F. P. HOLMAN,

Oakland, April 19.

## TODAY 20 YEARS AGO

A meeting of property owners and merchants is to be held in the rooms of the Oakland Board of Trade, 522 Twelfth street, in the interests of the opening of Washington street.

Cal Ewing's baseball players are out after the pennant. They won a close game yesterday from the San Francisco nine.

Preparations are now being made by the directors of the Lockwood school district for the building of the new school house.

The McKinley memorial was unveiled in front of the McKinley public school of Berkeley this afternoon. Francis H. E. O'Donnell was the orator of the day.

Wanted the Advertising.  
"Mr. President, would you mind mentioning me for the cabinet?"  
"My good friend, there are no vacancies in the cabinet."  
"I know that, but it might get me a baseball or movie offer."

### Man Critically Ill From Dope Poisoning

Thomas McGrath of Martinez is at the Emergency hospital in a critical condition suffering from an overdose of narcotics. He was found last night in Bay View park by Harry Cook of 1108 Adeline street, and Dellard Mead, 1323 Seventh street. They notified the police and he was taken to the hospital. He told the police that his mother is in hospital in San Francisco, suffering from a broken leg, and that he has an uncle, Jim Hanna, in Martinez.

### YOUTH GETS PROBATION.

Police Judge Edward J. Tyrrell today placed Henry Dionne, 13 years old, a juvenile apprentice, who is charged with petit larceny, on one year's probation. He was arrested two weeks ago while in the act of looting a telephone box in the Bacon building, by Police Inspectors Tom Wood and Alex Trotter. He resides at the Young Men's Christian Association.

## DENBY BACKS GOAT ISLAND TERMINAL

### Secretary in Special Order Says Navy Is Willing to Relinquish Rights to Aid Cause of Transportation

A powerful impetus was given yesterday to the projected establishment of a union railroad and ferry terminal on Goat Island when Secretary of the Navy Edwin Denby officially withdrew all former objections, and declared that his department stands ready to relinquish the major portion of the island for the purposes of improved bay transportation. This information was contained in special orders signed by the Secretary of the Navy and received by Rear Admiral Alexander S. Halstead, commanding the Twelfth Naval District headquarters in San Francisco. By these orders the admiral is appointed special representative of the Navy Department to act in all negotiations connected with the turning over of the northern and western parts of the island to the State of California, or to "other authoritative public agency."

### MONOPOLY FORBIDDEN.

Admiral Halstead's instructions further specify that the parts of the island which are to be relinquished by the Navy Department shall be made available for transportation companies, whether public or private, without any distinction whatsoever. The admiral's instructions lay stress on the fact that monopoly on the part of any one company, or group, must be guarded against.

Secretary Denby also instructs Admiral Halstead to meet with engineers of the War Department in San Francisco, and to be present at the hearings which are to be attended by representatives of all the interests concerned. Early announcement is expected from Washington as to the date and place of these hearings.

Secretary Denby further states that the Navy Department is willing to give up every part of the island that is not absolutely essential to its purposes, and that only such points as the southeastern point, which is reserved for the War Department, will not be made available for transportation and terminal purposes.

### DENBY'S INSTRUCTIONS.

Secretary Denby's instructions to Rear Admiral Halstead read in part as follows:

"The Navy Department favors turning over to the State of California or other authoritative public agency of control the portions of Yerba Buena Island as may be essential for the establishment of transportation and terminal facilities for all railway and transportation interests which may desire to use same, provided a sufficient portion of the island can be left to the navy for carrying on of essential activities at that place."

"The Navy Department is averse to granting the application of a single company for the establishment of transportation and terminal facilities on Yerba Buena Island for the reason that at a later date such establishment would probably conflict with other private and public interests to the detriment of the general solution of the transbay transportation problem of San Francisco."

"The best way to handle the situation is for a public hearing to be held in San Francisco, after proper advertising, at which hearing the interests concerned can be present and present their views to arrange a basis of concrete solution."

Receipt of Secretary Denby's instructions at Twelfth Naval District headquarters, coincided with an announcement made yesterday by the Key Route company that its engineering force had been enlarged in order to hasten the completion of plans for the extension of Key Route lines to Goat Island and for the establishment of a union terminal on the island.

## Mountain Roads To Be Fixed for Summer Travel

SUPERINTENDENT of Streets W. W. Harmon announced today that the spring repairs on some of the mountain roads will be started immediately so that they may be in condition for the summer traffic. During repairs the roads will be closed. The Joaquin Miller road, between Mountain Boulevard and Redwood Peak road, will be closed to traffic until Wednesday, April 26, Sundays excepted.

## BOMB BLAST IS CHARGED TO REVENGE

### Home of Parents of Attorney Who Defended Heuer Damaged by Explosion; Kidnaping Linked to Case

RICHMOND, April 21. — The explosion of what is believed to have been an infernal machine last night in the home of the parents of William S. Pierce, attorney who defended Henry Heuer, recently acquitted of the murder of Manuel Cabrera, is credited by the police with being part of a plot to avenge Cabrera's death.

The revenge theory was strengthened by the disappearance yesterday of Lewis Taylor from his home in China Basin. Taylor is said to bear close resemblance to young Heuer. It is believed he has been kidnapped.

The explosion, which damaged the home of Mr. and Mrs. C. E. Pierce, 621 Broadway street, occurred while Mrs. Pierce was sitting before the fireplace. The wood for the fire had been placed in the grate earlier in the day by Pierce. Mrs. Pierce lit the fire and sat down.

About five minutes later there was a terrific explosion and a piece of wood was hurled past her head and sent crashing into the wall behind her. Bits of wood were blown all over the room and some of the furniture in the room was wrecked. Mrs. Pierce was thrown backward. The explosion brought neighbors who heard the concussion for blocks.

### PIECES OF WOOD SPIKED TOGETHER.

Investigation disclosed that three pieces of two-by-four, spiked together, had contained high explosive powder. The kind of powder used has not been determined. Experts say that it was not dynamite. According to the police, who investigated, the pieces of lumber had been spiked together after a hole had been bored in one piece and filled with powder.

The three pieces of spiked timber were placed in the back yard of the Pierce home in a pile of firewood. A piece of string was found at one end of the infernal machine, which has led to the belief that the machine was lowered by a rope to the back fence that surrounds the back yard of the Pierce home.

### SUPPOSED ABDUCTION IS LINKED TO PLOT.

The disappearance yesterday of Taylor from his home in China Basin is also believed by the authorities to be another step in the plot to avenge Manuel Cabrera. Taylor is said to resemble young Heuer. Taylor disappeared some time during the night and has not been seen since.

It is believed that he was kidnapped by Cabrera, who mistook him for young Heuer, who is working at China Basin. The Heuers sold their home in Berkeley and removed to China Basin after their son's acquittal.

After the explosion, which destroyed the home, Heuer declared today that if he had any enemies due to his participation in the defense of Heuer, he did not know it. "I do not see why any one should place such an infernal machine in my father's back yard were it meant for me, for I do not live there and go there only to visit my parents. My parents took no part in the defense of Heuer and could not possibly be involved in any plot of revenge."

## Oakland Logical Trade Hub, San Joaquin Finds

Special to THE TRIBUNE. BAKERSFIELD, April 21. — Experiencing receptions which are accumulating fervor and each stop, the Eastbay Trade Extension delegation is at Bakersfield, the center of the oil country, satisfied that Oakland's message has been spread the length of the San Joaquin valley. Today the train started on its return trip, with a halt at Fresno tonight. Oakland is to be reached early tomorrow morning.

The height of hospitality was reached at Bakersfield last evening, when the train was met by a large delegation of the leading citizens, and when an informal entertainment was staged for the party. Today the vast officials were visited by automobile, a sight different from anything yet seen.

Bakersfield told Oakland that there were not only mutual business problems to be solved but the thousands of consumers who can use Kern county products. All we ask is that you understand what we have and work with us for California.

One is impressed with the metropolitan aspect of Bakersfield. It is a city of 25,000, with the business district to go with one of 60,000. From all directions come men and women to trade and boys and girls to attend school.

The "Oil Oakland" idea struck Hanford as one of the happiest plans any delegation had brought into the valley. State Senator J. L. C. Irwin accepted the invitation at once and told the delegation at a luncheon served in the Chamber of Commerce of the lateral highway to be built from Hanford to Coalinga.

"This highway will be of benefit to the Eastbay cities," said Irwin, "and your tourists and business men to make the loop of the valley. When the State finishes the program for which money is available there will remain a 25-mile strip to be completed. We ask you to help us to get the money for the completion of the highway."

### WELCOMED AT HANFORD.

The Hanford welcome was one to be remembered. At the station the party was met by automobiles, a trip through the surrounding country was taken and luncheon followed. At this luncheon William Irwin and others assured Oakland that Hanford was naturally friendly toward it and that a program of co-operative effort was certain to follow.

Hanford is the seat of Kings county and the center of one of the richest and most productive fruit, grain, raising and livestock sections of the San Joaquin. Its wealth is in its diversity of products, its progressive citizens and its ability and eagerness to keep always a little ahead of the times. At the last State Fair the county exhibited 537 varieties of fruits and grain and won the sweepstakes prizes on grapes and peaches.

James W. Beebe, a civil engineer and in charge of the Field Department for the California Peach and Fig Growers' association, joined the train at Hanford and is offering his services, explaining what the various organizations are doing to improve the crops, sell them and enlarge the field.

Delano, a thriving city, which would not be left off the itinerary and which sent a man as far north as Fresno to extend its invitation, won its point, and the train topped there for 50 minutes. It is a new community with an immense acreage coming into bearing, another place of a variety of crops. The delegation was amazed at the spirit shown by its citizens. The city is absolutely new and one of the liveliest in the country.

At Tulare the Sentinel, one of the best known of the valley papers, came out with a special edition with a banner line devoted to the visit of the Eastbay men. The citizens had a regular "home reception" ready. There were songs of greeting and a royal exhibition of good will. For the first time high school boys and girls took part in the reception, and flowers were pinned on the visitors.

### FAMED STORES VISITED.

Visits were paid to the local stores, several of which are nationally famous as model institutions for small city and country trade. Tulare, in the last eight months, has seen the greatest building growth in years. It is a city of new houses. A \$250,000 hotel now being finished will open June 1. Dairying is the big industry, the monthly payroll being \$200,000. The chicken business is growing so fast that other centers will have to look to their laurels, and stockraising, alfalfa and fruit are other things which bring in the money.

### ELECTION IN SPANISH CLUB.

The men succeed themselves as directors. The club has rapidly increased its membership and developed an interesting program of work.

M. D. Biehls have been elected president of the Oakland Spanish Club, with C. E. Wilcox named for secretary.

### REVENGE THEORY STRENGTHENED

The disappearance yesterday of Lewis Taylor from his home in China Basin is also believed by the authorities to be another step in the plot to avenge Manuel Cabrera. Taylor is said to resemble young Heuer. Taylor disappeared some time during the night and has not been seen since.

It is believed that he was kidnapped by Cabrera, who mistook him for young Heuer, who is working at China Basin. The Heuers sold their home in Berkeley and removed to China Basin after their son's acquittal.

After the explosion, which destroyed the home, Heuer declared today that if he had any enemies due to his participation in the defense of Heuer, he did not know it. "I do not see why any one should place such an infernal machine in my father's back yard were it meant for me, for I do not live there and go there only to visit my parents. My parents took no part in the defense of Heuer and could not possibly be involved in any plot of revenge."

### REVENGE THEORY STRENGTHENED

The disappearance yesterday of Lewis Taylor from his home in China Basin is also believed by the authorities to be another step in the plot to avenge Manuel Cabrera. Taylor is said to resemble young Heuer. Taylor disappeared some time during the night and has not been seen since.

It is believed that he was kidnapped by Cabrera, who mistook him for young Heuer, who is working at China Basin. The Heuers sold their home in Berkeley and removed to China Basin after their son's acquittal.

After the explosion, which destroyed the home, Heuer declared today that if he had any enemies due to his participation in the defense of Heuer, he did not know it. "I do not see why any one should place such an infernal machine in my father's back yard were it meant for me, for I do not live there and go there only to visit my parents. My parents took no part in the defense of Heuer and could not possibly be involved in any plot of revenge."

## Suits of the Right Sort

For the Street For Sports Wear

\$29.50 SUITS of checked and plain tweeds, combinations of tan and green, tan and brown, tan and blue, lavender and blue and rose and gray. Jumper dresses with capes or coats typify the style.

### Fire Victim Dumb As to His Injuries

SAN FRANCISCO, April 21. — The victim of a mysterious fire, Patrick Mangan is at the Mission Emergency hospital, suffering from severe burns from which he may not recover. Mangan was taken from his home, 1306 Sanchez street, at 6 o'clock. He had been burned about the neck, face, shoulders, arms and hands. He had evidently been the victim of an explosion, which occurred some hours before. He was in a dazed state and the surgeons were able to get but little information from him. All he would say was that he was burned while at work.

### Army Officers Will Review U. C. Cadets

BERKELEY, April 21. — Cadets of the University held an all day review and drill today for officers of the Ninth Army Division in an endeavor to retain their rating among the "distinguished universities." The California R. O. T. C. unit has succeeded in placing among the highest ranked colleges since the award of "distinguished university" was first made by the government. Colonel N. M. Falls will be the reviewing officer.

### JEWELRY STOLEN.

Jewelry valued at several hundred dollars and \$8 in silver was stolen from the home of J. S. Smith, 541 Broadway. The entrance to the house was gained by forcing the rear door.

### Are You a Good Stove Salesman?

We are looking for a High-class Stove Man for outside selling. References required. No one but thoroughly experienced stove men need apply.

Ask for MR. CORDELL.

**FRANK L. POLLARD CO.**  
320 13th Street  
Oakland, Cal.

## SUGGESTION FOR YOUR SUNDAY MOTOR TRIP

Drive out E. 14th St. to Foot-hill Boulevard, along the foothills, through the beautiful communities of Hayward, Niles, Warm Springs, Milpitas, to San Jose. There are many late blossoms to be enjoyed on this trip, and be sure to stop at the Vendome Hotel in San Jose for your luncheon. Fred W. Tegeler is the proprietor.—Advertisement.

## Good Suits

have their goodness built into them. Their shape is abiding. A year from today they are still good clothes. Real quality is found in a BOCK hand-tailored suit.

**M. BOCK**  
TAILOR  
Arcadia Building  
1408 Franklin St.

## Girls' Coats Importantly Reduced

These are selected from regular stock and may be had in plain or sport mixtures of tan, blue, brown. The size range is somewhat broken, but the sale price extremely attractive. Sizes for ages 8, 10, 12, 14.

Sale prices range from \$7.95 upward to \$19.50

## Khaki Outing Wear for Girls

Ages 6 to 14 Years

Sports coats \$2.75 Breeches \$2.25 and \$3.25. Hats \$1.25

—Children's Section—Second Floor.

## 1922 Outing Accessories

COUCH HAMMOCKS, wicker ends, \$40 to \$105.

LAWN SWINGS, 4-passenger at \$16. 2-passenger at \$10.

Camp cots, yacht chairs, camp stools, gasoline stoves and other accessories at reasonable prices.

Outing Section—Third Floor.

## EXTRA FINE SHOWING OF Corduroys

Wide waled corduroy, one yard wide, in every conceivable shade, is offered at \$1.35 the yard.

Narrow waled corduroy, 32 inches wide, in an equal array of colors, both light and dark, sells at \$1.00 the yard.

An extra grade of corduroy, for men's wear, upholstery, auto seats and cushions, comes in steel gray and beaver, at \$1.25 the yard.

—Velvet Section—First Floor.

# CALIFORNIA AND STANFORD STAGE TRACK MEET TOMORROW

## BASS FISHERMEN BLAME NETS FOR CAUSING SCARCITY OF STRIPERS IN SAN FRANCISCO BAY

By W. D. McNICOLL.

At Claremont last week-end an impromptu sweepstake tournament attracted over 50 entries. Fitzgerald, Marx with 76-5-71 led the field for both low and gross and net scores. The increased yardage at Claremont in beginning to make itself felt in the scoring. Previous to the introduction of the new nets, net scores of 65 and 66 were quite frequent but now low 70s are good enough to win. E. A. Jones and J. Bailey tied for second place with the net scores of 72, with the following six players tied at 74: Fred Bain, S. Hawkins, W. J. Gaddis, D. E. Kessler, A. J. de Arment, H. Struthers. A similar sweepstake event will be held this week-end.

More than one hundred entries have been made for the team matches that take place Saturday, April 22, when it is reported something unique in golfing scored. In evidence. The dinner, which the losers in the team matches are to frequently mis-understand even by experts. Tom Young, late of the Olympic Club, who is now an instructor in San Francisco, learned his golf under the shadow of the Royal and Ancient club house at St. Andrews, Scotland.

Tom and Jack Hutchison had many interesting events to recount to each other their earlier days caddying for famous players like Freddy Tate, John Ball, Horace Hutchinson and others. Tom Young, like most St. Andrews players, is very reliable regarding the rules of golf and that are frequently misunderstood even by experts. Tom recalls having on one occasion, when he had topped his second shot, going to the first green on the old course, into the Swilkin Burn, having taken his stand several yards

### Triangle Tennis Club Matches Set

The following matches for Sunday, April 23rd, were announced by Manager Jack Sherry of the Triangle Tennis Club of Berkeley: 11 a. m.—Marie Fox vs. Mrs. Haggard in women's singles.

1 p. m.—Mrs. Norris and Mrs. Clough vs. P. Kuznicka and Mrs. Haggard in women's doubles.

The tournament of the Triangle Club has been conducted on the courts of the San Pablo grounds for the past four weeks and is reaching the final round in this Sunday's play.

### Washington Nine Wins From Oregon

SEATTLE, Wash., April 21.—The University of Washington baseball team fulfilled the expectations of its supporters when it defeated the University of Oregon nine, in the opening game of the conference season by a score of 15 to 6 here yesterday.

### Bowlers Will Finish First Round Tonight

Basso-Girard Match to Be Feature of Tribune Tourney.

The first round of the annual BASSO-GIRARD match, bowling tournament, will be concluded tonight on the Maryland alleys, when fourteen matches will be rolled. The feature match of the evening should be the Basso-Girard clash that is set for 10 o'clock. Pizzola originally drew a bye in the first round, but the late entry of Rissi has provided the strong Oakland Native bowler with good competition for the opening. This match will also be rolled at 10 o'clock.

Following the evening's festivities will be the Nesbitt-Fosdick match. Pizzola was one of the runners up in the 1921 TRIBUNE medal play, and promises to do as well, if not better, this year. Many strong bowlers have been developed since the last year, and the winter season, and the competition will be unusually keen before the alleys reach the finals, but the veterans have kept in trim and expect to make the newcomers win their spurs by good bowling.

**REAL BIG STAFF.** The sensational performance of Jack Rissi in Tuesday night's play, when he turned in the high score of 270 to win from Milton, has added another strong candidate for honors to the select few who were favorites at the start of the tournament. Tony Datto continues to be picked as one of the favored few who are expected to go to the semi-finals before having to step out with unusually good scores.

The drawings for the second round will be made following tonight's play. The matches scheduled for this evening and their starting times are as follows:

8 p. m.—Nesbitt vs. Fosdick, J. H. Hughes vs. Haggard, Campbell vs. Rissi, Whitney vs. Haggard, Waters vs. Jensen, Parker vs. Jenksky.

9 p. m.—Datto vs. H. Francis, Ford vs. Enos, Watson vs. Ogden, Lawler vs. Weber, Wachman vs. Johnson, Rissos vs. G. Whitson.

10 p. m.—Basso vs. Girard, Pizzola vs. Rissi.

**Joe Lynch Held to A Draw by Mendo**

PHILADELPHIA, April 21.—Joe Lynch, New York, former bantamweight champion, and Jimmy Mendo, of this city, fought eight rounds last night to a draw.

Battling Mack, Camden, N. J., substituting for Mike Herman, defeated Battling Leonard, Philadelphia, in the eight-round win-up.

**Wrestling Notes.**

PORTLAND, Ore., April 21.—Ad Santel, light heavyweight wrestling champion of the world, retained his title in a match here with Louis Vergantzas of Boston. Santel won in two straight falls, the first in 28 minutes, 20 seconds, with short arm scissors and the second in 18 minutes with a leg hold and arm lock.

Vocational high added another win to their long string of bases yesterday at Bayview park, when they batted their way to a 3 to 1 tally against the nine from Piedmont. The Cardinals laid down a shovled up as a mighty power fielding team, making numerous errors, which greatly helped the Market street team to a 4 to 0 other major victory. At the bat, the Piedmonters also showed poor form, and a number of times the Cardinals were aided by their right in the "groove." Homer Cleary, on the mound for the winners, simply toyed with his opponents, while Gibson, who started on the hilltop for the losers, was banged to all corners of the lot, and Land, who relieved him, fared no better.

### Cardinal Freshmen Win Final Contest From Blue and Gold

STANFORD UNIVERSITY, April 21.—The first time in the history of Stanford-California freshmen baseball contests, the Stanford freshmen took the annual series when they defeated the Blue and Gold 11 to 2, on the Stanford diamond yesterday afternoon in the third game. Loose playing by the Bruins in the field and the great work of Milt Teague, the Cardinal hurler with the willow as well as in the pitcher's box, were responsible for the win. Teague batted in five of the Cardinal runs. In the third inning his single brought in two men, and in the eighth inning he hit a double, scoring three men.

The hitting stars of the Cardinals were Mulcahy and Dick Lawson, who registered triples and McCandless and Teague who got two blows apiece.

The Bruins made seven errors. Abe Rubin, the Bruin catcher, caused some trouble in the second inning when he threw the ball into center field in attempting to get a runner at second. A few minutes later he let the ball get by him at the plate.

California scored its three runs in the fifth, which was the only inning Teague was in the field and the three runs were scored after Wright, McKenney, Shields and Kelly singled.

The score:

California..... 11

Stanford..... 2

Batteries: California—O'Rourke, Kelly and Rubin; Stanford—Teague and J. Lawson.

**THIS TIME LAST YEAR**

Babe Ruth got his third homer, two doubles and a single in four times up at bat. The Giants lost the opening game on the Polo Grounds and Pittsburgh took the league lead.

Ward for the second time in succession accepted nine chances at third base for the Yanks.

### O.A.L. Weight Tracksters to Meet Tomorrow

Unlimited Meet to Be Held in a Week at University of California.

By MARTIN ROTKE.

The annual weight track and field meet of the Oakland Athletic League will take place tomorrow morning. It was contemplated that the meet would be held in the large National amateur championship "and what was the score?"

Bob Jones of Atlanta and Fred J. Wright Jr. of Boston tied at 154. The tie was settled in subsequent match play. Jones defeated Wright in the third round of match play, becoming the medalist.

Another notable feature of the meet was the performance of a player whose ball is displaced on the putting green by his opponent's ball in four-ball matches.

In singles, the player whose ball is displaced can take his choice of replacing the ball or letting it lie where it was.

It is to be noted that if a player is displaced on the putting green by his opponent's ball in four-ball matches, the ball must be replaced.

And, to tell me just what is meant by the provision for loss of "stroke and distance" in certain of the rules of golf.

This means that you lose the distance stroke, which was penalized covered under the rules of golf.

It is to be noted that if a player is displaced on the putting green by his opponent's ball in four-ball matches, the ball must be replaced.

### GOLF FACTS worth knowing

By INNIS BROWN

Copyright, 1922, Sol Metzger.

Q. Where ball lies in such a position that the player can not positively identify it as his own is it proper to pick it up and examine it?

A. Yes, the ball may be lifted without penalty for the purpose of identification with the consent of the opponent, but must be carefully replaced.

Q. Who won the golf qualification model in the large National amateur championship "and what was the score?"

A. Bob Jones of Atlanta and Fred J. Wright Jr. of Boston tied at 154. The tie was settled in subsequent match play. Jones defeated Wright in the third round of match play, becoming the medalist.

Another notable feature of the meet was the performance of a player whose ball is displaced on the putting green by his opponent's ball in four-ball matches.

### Bass Fishing Is Very Poor: Nets Blamed

By BOB SHAND

Bass fishing isn't, that's all. That's the way most of the local anglers express themselves about an all-day visit to some favorite fishing ground and the boys are wondering what has happened to the bass. Some of the boys of the rod and line game declare most of the bass have packed their trunks and moved away; others insist that the season is just a little late while some opine that the market fishermen have netted most of the fish in the bay.

The latter looks like the right bunch. Some of the anglers who frequent the Keyhole Hill tell of a thousand pounds of fish being taken near there recently in nets. They would divulge the source of their information, but one of them tipped off the game warden and the official is now making an investigation.

A year ago last February local anglers were "laughing" the bass at their scarcity. They were not a bass having been taken there this year yet and here it is late in April. Gus Cohn and the late Walter Williams were the only anglers who were out there yesterday morning until afternoon without hooking a fish. A noon Louis Fiedorick and Harry Trolley arrived on the wharf and they fished until late in the evening without getting a strike. The bass supply are no better.

**NO BASS PRESENT.** The tide yesterday was ideal. It was high around nine o'clock and the water was clear enough to see the bottom. The anglers were doing on the big run-in and not a fish showed up on the outgoing tide.

As was supposed to follow the high tides on which they feed. There are a million bullheads in the waters around Redwood, but no strippers.

A few fish are showing up around Greenbrae and the San Quentin. There was a very excellent fishing there in February, but they just started to run last week and the water was so muddy that the anglers were unable to catch a fish from the bridge. There are many small bass in the bay, but they are not the big ones that the anglers are looking for.

The estuary is yielding a few fish and there are a number of anglers for every bass caught.

**SOME ACTION NEEDED.** The Napa slough is improving but the water is still very muddy. A goodly hunk is necessary to reach the place where the bass live. San Antonio is no good right now. The water is so muddy that the anglers are unable to catch a fish from the bridge. There are many small bass in the bay, but they are not the big ones that the anglers are looking for.

Perhaps at the next session of the legislature a bill will be made to curtail the activities of the market fishermen and their all-consuming nets. The bass are being brought from the Atlantic to these waters for the benefit of sportsmen. They are being exterminated in a short time unless some action is taken.

"Stripped Bass Club" here might help matters and one is in process of organization. Announcement of the first meeting will be made in these columns shortly.

**Stanford Athletes Awarded Circle 'S'**

STANFORD UNIVERSITY, April 21.—Circle "S" sweaters were awarded to members of the Stanford 120-pound basketball team, varsity swimming, water polo, boxing and wrestling. The team members are: Richard Johnson, Norman McKee, Frank Sturm and W. Williams, manager's award.

The winners in the Stanford-California swimming meet who received the circle "S" are: W. Wooster, H. H. Covach, A. Austin, Young, L. J. S. Sanford, S. C. Blosser, L. H. H. Meyer and John Sansone, manager's award.

The winners in the Stanford-California basketball meet who received the circle "S" are: Richard Johnson, Norman McKee, Frank Sturm and W. Williams, manager's award.

The winners in the Stanford-California wrestling meet who received the circle "S" are: Richard Johnson, Norman McKee, Frank Sturm and W. Williams, manager's award.

### STANFORD HOPEFUL OF A VICTORY OVER BEARS ON THE TRACK

Coach Templeton and Trainer Dad Moulton Predict Cards to Win by Close Score

By S. N. PIERCE

STANFORD UNIVERSITY, April 21.—That Coach "Dink" Templeton has developed a great Stanford track team this year, there can be no question, but whether that team is good enough to beat California tomorrow is another matter. Templeton, "Dad" Moulton, the veteran trainer, and many other Stanford supporters claim that the Cardinal track and field squad will eke out a close win from Walt Christie's boys but a careful examination of the cold facts, untempered by the heat of partisanship, seems to indicate that the Cardinals will be defeated by anywhere from ten to fifteen points. However, the teams are evenly enough matched this year that the sickness which has been playing havoc with both squads during the past week or so may entirely upset the dope.

Last year Stanford conceded the Bears forty-five points at the outdoor meet in the early part of the season. This year Templeton has succeeded in cutting down this handicap to around twenty-seven points. In the half-mile, Norton, Seelye, Day and Macintosh will give the Bruins a good race. The battle for first honors will be between Bauman of California and Seefeldt. If the Cardinals can do as well on the Berkeley track as he has performed on the home cinder course he should win. Either of Seefeldt's team mates is capable of third place. The one from Seefeldt, a former 100 man, into a good half-mile has been one of Templeton's big achievements this season.

**Stanford Has a Winner in Shot.** The other event in which Stanford will have points this year is the shot. Glenn Hartman is practically a certainty to give Stanford five points in this event. Hartman is one of the greatest athletes who has ever donned a Cardinal track suit and his work in the weight events has been little short in sensational. He had a slight attack of influenza last week, but he is now in the best of health. He has not put on a track suit all week, but is resting in the hope that he will feel better by tomorrow. Muller has not looked up to his mark in the high jump of late and it looks like a "dark horse" might step in and take first honors. Robinson and Bob Shlaudeman will also compete in this event for Stanford.

**Keen Competition Due in Pole Vault.** The pole vault also offers considerable speculation. Early in the season the Bears appeared to have the advantage, but the work of Art Wilgus in recent weeks makes him a contender for first honors. He went 2 feet 6 inches in an exhibition in the U. S. C. meet last week. Bill Black, the Stanford "dark horse," tied with Norris of California for first honors in last year's big meet, will be a contender again tomorrow. Guy Dennis, the other Stanford entry, appeared to have the lead in the pole vault in the meet at Stanford last year, when he first entered Stanford, but he has shown little this season, possibly due to injuries incurred during the football season. The pole vault is the most uncertain event in the meet and anything is apt to happen tomorrow.

Stanford is assured of five points in the javelin when Captain Flint Hanner starts to tear up the field. Hanner is a real Haver and is thronged with players every day. Art Wilgus in recent weeks makes him a contender for first honors. He went 2 feet 6 inches in an exhibition in the U. S. C. meet last week. Bill Black, the Stanford "dark horse," tied with Norris of California for first honors in last year's big meet, will be a contender again tomorrow. Guy Dennis, the other Stanford entry, appeared to have the lead in the pole vault in the meet at Stanford last year, when he first entered Stanford, but he has shown little this season, possibly due to injuries incurred during the football season. The pole vault is the most uncertain event in the meet and anything is apt to happen tomorrow.

**Broad Jump May See An Upset.** There is also a possibility that Stanford will not go scoreless again in the broad jump. The prospect is not as bright as in the other two events. Because of the difference in the take-off on the Stanford and California pits Templeton figures to take first and second place in the hundred yard dash. Minsky can register 22 feet 6 inches at Berkeley, which should be good for a third, or possibly second place in the meet. Minsky has been jumping further this year than he ever has before and he is due to come through with a place.

Stanford figures to take first and second place in the hundred yard dash, with Minsky and Eddie Sudden finishing one-two. If his illness has not affected his work, Captain Hutchison of the Bears may beat Sudden for second place, but this is unlikely. Kidney's legs have been good, but he has not been able to train as much as in former years, but when he has stepped out on the cinder path he has displayed in his old time and he should be able to do it again tomorrow. Merchant, Hartman and Comstock, the Stanford runner who took third place in the century last year, will all be entered.

In the two-hundred yard dash, Sudden should capture a second or third in this event also. Kidney's legs have been good, but he has not been able to train as much as in former years, but when he has stepped out on the cinder path he has displayed in his old time and he should be able to do it again tomorrow. Merchant, Hartman and Comstock, the Stanford runner who took third place in the century last year, will all be entered.

**Stanford-U. C. Track Scores To Be Feature.** The 419 should result in one of the prettiest races of the day, with "Dink" Williamson of Stanford and Harry McDonald of California battling for first honors. "Dink" has gained his old glory as a quarter miler and having a great season. However he lacks the finish necessary to a great runner in this event

## Marguerite Clark to Play for Mills Club

"Mrs. Wiggs of the Cabbage Patch," with Marguerite Clark as Lovey Mary, and the "Wizard of Oz" will be given three performances in the Municipal opera house on Saturday, April 29, as a benefit to the Mills College endowment fund. The two films have been secured by Mills graduates for production. The shows are announced for 10 a. m., 2 p. m. and 7:45 p. m. The compilation of the Oxford English dictionary, in which more than one thousand men and half as many women without remuneration have participated, was reviewed before Mills College students this week by Dr. W. A. Craigie of Oxford University, England.

## ELKS TAKE CHEER TO STATE HOME

SAN JOSE, April 21.—Several hundred of those at the Agnew State Hospital near here were last night treated to a splendid evening of high-class musical entertainment when the members of the local Elks' concert orchestra, numbering 44, appeared in the hospital theater under the direction of Dr. Charles M. Richards. The good cheer spread by the concert was manifested in unmistakable terms and the Elks promised to return at a later date for a second concert.

Next Sunday afternoon another concert will be staged by the orchestra, this time in the community house at Palo Alto, and a concert is scheduled for tonight in the Morris Bailey Memorial auditorium of the State Teachers' college. Tickets can be obtained from the secretary of the Elks. After 8:15 o'clock the doors will be thrown open to those without tickets.

## Short Illness Ends San Jose Man's Life

SAN JOSE, April 21.—After an illness of but three days death came to a prominent San Jose man here for several years and a man highly respected for his honesty and integrity. Death came at the family residence, 271 Orchard street, Maggs' wife, Louise Maggs, and only daughter, Osbourne L. Maggs, being at his bedside.

Besides his widow and daughter the deceased leaves to mourn the loss of three sons, two in England, as well as three brothers-in-law, Carl and Frank W. Hughes of San Francisco and Edward Hughes of Los Angeles.

Maggs was born in Livingston, England, fifty-four years ago. He came to this city a little more than nine years ago and since that time has been one of the trusted employees of Robinson & Sons Furniture company. He was active in St. Joseph's church here and was prominent in the Knights of Columbus.

## Power Act Is Topic At San Jose Meet

SAN JOSE, April 21.—Characterizing the proposed water and power conservation act as "one of the most important and far-reaching propositions ever brought before the public of the State of California," City Attorney William J. Locke of Alameda yesterday appeared before the members of the forum of the San Jose Chamber of Commerce in defense of the proposed act.

The address was the second of two heard by the C. of C. members on the proposed law, its defeat having been urged vociferously by a speaker one week ago.

Locke expressed the belief that the proposed law, if carried, would save cities and towns of California "a fabulous sum and place control of water and power where it belongs." He declared it time that the private ownership and jurisdiction over water and power should cease.

A special musical program was enjoyed by the forum members also.

Many falls of more than 1000 feet high are found on the western coast of Norway.

## TYPING MEDALS GIVEN.

SALINAS, April 21.—Four high school students, who contested in the San Francisco business show typing contest, received bronze medals today. The girls with their scores are Edith Clark, 45 words per minute; Rosaleen Bettencourt, 45 words per minute; Lillian Lamm, 47 words per minute; Elva Rohde, 51 words per minute. The latter received a bar across her medal for having made over 50 words a minute.

## MAN WALKS IN STORE; TAKES ON CARGO OF HAM

SAN JOSE, April 21.—Somebody likes ham.

Police authorities here today are searching for a mysterious gentleman who late yesterday afternoon entered the Black Package company's store here, walked through the ham and bacon department, and made his exit out the Market street entrance to the place with two fine, large hams tucked under each arm.

The culprit was seen by several to make a hurried exit through an alley in the rear of a theater and out to First street, where he mounted a bicycle and made his getaway. The bicycle apparently was the property of the thief, as no theft of a wheel was reported up to late last night.

The management of the Black Package company has been second time such a theft has been perpetrated and some system of defense for its stock is being contemplated.

## Juniors Prepare For School Prom.

BENTWOOD, April 21.—Handsome invitations and dance programs have been issued for the Junior Prom to be given at the high school auditorium on Saturday evening, April 29. The juniors are planning something novel in the way of decorations, and everything possible is being done to assure all a good time. Excellent music has been engaged and this promises to be the gala affair of the season's gaiety.

Competent committees have been at work and arrangements are being completed for the Grand Ball to be given by Antioch Normal of Scots, April 29, at Martine, on Saturday evening, April 29. Alex Burch and his local aides are leaving no stone unturned to assure all in attendance a wonderful Scots time. The music will be by a special Scots orchestra of San Francisco.

## JACKSON HAS CHAMP CAMP FOR TOURISTS

JACKSON, April 21.—When the auto tourist season opens, Jackson will offer one of the most attractive and unusual free camp grounds in the state. Free shower baths are now being built and will soon be ready. The water comes clear and pure from nearby springs, as does the water for cooking purposes. It is piped to the grounds and numerous convenient taps have been put in.

While the grounds have many splendid natural shade trees others have been planted. All underbrush has been cleared away and the grounds made attractive in many ways. Open fireplaces are numerous, firewood has been provided and there are plenty of garbage cans and sanitary conveniences. The grounds are on the edge of town, near to stores and command a magnificent view of the distant mountains.

Norway has a population of 2,650,000 persons.

Japan will abolish all-night spinning work July 1922.

## Power Act Is Topic At San Jose Meet

SAN JOSE, April 21.—Characterizing the proposed water and power conservation act as "one of the most important and far-reaching propositions ever brought before the public of the State of California," City Attorney William J. Locke of Alameda yesterday appeared before the members of the forum of the San Jose Chamber of Commerce in defense of the proposed act.

The address was the second of two heard by the C. of C. members on the proposed law, its defeat having been urged vociferously by a speaker one week ago.

Locke expressed the belief that the proposed law, if carried, would save cities and towns of California "a fabulous sum and place control of water and power where it belongs." He declared it time that the private ownership and jurisdiction over water and power should cease.

A special musical program was enjoyed by the forum members also.

## ZOO APE SLAIN DURING FIGHT WITH KEEPER

TOLEDO, O., April 21.—Tony, mannaoth ape whose mimics had long entertained crowds at Walbridge park, is dead. He was killed today by a policeman after

he had attacked Louis Scherer, chief of the zoo, and badly injured him in a terrific battle. Swinging from a trapeze Tony leaped upon the keeper, sinking his fangs into his flesh and clawing him with his forepaws. After the battle had continued several minutes a policeman sent a bullet through Tony's skull.

BOXER RUSSELL SLAIN.  
NEW ORLEANS, April 21.—Frankie Russell pugilist, whose real name was Frank Meranda, and Michael Walsh, were shot and killed here. Arthur Masson and Philip A. Gehlbach, said by the police to be members of a bootlegging gang, were arrested and charged with the killings.

## POLISH ORPHANS OF WAR FINALLY LAND AT WARSAW

Children of Siberian Exiles Travel Nearly Around World to Native Land.

WARSAW, April 21.—Three hundred and twelve war orphans, children of Polish exiles who died in Siberia, have arrived here from the United States after 16 months of travel which took them almost around the world. There are 163 girls and 144 boys in the party, the eldest 16 years and the youngest two and a half. A committee of Chicago women has charge of the children.

Through the efforts of the Polish National Committee of America and the American Red Cross, they were gathered up and transported across the Pacific to the United States, where they were placed in various asylums at Chicago until their return to their motherland could be arranged. A few of the children still have fathers or mothers living, and these, having made their way back to Poland, overland, have been anxiously awaiting the children's return.

The voyage of the orphans from America was marred by a terrific storm which on January 29 caught the steamer Princess Matoika one day out of New York and so damaged it that it was obliged to return to port. On February 6 the ship sailed again, docking at Bremen, February 20. In the meantime, an outbreak of measles in mid-ocean increased the hardships of the trip, 11 children falling ill. Four of these were too sick to proceed to the Polish border, and were placed in a Bremen hospital. The children have all been placed in charge of the Carita Association of Poznan, a fund of \$25,000 having been raised by the Polish National Relief Committee of America to insure their care and education.

European and American stenographers do not work more than six hours a day.

## Overturns Own Car In Dodging Another

While attempting to avoid hit-

ting another automobile, J. O. Hanna, of 2955 University avenue, made a sharp turn and overturned his automobile. The accident occurred at Forty-sixth and West

streets. Hanna escaped uninjured, but G. B. Scharoff of 1817 Rose street, Berkeley, who was in the machine, was cut and bruised about the face. He was taken to the Emergency hospital.

Hannibal was a man-eater, pure and simple. He was one lion that bathed his nose in blood on numerous occasions. How Trauber Hall fought him to a standstill is told in Sunday's TRIBUNE by C. A. Wood Soanes.

## ORIGINAL DUNBAR SHRIMP

Shrimp Salad  
a la Dunbar

Cut DUNBAR SHRIMP in half and celery in dice. Place in a bowl and season with salt, pepper and white wine vinegar—then mix in some mayonnaise and put the same on shredded lettuce, cover it with mayonnaise and garnish the same with five chopped white and yolk of hard boiled egg, aspic jelly and DUNBAR SHRIMP. Cut a basket out of a hard boiled egg. Fill the same with capers and pimientos and place on top of the salad.

At All Good  
Grocers

None More Delicious!

Of all sea foods there is none more delicious than Original Dunbar Shrimp.

Delicate in flavor and coloring—firm and tender—capable of being served in countless ways, each distinctive and delectable; Original Dunbar Shrimp have an important place in the home menu.

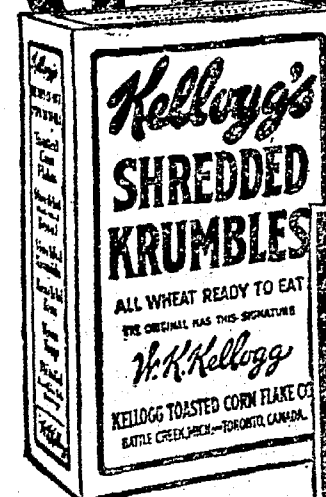

Phone your grocer for a supply today. Be sure you get the Original DUNBAR Shrimp—they are the most economical, no waste—each can contains only the selected shelled shrimp meats.

## Kellogg's SHREDDED KRUMBLES

deliciously flavored WHOLE-WHEAT

## Never too old to play!

It's a great thing to accumulate years, yet retain physical vigor and mental keenness that makes each day sweeter to live for! Pick out men and women by hundreds who have grown old gracefully; compare them with those who become unfit!

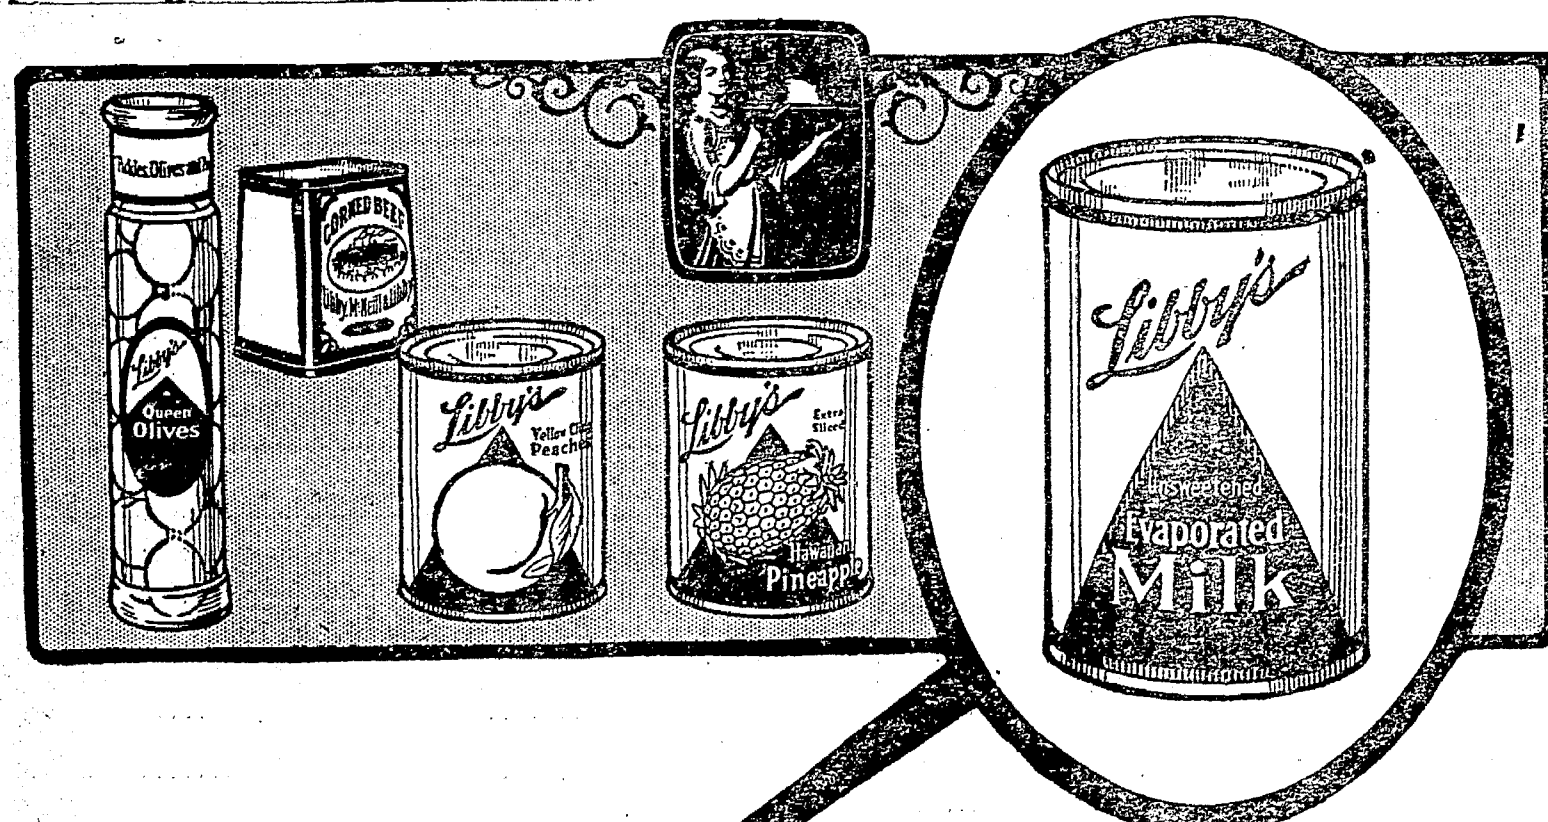

Almost invariably breakdowns can be traced to lack of nourishment through the growing years! Eat foods that sustain, that build bone and muscle; that renew strength!

What you need are life-making elements of whole-wheat KRUMBLES—with the full, delicious whole-wheat flavor for the first time in food history—deliciously palatable, energizing and abounding in those vital qualities that supply fuel to the entire body!

KRUMBLES should be eaten every day by children, by workers, by the aged. Never before has such wonderful, health-making cereal been prepared!

KRUMBLES give children red blood and strong, rugged constitutions, fortify men and women for the day's work, and sustain the aged as no other food can! Your grocer sells KRUMBLES!

The only whole-wheat food with a delicious flavor!

Libby's  
Evaporated  
**Milk**

## Famous for quality

Thousands of housewives always look for the name Libby on milk.

For that name is the mark of highest quality; it is backed by a world-wide reputation.

Libby's Milk is pure cows' milk, double-rich, because more than half the natural moisture is removed by evaporation; cows' milk with nothing added and only water removed. And it comes to you sealed air-tight in cans marked Libby's.

Order Libby's Milk by name from your grocer—just as you order other Libby Foods.

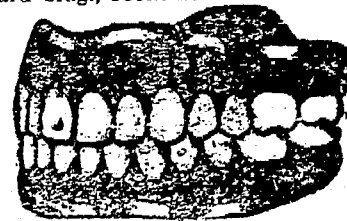

Libby, McNeill & Libby, Chicago

"Let your grocer be your milkman"

## Also a Business Man

There used to be a man in New York's East Side who had a friend who, back in the early part of 1915, arrived from Russia with a tale of having served as color-bearer in a Russian regiment in the campaign against the Germans in Eastern Prussia.

When the new-comer reached the congenial atmosphere of a Yiddish cafe on Allen street he wore a large medal on his breast, which he explained had been given to him by the express command of the czar. Shortly after receiving the decoration he had been disabled by illness and was mustered out of service; hence his appearance in America.

"What did you do to win a medal?" inquired one of his audience.

"I brought in a German battle flag," said the ex-soldier with becoming modesty.

"No wonder you got a medal!" said a resident East Sider. "Were you shot in getting it?"

"No."

"Didn't you have to kill any Germans to get it?"

"No."

"Didn't you run great personal danger in getting it?"

"No."

"Well, how did you get it, then?"

"Well," said the hero, "I was in the Russian trenches with my regiment, and in the trenches just in front of us was a German regiment; and I saw the man who was carrying their battle flag, and he looked like a good business man. So I waited that evening until everything was quiet and then I went over, all by myself, when nobody was looking—and we traded flags."

## Every Man His Own Wife

### HOW TO "STRAIGHTEN UP THE ROOM"

After you have straightened up a few rooms, you will begin to understand why the housewife loves plenty of closet room. There is nothing like a closet in which to throw things you want to get out of the way—unless it is two closets. So, the first thing you do when you start to straighten up is to gather everything in the room that is loose and throw it into the nearest closet. Throw it at the hooks first. If the stuff hangs good! If not, there is room for it on the floor. After the closet is so full you can hardly close the door, you begin to clean up.

You may either sprinkle and sweep or use a vacuum cleaner. Most men prefer a broom. Their sensitive nerves are unstrung by the low, blood-curdling moan of the vacuum calling to its mate, the microbe. If you use a broom, you should first pick out the place in which you intend to secret the sweepings. Nothing is so embarrassing as to sweep up a nice pile and then not have any place to hide it. Under the rug is a good place, or if you have one of those phonographs with a low road clearance, that offers an ideal parking place.

You will now have to dust. Understand me, I am speaking figuratively. You really do not have to if you do not want to. Dusting consists in brushing the dust off of the piano onto the stool, and the dust off the stool back onto the piano. After you have moved all the dust around, the dust from the library table onto the phonograph, the dust from the phonograph onto the easy chair, etc., you put your broom away in some place where it is bound to fall down every time you come near it, and your dust rag in some place where you can't find it when you want it.

Arrange the books on the library table, so as to display some titles that are sure to impress your visitors with the keenness of your intellect, straighten the picture over the mantle, tie up the loose ends of the strings under the davenport, straighten the shade on the piano lamp (why don't the darn thing ever stay straight?) and move the library table so that it covers the worn spot on the rug. You have now "straightened up the room." Easy enough. Why marry?

# Chips Off the Block

by Robert Quillen

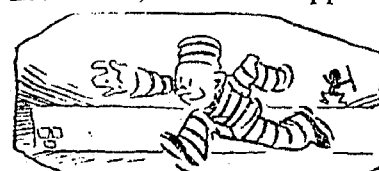

Complaint of the modern child: "Ah, parents are such a care." A vegetarian diet is said to be good for the complexion. Vanity fare.

Health hint. Don't eat too much Swiss cheese. It may cause you to yodel in your sleep.

In Japan the sale of liquor to minors is forbidden. We're all rated as minors over here.

The Arbuckle trials have Tennyson's well-known brook backed completely off the boards.

Truth is the real food, but most of us starve in the midst of abundance, for want of appetite.

There must be some epidemic among jail inmates. They are forever breaking out with something.

If a girl has a one-piece skull she can easily offset the handi-

cap with a one-piece bathing suit.

New American song: "Bumper to bumper and hub to hub; the cars are so thick that their fenders rub."

Royalty is up against it these days. Over in Europe it likely is difficult even to keep crowns on teeth.

Bryan may be right about his ancestors, after all. The monkey runs on all fours; Mr. Bryan on all occasions.

The ruffball season is under way. We used to call it "base-ball," you remember. The slang for it is "Babe-ball."

We need a nation full of tender consciences and calloused hands. The thing seems to be reversed at present.

As the thermometer climbs, the average man finds it increasingly difficult to get excited about the threatened coal strike.

If the average man can't think of anything else to fret about, he'll worry because the zebra's stripes are on crooked.

Some day a race of supermen may be evolved with arms long enough to fit the sleeves that manufacturers attach to our shirts.

# FRUIT MARKET

## Hothouse Wax Beans From Santa Cruz Sell Whole-sale at 50c Pound.

There were some new arrivals in the wholesale produce markets today. The first shipment of the season from Santa Cruz, Calif., of 10 crates from Brawley found ready market at \$3.50 per crate, according to Levy and Sons.

Four boxes of hot house wax beans from Santa Cruz marks the first of this variety of the season. These beans are of the "Honey" type, and are not likely to seriously affect the market. The price was 50 cents per pound wholesale.

The first onions of the season were also featured. They came from the Imperial Valley. The shipment was small. Crystal wax variety brought \$3 a crate and the Bernudas \$9 a crate.

The advent of new onions is not expected in any way to affect the market of stored stock, which is quoted at from \$9 to \$10 a hundred. The market men say that the storage stock is no longer of any importance, that it is practically all cleared up and that there is probably not 400 sacks of stock in the market. The new onions of the winter crop to be found in the whole bay region.

Arrivals today included 3 cars of spuds, 327 boxes of white and 513 boxes of green asparagus.

# FINANCE

Mexican oils were the strongest features at the opening of today's Wall street stock market on denial of reports that the Tampico district and southern petroleum production. Mexican Petroleum made an initial gain of 1 1/2 points and Pan-American, Sinclair and Texas Company were fractionally higher.

Union, Houston, Standard Oil of New Jersey and Barnsall A gained 1/2 to almost 1 point. Gulf States and United States Steel hardened, but most of that group and the equipment division reflected this weakness.

Oils held their early gains, but trading shifted soon after the opening to the rails, roads, utilities, shipping and food specialties.

Canadian Pacific, Texas and Pacific, Norfolk and Western, Pittsburgh and Western, American and Canadian, Chicago and St. Louis common and second preferred rose 1 to 2 points.

Studebaker, Electric Street Railway, Third Consolidated, Manhattan Elevator, Market Street Railway, Prior preferred, North American and American Express also gained 1 to 2 points. Postum Cereal common and preferred, Coca Cola, United Fruit, Atlantic Gulf and Western, American and Canadian, Sinclair and Texas Company were fractionally higher.

The rapid return of prices in the afternoon, which came at the early lull, was followed by a sharp decline. The market was closed at 1 1/2 points higher than it opened.

## For First Time in Months There Is Demand for Sites For Plants in Zone.

Really activities in Berkeley for the past week have been sales of many homes and homes particularly in the north and west sections, according to the weekly business summary issued by the First National Bank of Berkeley. Mercantile Trust Company, successor.

Many prospective buyers are asking for financing on new homes on lots purchased. Dealers are finding it more difficult to connect with property to fit the demand. For the first time in some months there has been general inquiry for factory sites in the manufacturing zone. Of the realtors interviewed 60 per cent stated business was "very good," 20 per cent "good" and 10 per cent "improving" and 10 per cent "fair."

Real estate building permits for the week amounting to \$9,368, of which \$81,882 was for new construction, mostly homes and \$12,386 was for alterations and repairs.

## BUILDING-KEEPS UP.

Building supply men state building activity is holding up. The former high level due to large number of building permits recently granted.

Manufacturing is on the pickup in Berkeley. The industrial zone is showing increased activity particularly in the north and west sections. Of these interviewed 10 per cent reported business "very good," 20 per cent "good" and 10 per cent "improving" and 10 per cent "fair."

Building appliances men state their business is better than for months past. Heavy orders are being received from outside points including some from the same as the previous week. Food products alone show a slight falling off at this time.

## RETAIL REPORTS.

Bank details for the week ending Thursday, April 20, 1922, were as follows: The total for the corresponding week a year ago was \$1,281,245 or 21 per cent increase.

In retail lines, dry goods merchants are enjoying an unusually large volume of business. Shoe dealers are showing big gains over the previous week. Dealers in wearing apparel and fine goods are also doing well. The varied lines carried by druggists keep their business up to normal. The food business is "very good," 30 per cent "good," 20 per cent "improving" and 10 per cent "fair."

Rabbi Will Talk  
Of SpiritualismThis evening at 8 o'clock, Rabbi  
Rudolph I. Coffee will preach in  
Temple Sinai, Twenty-eighth and  
Webster streets, on "A Jewish  
View of Spiritualism." There will  
be an unusual musical  
program, with enlarged choir, under  
the direction of Margaret Bradley El-  
liott, and as a special number,  
"Miriam's Song of Triumph" by  
Rubenstein will be rendered. The  
public is cordially invited.Is Princess Mary happy? Some  
say she is and others say she may  
not be. Why didn't the Prince of  
Wales attend her wedding, ask  
Londoners. Anyway, there's some-  
thing about the situation in Sun-  
day's TRIBUNE.

Women's Clubs Laud Hays  
For Arbuckle Films Ban

By EDNA B. KINARD

A wire to Will Hays, commending  
him for his action in taking  
the Arbuckle films from the screen,  
was sent today from the twenty-  
first annual convention of Alameda  
District California Federation of  
Women's Clubs, meeting in final  
session in the Twentieth Century  
club house of Berkeley. Mrs. W. A.  
Fitzgerald, state president, asked  
the convention to authorize the  
telegram and invite Hays to co-  
operate in the better films week  
announced for the first of May.Proposed legislation requiring  
that all persons applying to county  
clerks for marriage licenses certify  
a clean bill of health, was en-  
dorsed. Club leaders spoke unani-  
mously in favor of the measure.  
The proposed ten million dollar  
bond issue to finance home and  
farm legislation on behalf of the  
former service men of California,  
which will be voted upon in No-  
vember, was also endorsed. Pledges  
of support were given to the  
American Legion in the campaign  
for the bond issue.WRIGHT BILL FAVORED.  
Matters in the island known as  
America Samoa intruded in the  
convention today when a resolution  
was presented petitioning President  
Harding to take executive action  
in matters having to do with gov-  
ernmental affairs there. Conditions  
in Samoa were reviewed by many  
women interested in the situation.  
Caution was urged by Mrs. Aaron  
Schloss, past state president, and  
Mrs. L. R. Rosenberg, Alameda  
county federation president, in  
adopting so far-reaching a meas-  
ure. The resolution was referred  
to the Richmond club for re-writ-  
ing.The Wright bill, a law enforce-  
ment measure in the interests of  
prohibition, was also endorsed.  
Mrs. Anna I. Saylor, assembly  
woman from Berkeley, addressed  
the convention in favor of the bill."WOMANOLOGY" was the new sub-  
ject recommended for study by  
Mrs. Annie Little Barry.  
She urged consideration of a  
feminine "hero-opoey" as a mat-  
ter of pride to the sex. Mrs. Barry  
presented current comment on the  
world's events."Women are talking more about  
what is happening in Washington  
today than they did about the  
newest crocheted pattern a decade  
ago," she declared."Women who no longer take a  
program handed to them by some  
man's group to carry out unless  
they are present and give consent  
to its making," Mrs. Robert J.  
Burdette, president of the Cali-  
fornia Federation of Women's  
Clubs said. "We have no woman's  
problems left. We have plenty of  
problems of the human race. Let  
us cease to be 'locally' minded,"  
she pleaded.FOREIGNERS PARTICIPATE.  
Representatives of six foreign  
nations participated in the program  
of the annual dinner last night  
which assembled more than 200  
prominent men and women to a  
consideration of "Citizenship" in  
the Derby street clubhouse. Mrs.  
George A. Rieck, district president,  
introduced Mrs. Edwin Pond  
James, chairman of civics, as toast-  
mistress."The government of Jugo-Slavia  
will be glad to grant valuable con-  
cessions to Americans," Mrs. Kath-  
eryn Sabatini, a native of that  
country, declared.Columbus was claimed as the  
first immigrant from Italy by Um-  
berto Oliveri, representing his na-  
tion. He commented on Italy's  
contribution in the field of elec-  
tricity and wireless, and reviewed  
the activities of Italians in this  
country in agriculture and the silk  
industry.Seventy-five per cent of the  
creameries and farming lands here  
are held by Portuguese, according  
to Professor J. R. S. Leite, who is  
on a mission from his government  
to the United States to empha-  
size the value of his countrymen  
as citizens.REMOVE PREJUDICE.  
"Remove your prejudice against  
my people," Senor Daza Zertuche,  
consul general of Mexico, pleaded.  
"You have been misrepresented in  
my land by seeking material  
treasures. Shall I judge you by the  
Americans I have seen there?" he  
asked.Senor Loubert, consul particular  
from Mexico, was among the guests  
of honor.Oriental history should be added  
to the new educational program in  
this country, Consul Yada asserted."Japan is for peace," he de-  
clared. "What you fear of the ag-  
gressiveness and desire for ag-  
grandisement is propaganda both  
here and in my country."Women's clubs must become the  
foster parents of the younger gen-  
erations of Chinese in the United  
States whose own parents are de-  
nied citizenship, Dr. F. Lee, a young  
physician, pleaded. "Our parents  
as well as our children need edu-  
cation in civics," he claimed.National songs were sung by J.  
Kalliterna, Jugo Slav, and Misses  
Mary and Sarah Lee, Chinese girls.  
Six thousand applications have  
already been filed by war veterans  
in expectation of the \$10,000,000bond project for home and farm  
settlement in California to be voted  
on in the fall. Mrs. A. D. McLeer,  
San Francisco, chairman of co-  
operation with ex-service men, told  
the convention. A plea for support  
of the issue was made. State  
Adjutant of the American Legion  
Morgan Keaton outlined soldier  
legislation in California.

INSANITY INCREASES.

Insanity in California is increas-  
ing, according to Dr. Susan J. Fen-  
ton, Oakland, chairman of public  
health. More than 15 per cent of  
the patients admitted last year in  
the state hospitals were due to  
social diseases, she claimed.Establishment of a forest ex-  
periment station in the University  
of California and Fire and Forest  
Prevention Week were brought to  
convention notice by Mrs. Luella  
Ketcham, Oakland, conservation  
chairman.Other department chairmen re-  
porting were: Country life, Mrs. H.  
J. Curry, Martinez; information and  
library service, Mrs. H. D. Sharpe,  
Livermore; education, Mrs. E. C. Stewart,  
Stockton; Indian welfare, Miss  
Belle Garrett, Alameda; endow-  
ment, Mrs. Katherine F. Goodall,  
Oakland."Pictures of American Mother-  
hood," illustrated in dance and  
song, were presented by Rockridge  
Women's Club during the after-  
noon.Telegrams of congratulation  
were sent from the convention body  
to Mrs. Katherine Smith, a past  
district president, whose first novel,  
"A Little Heaven," is published.Mrs. Henry V. Taylor received  
the delegates and clubwomen at  
tea at her Claremont mansion fol-  
lowing adjournment today. As-  
sisting in receiving were Mrs. A.  
E. Shaw, Mrs. S. H. Strite, Mrs.  
John Preston, Mrs. Hogan Cosby,  
Mrs. E. B. Gimbal, and the Misses  
Roberta, Betty, Catherine, Cole,  
Dorlin, Marion McCreary, Roberta  
Holme, Alice Dibble, Sanford, Ruth  
McBride, Cecilia Van Bokkelen,  
Helen Snyder, Elizabeth Preston,  
Virginia Ghmbal.L. A. Student Wins  
Oratorical ContestBERKELEY, April 21. — Miles  
Hammond, senior in the college of  
commerce, registered from L. A.,  
Calif., has been announced as the  
winner of the annual Woodrow  
Wilson oratorical contest held  
under the auspices of the University  
of California Woodrow Wilson  
Club. Besides winning a medal  
offered by the club, Hammond will  
be given the opportunity to send his  
oration broadcast by wireless  
throughout the western states.THINK of it! This  
cigar has been  
famed for 50 years as  
"Old Reliable." It never  
varies. Gato is Pure  
Havana; not a "blend".FOR SALE EVERYWHERE

A good grade of aluminum. Measures 10 1/2 inches  
across. Has steam vent in side. Heavy handles, riv-  
eted on. Nice size for chicken, pot roasts and the like.  
200 to be sold. No telephone or C. O. D. orders—no  
delivery.

—Variety Store, Basement.
